

REFINE YOUR SKILLS.

Change a child's world.

**Introducing the Pediatric Shift Care Academy,
from Milestone Pediatric Resource Center West
and The Children's Home of Pittsburgh.**

The **Pediatric Shift Care Academy** is a free, two-day training program for nurses. Designed for professionals that are both new to the field and seasoned, this program provides the opportunity to learn and sharpen the skills needed to support medically complex children. Nurses will have the ability to learn about and practice using ventilators, tracheostomies, gastric tubes, and caring for children with complex needs.

The potential of coming home starts with you.

**SEPT
15 & 16
2026**

9am-3pm

**The Children's
Home of Pgh
5324 Penn Ave
Pittsburgh, PA**
