Maintaining Your Vehicle Saves You Money and Fuel!

Between inflation and parts shortages, the cost of just about everything has increased, putting a pinch on just about everyone's budget.

A couple of ways to **help your budget** is by maintaining your vehicle to keep it as fuel efficient (using less gas saving \$\$) as possible.

Performing manufacturer's recommended maintenance service can help **prevent expensive repairs** down the road and in most cases keep your vehicle more safe.

Pearl Harbor Remembrance Day

Pearl Harbor Remembrance Day seeks to **honor the victims of Japan's attack on Pearl Harbor**, an American Naval

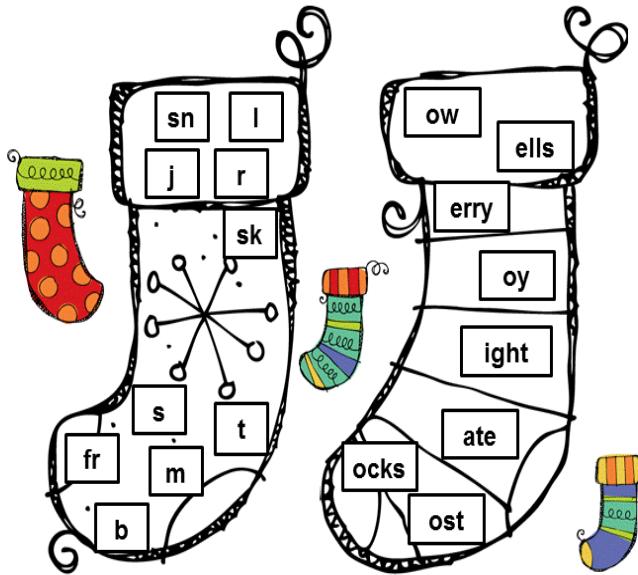

Station. The attack is often cited as the catalyst for American involvement in the Second World War, given that **President Franklin D. Roosevelt declared war on Japan** the following day.

At 8am on December 7th, 1941, without prior warning, the Imperial Japanese Navy Air Service attacked a Naval Station at Pearl Harbor, located on Oahu, Hawaii. The base was attacked by 353 Japanese fighter planes. In total, 2,403 people perished, another 1,178 were injured, four U.S. Navy battleships were sunk and 188 aircrafts were destroyed. On November 21, 2018 **Ray Chavez**, the **oldest U.S. military survivor** of the Pearl Harbor attack **died**.

He was 106.

Christmas Stockings Word Maker

Make as many words as possible by joining the letters on the first stocking to the letters on the second stocking. How many words can you make?
Turn this into a game! - See who can make the most words.

The Holidays are about getting together with family and friend, exchanging gifts and good food. We all like to GIVE presents but some of the best are those you took the time to make yourself.

Here's a favorite Christmas recipe that can become someone's favorite gift to share with the ones you love."

Snow Balls in a Jar

Ingredients:

- 1/2 cup confectionery sugar
- 2 cups all purpose flour
- 1 cup chopped pecans

Directions:

- In a medium bowl, combine the confectioners' sugar and flour. Place into a 1 quart canning jar. Put the chopped pecans on top. Close the lid and attach a tag with the following instructions:
- Snow Balls, Makes 4 dozen. Preheat the oven to 325 degrees F (165 degrees C). Grease cookie sheets. In a medium bowl, cream together 3/4 cup of shortening and 1/4 cup of margarine. Stir in 2 teaspoons of vanilla. Add the entire contents of the jar, and mix well. Roll dough into 1 inch balls and place them on the prepared cookie sheet. Bake for 20 to 25 minutes, until lightly browned. Cool, and roll in confectioners' sugar.

PS: These also make great desserts for holiday.

Do you really need to rotate your tires?

Today's tires have become so trouble-free that many drivers ignore them completely, skipping critical inspections and maintenance procedures until there is a problem.

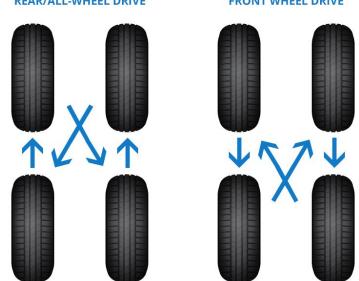

Among the steps often ignored is tire rotation.

Typically, tire rotation is called for every 5,000 to 7,500 miles, though there are exceptions. Again, the owner's manual will spell out what should be done for your vehicle.

Why Rotate Tires -- Tire rotation is undertaken to ensure that the tires wear evenly. This can extend tire life and save you money.

Even tire wear is also important for balanced handling. There is another important reason for rotating the tires on a regular schedule: The tire maker may require it to keep its warranty in force.

TYPICAL TIRE ROTATIONS

We will rotate your tires for FREE when in for other paid services!
