Flexible storage and organisation

H+H SYSTEM

The art of dividing
and storing with overview
**Custom built,
high quality and reliable**

Our team is here for you

H+H SYSTEM's diverse and flexible range of organisational systems are developed, designed and produced under one roof. The result? Products which are functional, user-friendly and only of the highest quality standards.

Drawer dividers with slotted rail holder

- | Organisation and flexibility
- | Custom division
- | Adjustable width and depth at any time
- | For existing drawers of any size
- | Sizes according to your exact specifications
(Inside drawer dimensions - width, depth, height)

Space savings of
up to 30% thanks
to H+H SYSTEM's
drawer dividers

It's that easy: Simply cut the slotted rail holder to the required length and use the double-sided tape to stick it inside the drawer

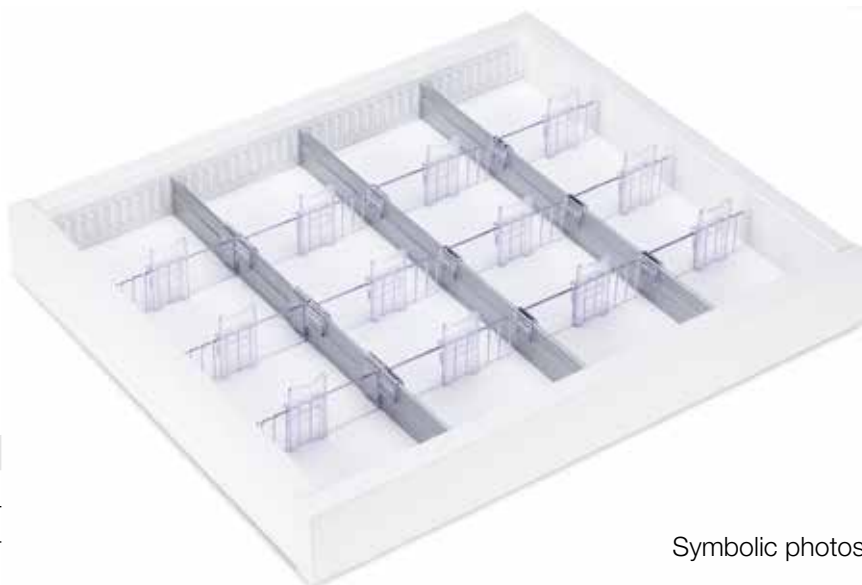

Slide your custom-cut aluminium rail into the slotted rail holder

Divider system height 35 mm

- | Slotted rail holder: transparent plastic with adhesive tape, for customisation
- | Aluminium rail: pre-cut and customised according to your drawer's inside dimensions
- | Flexible sliding divider: transparent plastic, to scratch and break at the desired length

Symbolic photos

Art. No.	Description	Size
220102N	Slotted rail holder	L 490 mm
200103	Aluminium rail	Drawer depth
240161	Sliding divider	L 170 mm

Divider system height 45 mm

Design your own drawer organisation

Let us transform your work space

Art. No.	Description	Size
220102N	Slotted rail holder	L 490 mm
200102	Aluminium rail	Drawer depth
241302	Sliding divider	L 170 mm

Clip the flexible sliding divider on the aluminium rail. It's easy to move and adapts perfectly to your products

