Who is the Face of Hunger?

**Too many of our neighbors are one flat tire or
medical bill away from an empty fridge.**

Parents skip meals so their kids can eat.

Seniors choose medications over food.

**Others work full-time yet can't stretch their paycheck
to cover the cost all their food and household expenses.**

No one can reach their full potential when they're hungry.

Hunger is more common than many think.

The face of hunger looks like all of us.

**2024 Minnesota Foodshare has begun. Please see the
back of this flyer to learn how YOU can help.**
