Comments From Our Clients

"Excellent shop, friendly, competent and trustworthy. Came in for some brake work after reaching out and receiving an estimate the day before. I advised it would likely just be pads and rotor resurfacing. After inspection, they advised the resurfacing wouldn't even be necessary. They didn't try to upsell me with new rotors, quite the contrary. I'm very pleased to have found a local shop to trust. Will be coming back! Thank you!" **Antoine B.**

Did You Know?

September is National Bourbon Heritage Month,

calling for the celebration of the 'Native Spirit' of America — bourbon. Culturally, economically, and socially sourced in America, bourbon is truly an all-American beverage.

Even though America's distilling heritage started before the nation was founded, bourbon was declared as a unique product of the United States in an act of Congress in 1964. Federal law states that bourbon must be produced in the United States, contain at least 51% corn, and mature in freshly charred oak barrels for at least two years.

In 2007, a resolution was passed by the U.S. Senate, declaring September as National Bourbon Heritage Month. Every year, bourbon enthusiasts come together to appreciate the history, craftsmanship, and milestones of the bourbon industry.

Homemade Guacamole

It's hard to beat the freshness and flavor of homemade guacamole! **Fresh Guacamole** is creamy and full of delicious textures, perfect for serving as a dip or as a complement to your favorite Mexican dish! Avocados are mashed and mixed with crunchy onions, savory garlic, herby cilantro, and tangy lime juice for a creamy and zesty bite. For some spice, you can add some jalapeño and cumin into the Fresh Guacamole; it's the dip that you can customize to your heart's desire! So get dipping!

Ingredients

- 3 medium avocados
- 2 tablespoons onions, minced
- 1 clove garlic, minced
- 1 small jalapeno chile, optional, stemmed, seeded, and minced
- 1/4 cup cilantro leaves, minced
- salt, to taste
- 1/2 teaspoon ground cumin, optional
- 2 tablespoons lime juice

Directions:

Step 1

Carefully cut the avocados in half and remove the pits.

Step 2

Scoop out the flesh into a large bowl. Dispose of the skin.

Step 3

Using a fork or potato masher, lightly mash the avocado. If you prefer your guacamole to be more chunky, do not fully mash all of the avocados.

Step 4

Add the minced onion, minced garlic, chile, cilantro, salt, cumin, and lime juice and mix until just combined.

Step 5

Add additional salt, if needed, to taste. Serve with tortilla chips!
