CREATE YOUR OWN WAVELINE

Our experienced team of engineers and designers will guide you to create a unique exhibit that reflects your brands personality and functional needs.

- Free expert design services to personalize your own booth kit
- Functionality meets design with solutions for shelving, monitor mounts, storage, counters, lighting and more.

WAVELINE® Bombora

Create a bold presentation with the impressive three-dimensional construction of the Waveline Bombora. These robust structures, built with light-weight aluminum encased in brilliant printed fabrics, create impressive backwalls, perfect for island configurations in an exhibit hall or commercial establishment.

- Impressive sizes up to 20' wide
- Stable footprints thanks to its 3D construction
- Four-sided graphics allow for a fully branded presentation
- Fabric contours to the frame for a form-fitted look
- Rounded or square corners available

BrightLine[®]

LIGHT BOX DISPLAYS

Brands can truly stand out from the crowd with BrightLine, the future of illuminated exhibits.

This smart light box display system features captivating backlit graphics printed on One Planet, our exclusive 100% recycled fabric. Designed with convenience and durability in mind, this modular collection includes fifteen panel sizes that can be mixed-and-matched to fit any branding activation. Built for the traveling marketer, each light-weight display is packed in a shipping case fitted with molded-foam inserts. Tool-free assembly and unique accessories, like floating TV mounts and battery packs, make BrightLine a game-changing visual marketing solution.

Make an impact and capture the spotlight with BrightLine

Tool-Free & Portable

- Light-weight & durable 4" aluminum frame
- UL Certified LEDs encapsulated within frame for protection during transit
- Magnetic power links keep wiring out of sight
- Intuitive tool-free assembly for instant plug-and-play
- Convenient swivel footing provides added stability
- Hard rolling shipping cases with molded foam inserts keep parts safe and tidy

Sustainable Vivid Graphics

- Graphics and Blockers made with One Planet 100% recycled fabric
- Single or double-sided graphic options
- Transfer dye sublimation renders vibrant colors and superb resolution
- Fabrics can be folded without creasing or peeling
- Silicone gasket slides easily into frames for quick graphic updates

Modular Design

- Mix-and-match panels: 15 distinct sizes to create unique configurations
- Accessorize with floating TV mounts, for panels up to 20ft wide
- Combine BrightLine, StraightLine, and WaveLine panels with tool-free connectors

BrightLine® System Features

TV Mount
Seamless floating mounts fit frames up to 20ft wide

Top-Quality Frames
Durable, light-weight aluminum construction built to last

Easy Setup
No wires to connect, magnetic power links enable plug and play

Heavy Duty Case
Custom molded foam inserts keep parts organized and secure

Brilliant LEDs
Light fixtures embedded inside the frame

Stability Footing
Swivel design slides to desired location

Push-fit Fabric
Silicone sewn edges slide into the frame for a tensioned fit

StraightLine® Locking Doors

Whether you're looking to add a storage area, a VIP lounge, or a meeting room, the new StraightLine Doors are the solution you've been waiting for! Designed for seamless compatibility with both StraightLine and BrightLine displays, they bring unmatched functionality and style to modular exhibit designs.

Includes: frame, door frame, (2) printed graphics, shipping case

Features

- Enhanced Security with Keyless Combination Lock
- Sleek Aesthetic
- Easy Integration
- Various Sizes
- Tool Free
- Portable

Cases

Step into a new era of display transport with innovative cases, designed with top-notch protection and maximum convenience in mind. The CA400 is suited for smaller panels (B3, D, J), while the CA800 accommodates larger ones (E, K, A, N, M, P, X, F, V, A2, W, W2). Both cases feature custom foam inserts, QR codes to download assembly and packing guidelines, heavy-duty construction, wheels for easy transport, and tags for labeling. The perfect solution to extend the life of your display.

CA400

CA800

BrightLine® StraightLine®

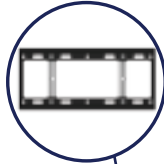

Accessory System Features

Elevate your next trade show exhibit with brand-new BrightLine accessories — designed to enhance functionality, organization, and visual impact. Showcase literature, products, or promotional materials with ease, no tools needed. Compatible with BrightLine light boxes and StraightLine modular displays, to easily mix and match components for a custom setup that matches your vision.

