Pop Up System

Incorporating the latest in European patented design and the most sophisticated magnet technology, Energy X is simply the easiest and most versatile pop up display system available. Its unique self-adjusting channel bars will guarantee perfect alignment of the photographic panel, for an almost seamless presentation. Energy's unique modular design allows for custom configurations.

- Realistic photo mural graphics
- Strong, durable and dependable
- Lightweight components fit in wheeled cases
- Exclusive modular system to create unique configurations
- User-Friendly setup, no tools needed

System Features

Easy-Rise Frame

Heavy duty 1/2" diameter aircraft-grade extruded aluminum. Modular and field repairable with Phillips screwdriver. High-rate magnetic frame connectors.

Self-Aligning Channel Bars

Magnetic connection and physical lock for added strength. Auto-adjusted on the frame—simply hang from the top. Three-piece hinged for faster setup.

Top-Quality Graphics

Superb resolution with 1200 dpi HP technology. Premium light blocking media. Original HP inks reproduce bright crisp colors. Protective scratch-resistant laminate adds rigidity. Long lasting high-energy magnets for quick alignment.

Functional Accessories

Monitor mounts for up to 42" screens. LED lights with swivel head for precise lighting. Backlighting for any panel.

Quick & Easy Assembly

X-Stand Non-Retractable Banners

Designed with a flexible fiberglass poles for easy set-up.** Only available in Dye-Sublimation Printing

Available In:

- Available in 24", 31.5", and 48"
- Light Weight & Portable for Easy Traveling
- Includes a Carry Bag

Printing Options

Super White Fabric(Dye-Sublimation):

Premium triple-layer woven fabric with superior bright white point to render vivid colors. Smooth feel and excellent opacity, featuring a matte anti-glare finish. Printed with transfer dye sublimation to allow for vibrant colors and reliable color-fastness. Wrinkle resistant and fire rated.

Laminated Banner Graphics:

High-end photographic film renders extremely vivid images. A silver light-blocking backer makes it 100% opaque. Finished with premium non-glare laminate for extended durability, preventing edges from fraying and tearing.

