

Your Checklist

For Full TR-19 Compliance

Note: It's your responsibility to ensure your kitchen extract system is maintained to the required standards. This checklist is here to help you stay on top of everything and identify any potential gaps. If any of the items are not in place, please get in touch with us as soon as possible so we can help you bring everything back up to standard.

What do I need to check?

- Grease build-up is not visible on canopy or accessible surfaces*

- No unusual smells, smoke, or reduced airflow in the kitchen*

- Kitchen extract system is cleaned at recommended intervals (based on usage)*
 - TR19 cleaning certificates are kept on file*

 - System performance is monitored between cleans*
