What is included in Certification Course?

- Lecture classes
- Group Clinical supervision
- Case review and assessment
- Video recordings of live classes
- Course Handbook

Fees and Course Structure

Course cost : RM 4,800

Course time : 3 months

Classroom dynamics : Online/ Hybrid

Schedule

Two (2) monthly days lecture class

Twelve (12) weekly group clinical supervision classes

You will receive detailed information regarding the timetable at the start of the course all classes can be attended online.

Assignment

1. Find three (3) clients and prepare clinical reports for each case. The assignment must be completed within a specified period of time.
2. Compile all the clinical reports and prepare a comparison chart between your cases. Final report will be available for completion within a month after your second class.

Completion Requirement

Students are required to complete 100% of the course and actively participate in all learning activities. To successfully complete this course and obtain a course completion certificate, students must obtain a score of 70% or higher on the final report. Upon successful completion of the Certification Course, students will receive a certification of completion.