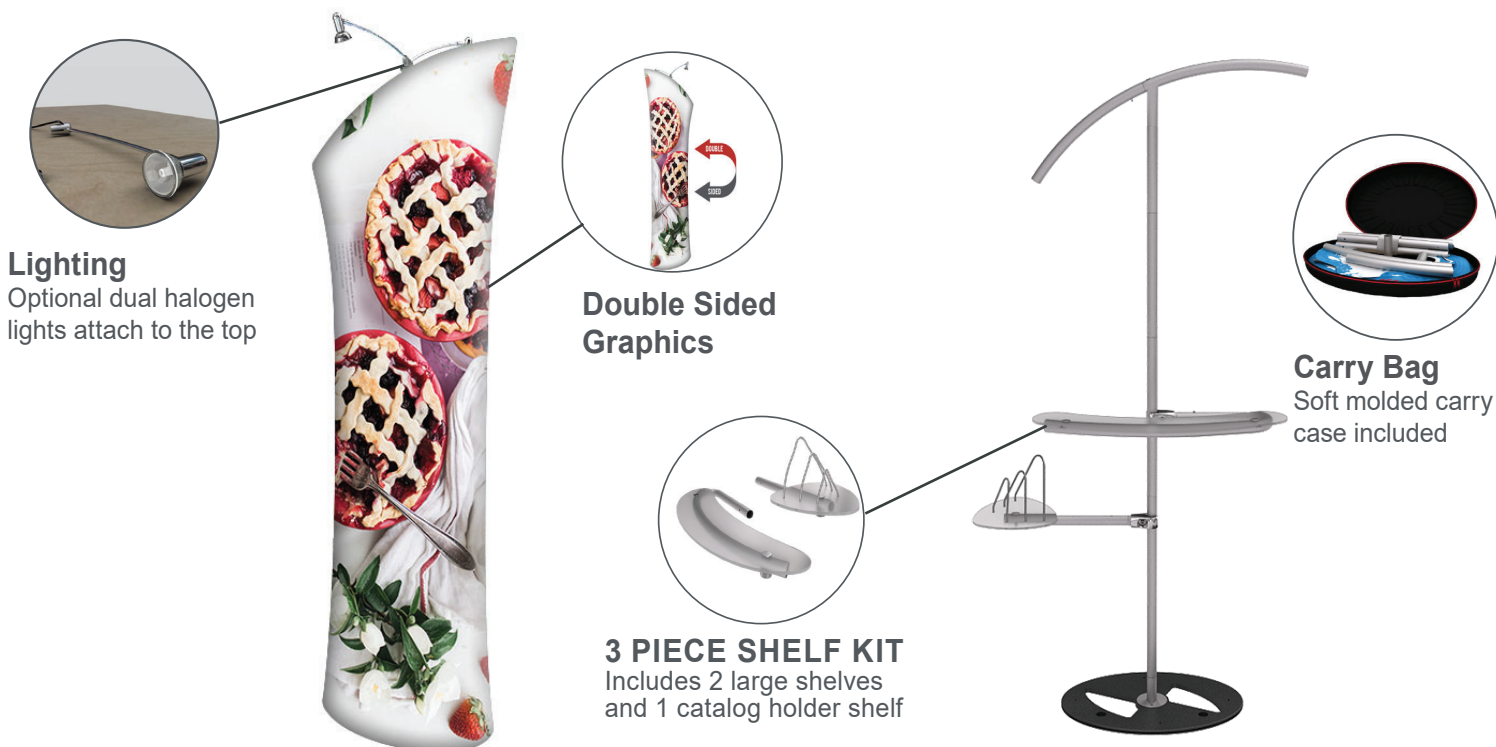

The Brandcusi is a lightweight pop-up display with wrinkle-resistant fabric. With a stable foot print and unique three dimensional construction that allows for 360 degree visibility, it's a popular choice for retail signage and networking events.

- Unique dimensional shapes
- Engaging full color tension fabric graphics
- Compact design fits in small travel bag
- Easy to assemble without tools
- Accessorize with shelving and literature holders

One Planet™ fabric

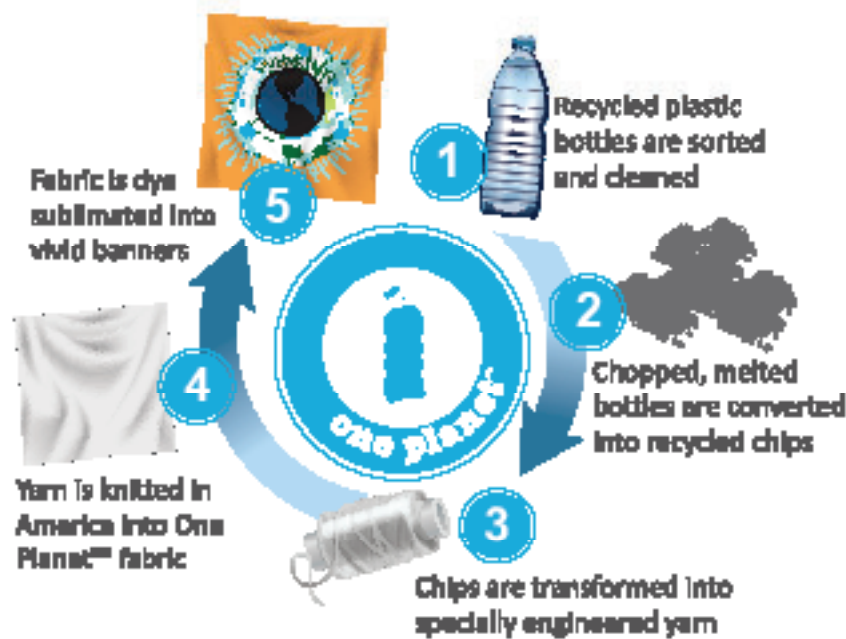

Choose one planet™

The first signage fabric made in America from 100% post-consumer recycled plastic.

Reduce your **plastic footprint** and improve your **brand exposure**

One planet™ up-cycles discarded plastic into a luxurious polyester that can be printed into eye-catching branding signage.

How many bottles?

Check out how many bottles can be recycled per banner

10' Pillowcase Backdrop	155 bottles
10' Popup Display	91 bottles
10' Round Hanging Sign	195 bottles
8' Table Cover	97 bottles

One Planet™ Specifications:

Weight: 7 oz/yd²

Flame Retardancy: NFPA-701:CA119

100% recycled: Certified by GRS

One Planet™ fabric is smartly engineered to achieve an optimum solution for the soft signage industry

- ✓ Perfectly smooth matte texture improves color fixation
- ✓ Superior wrinkle resistance despite flame retardancy
- ✓ Constant stretch without the use of spandex
- ✓ Soft hand-feel without sacrificing tenacity
- ✓ Excellent opacity with a light weight construction
- ✓ Luxurious yet environmentally sustainable

Plastic or planet? Just choose one planet.