Front Literature Holder
Perfect for highlighting brochures or handouts right at the front of your display.

TV Mount
Seamless floating mounts fit frames up to 20ft wide

Heavy Duty Side Catalog Holder
Keep catalogs, flyers, and brochures within easy reach for your audience.

Small Side Shelf
Ideal for product samples, promotional items, or small giveaways.

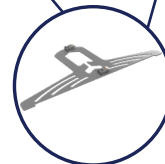

Front Shelves
Add functional space without overcrowding your display, perfect for mid-sized items.

Available for 36in & 40in displays.

Side Foot
By adding these side feet the display can hold up to 30lbs.

Monitor Mount Accessory

Designed for compatibility with BrightLine and StraightLine Displays, these mounts deliver a captivating “floating” screen experience with a light-weight design. Simply slide the TV bar into the frame, secure it to the support poles, then add the monitor plate and attach your screen on the front. Side feet are included in the kit for extra stability. Graphics can be finished with two small pre-cut slits for convenient access, or you can customize your own cutouts as required.

Discover an impressive range of attention-grabbing illuminated exhibit kits, featuring the unique benefits of BrightLine light box displays. With modern design options to fit every application, from small networking events to large conferences, these brilliant exhibits are sure to captivate audiences from afar.

Kits combine BrightLine, StraightLine and Waveline panels of different shapes and sizes, linked with tool-less connectors in various angles, for a sleek presentation. Enjoy the flexibility of limitless reconfigurations, to easily adapt to different venue or brand requirements. Floating TV mounts and battery-operated counters enhance functionality, resulting in branded environments that shine.

