

New Trier Aquatics Competition Fee Policy

All Competition, Event and Travel fees are accessed at the end of each month. These fees are charged to the credit card or checking account on file with the club.

In addition to the competition fees charged by the event host, New Trier Aquatics reserves the right to add on additional fees to cover the cost of coaches attending the event. This cost can range from \$5 to \$150 depending on the event location, duration and extent of travel required.

Travel trips that require chaperone responsibilities will divide the cost of the coach travel across all participants with the exception of National Level events. National level events will have a minor cost accessed to each participant but the bulk of the coach travel cost will be assumed by the organization.

Withdrawal from Competition.

This policy is intended to ensure that all competition participation withdrawals are handled in a uniform manner so that appropriate entry fee refunds can be made whenever possible. All competitions require commitment and payment well in advance of the event, and depending on the timeline, refunds in part or in full, may not be possible.

Members should also note that regardless of such deadlines, NTA coaches must be informed of any athlete desiring to scratch any submitted entry(ies) or participation from an event as soon as possible.

Any NTA member desiring to withdraw from a competition to which they have committed must remove their registration from the website prior to the entry deadline so the swimmer does not show as “Committed” to the event in question.

Members will be entitled to a refund of their paid meet fees only if an athlete is removed from the “Committed Athletes” page for a meet prior to the entry deadline.

This policy will be published on the website.