Tool-Free & Portable

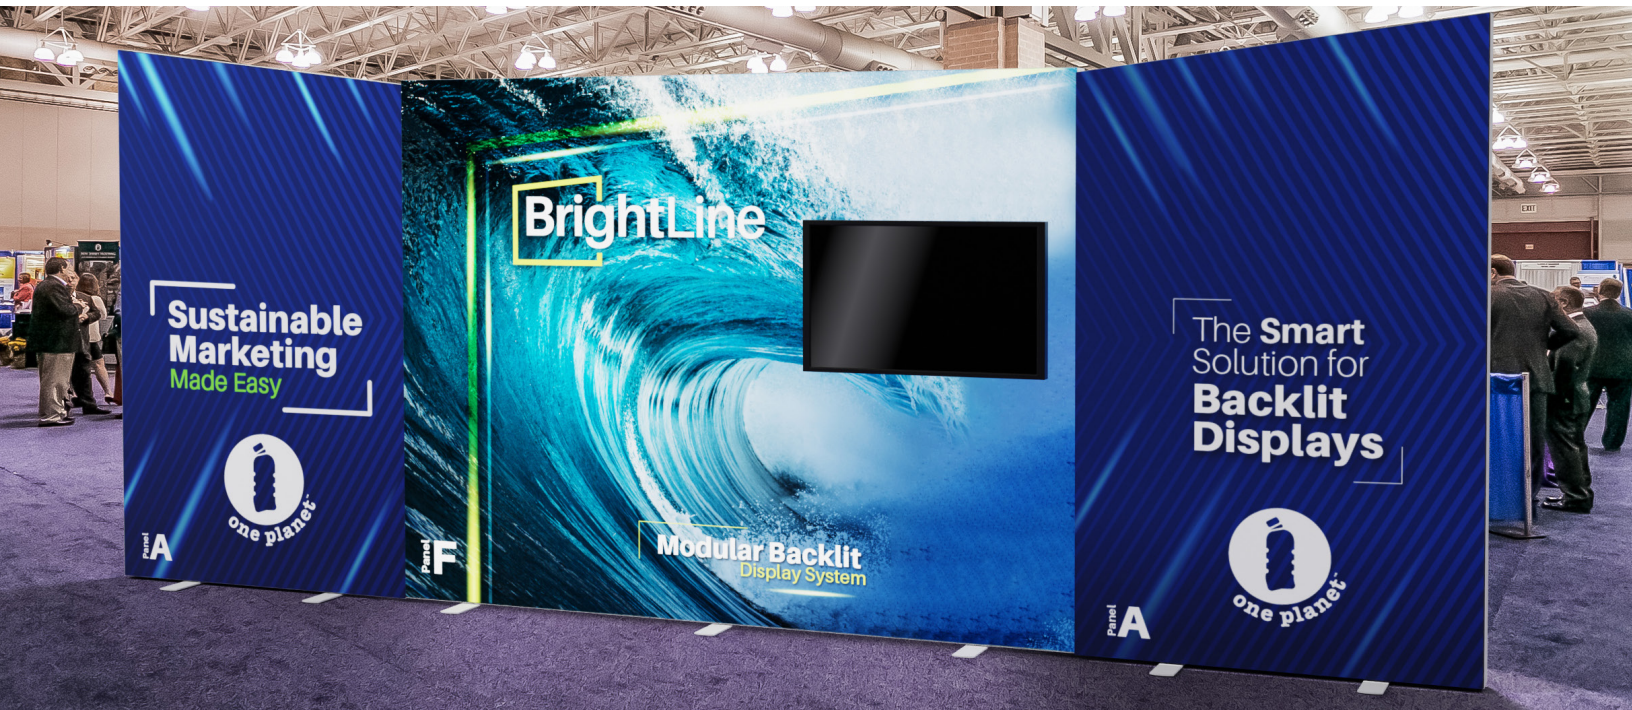

- Light-weight & durable 4" aluminum frame
- UL Certified LEDs encapsulated within frame for protection during transit
- Magnetic power links keep wiring out of sight
- Intuitive tool-free assembly for instant plug-and-play
- Interlocking panel connections range from 45°, 90°, 180°, and T-shaped connectors
- Convenient swivel footing provides added stability
- Hard rolling shipping cases with molded foam inserts keep parts safe and tidy

Sustainable Vivid Graphics

- Graphics and Blockers made with One Planet 100% recycled fabric
- Single or double-sided graphic options
- Transfer dye sublimation renders vibrant colors and superb resolution
- Fabrics can be folded without creasing or peeling
- Silicone gasket slides easily into frames for quick graphic updates

Modular Design

- Mix-and-match panels: 15 distinct sizes to create unique configurations
- Accessorize with floating TV mounts, for panels up to 20ft wide
- Combine BrightLine, StraightLine, and WaveLine panels with tool-free connectors

BrightLine® System Features

Monitor Mount Accessory

Designed for compatibility with BrightLine and StraightLine Displays, these mounts deliver a "floating" screen design with multiple sizes to fit any Bright-Line or StraightLine panel size. Simply slide the TV bar into the frame, secure it to the support poles, then add the monitor plate and attach your screen on the front. Side feet are included in the kit for extra stability. Graphics can be finished with two small pre-cut slits for convenient access, or you can customize your own cutouts as required.

(See page 35 for more info)

WAVELINE® Bannerstand

Our top-selling portable banners combine beauty, stability, and convenience in a sleek, frameless design. Their competitive pricing and effortless collapsibility make them stand out from the competition, delivering unmatched value. Designed for easy, on-site graphic replacements—no training required—they've become a go-to choice for retail advertising, offering versatility and impact in any setting.

- Durable yet lightweight push-fit aluminum frame for easy setup
- Vibrant, full-color pillowcase graphics that are washable for long-lasting use
- Convenient padded carrying bag with handles for effortless transport
- Choose single-sided or select double-sided graphics for full 360-degree visibility
- Need a custom size? Upgrade to Waveline Media panels for a perfect fit

One Planet[®] fabric

Choose one planet[®]

The first signage fabric made from 100% post-consumer recycled plastic.

Reduce your plastic footprint and improve your brand exposure

One planet[®] up-cycles discarded plastic into a luxurious polyester that can be printed into eye-catching branding signage

Celebrating

million plastic bottles recycled

Enough to cover 24 football fields!

How many bottles?

Check out how many bottles can be recycled per banner

10' Pillowcase Backdrop	155 bottles
10' Popup Display	91 bottles
10' Round Hanging Sign	195 bottles
8' Table Cover	97 bottles

One Planet[®] Specifications:

Weight: 7 oz/yd²

Flame Retardancy: NFPA-701:CA19

100% recycled: Certified by GRS

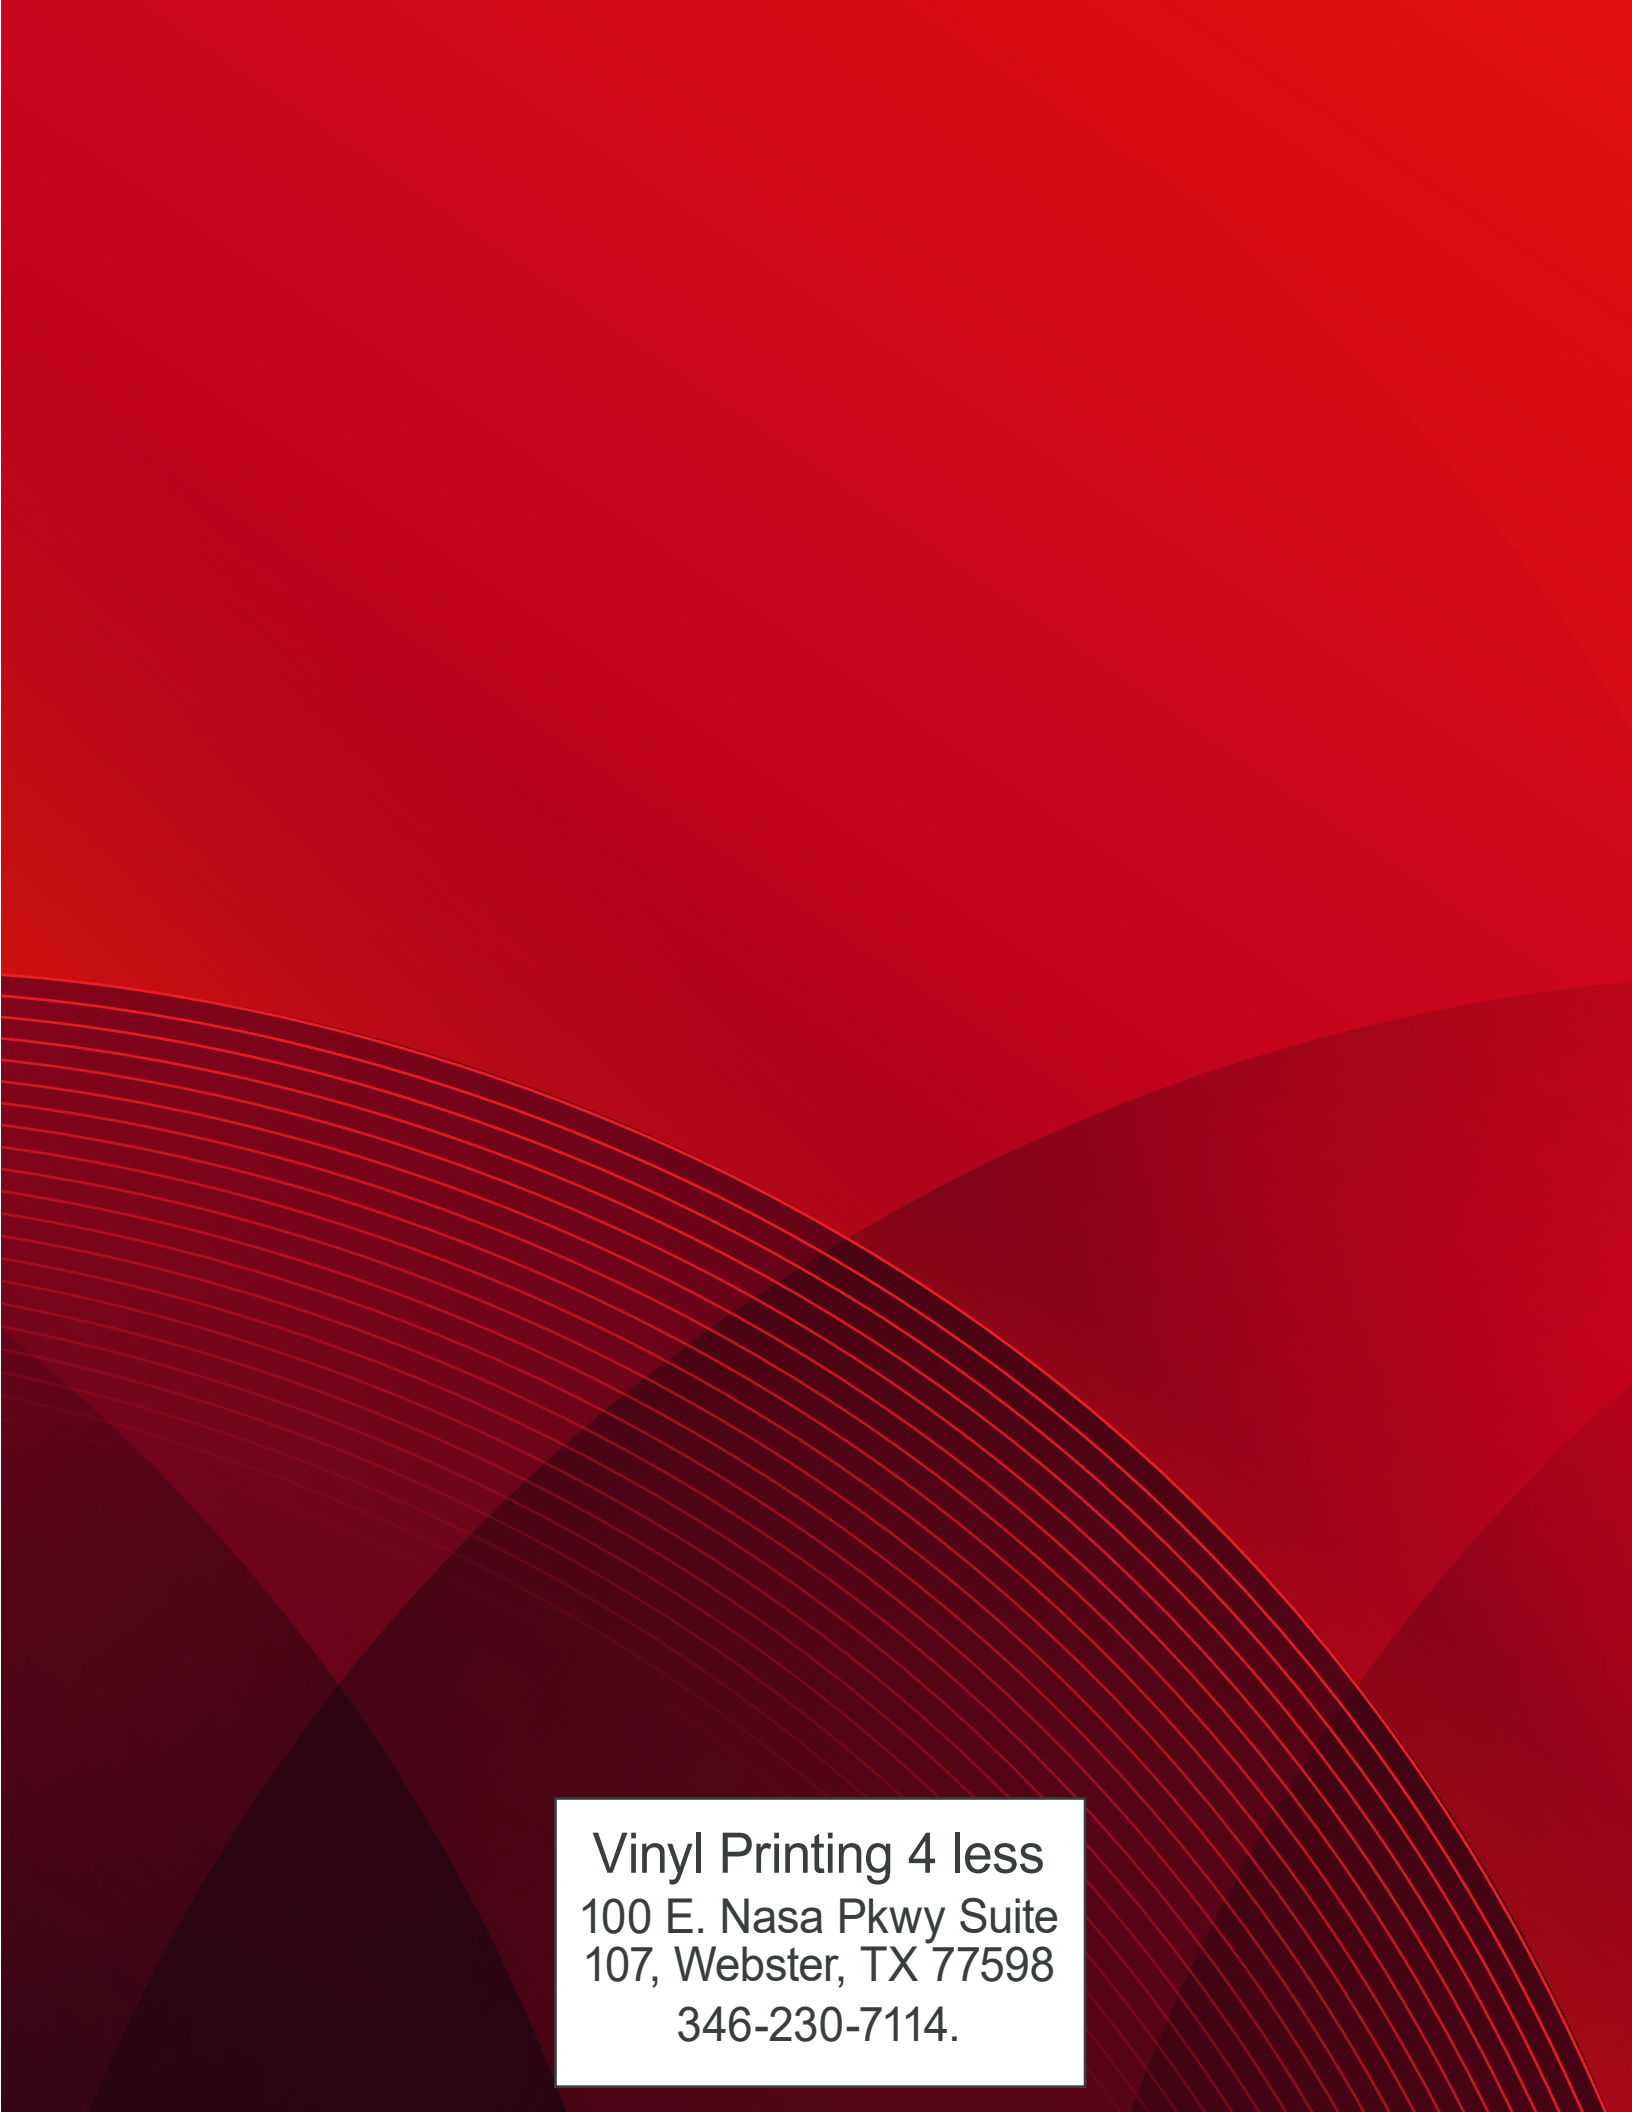

One Planet[®] fabric is smartly engineered to achieve an optimum solution for the soft signage industry

- ✓ Perfectly smooth matte texture improves color fixation
- ✓ Consistent stretch without the use of spandex
- ✓ Excellent opacity with a light weight construction
- ✓ Superior wrinkle resistance despite flame retardancy
- ✓ Soft hand-feel without sacrificing tenacity
- ✓ Luxurious yet environmentally sustainable

Plastic or planet? Just chose one planet.

www.oneplanetfabric.com

The background is a solid red color with a series of curved, overlapping lines in a darker shade of red, creating a sense of depth and movement. The lines are most prominent in the lower half of the image, curving upwards and outwards.