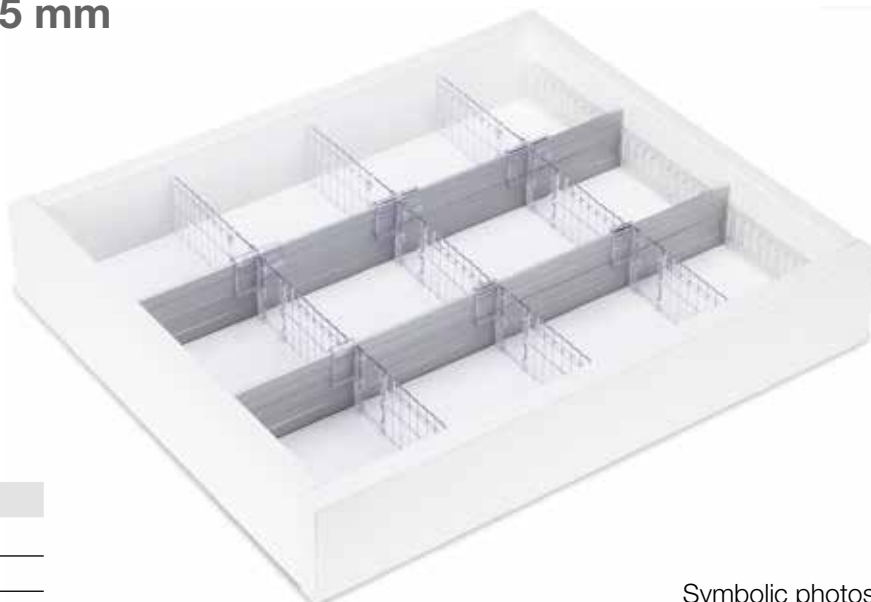

The flexible ends make removing products a breeze

Divider system height 55 mm

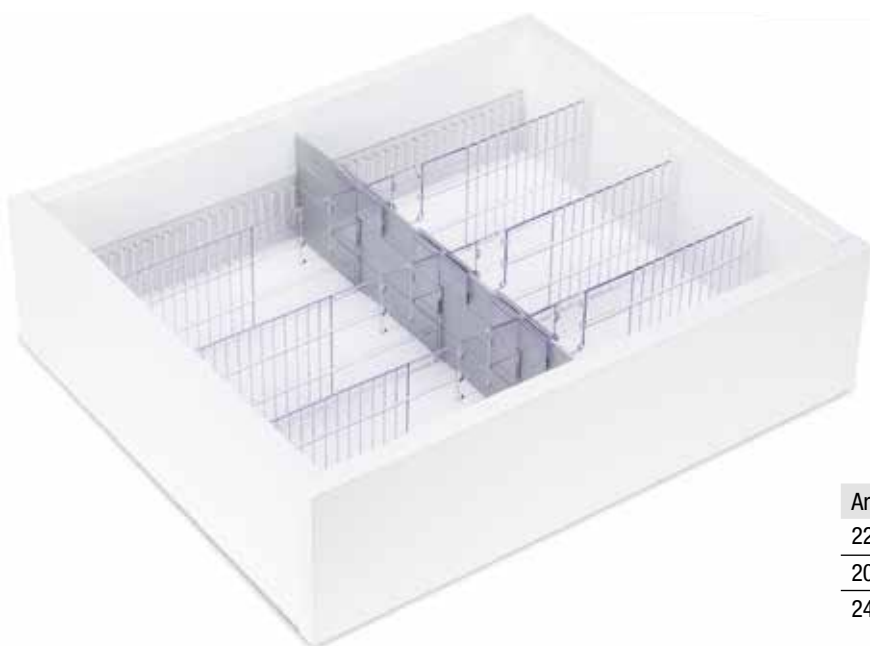

- | Slotted rail holder: transparent plastic with adhesive tape, for customisation
- | Aluminium rail: pre-cut and customised according to your drawer's inside dimensions
- | Flexible sliding divider: transparent plastic, to scratch and break at the desired length

200099	Aluminium rail	Drawer depth
240611	Sliding divider	L 150 mm

Quick overview with integrated label holders for organised labelling

Easy to adjust

Drawer dividers with insert

- | To retrofit any drawer
- | Custom designed for any height
- | Available in plastic or aluminium
- | Dividers lengthwise or crosswise
- | Delivered completely assembled, self assembly also possible
- | Fully flexible inner configuration of your drawers
- | Width and depth adjustable

Removable and
easy to clean

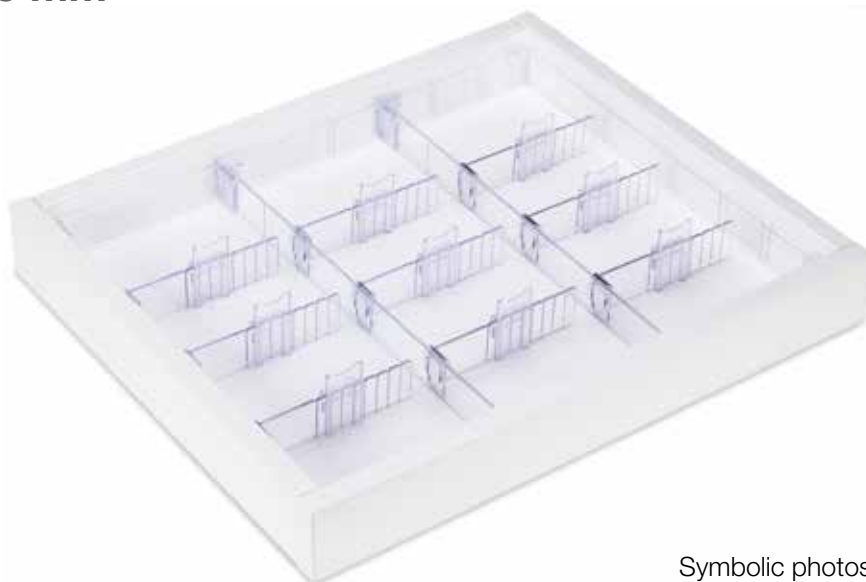

The frame and the rails are available in plastic or of high quality aluminium

Easily remove the entire insert in one simple action

Divider system height 35 mm

- Frame and rails come in transparent plastic or high-grade aluminium
- Dividers are designed according to your exact specifications
- Flexible sliding divider: transparent plastic, to scratch and break at the desired length

Quick overview with integrated label holders for organised labelling

Increase stability with the integrated clips

MedTray

custom trays with H+H sliding dividers

- | Quick and easy to exchange (exchange tray system)
- | Flexible dividers
- | Any size
- | Labelling options
- | Different designs and materials
- | Optional coloured corner clips

Patient-friendly storage
using space rationally

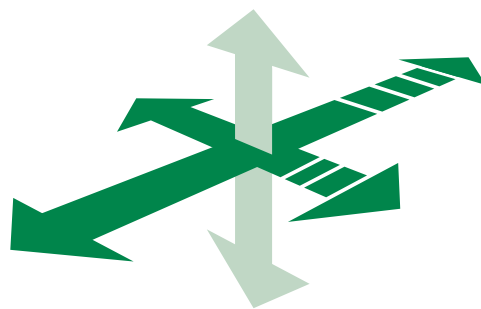

Thanks to their flexibility, these trays enable sustainable order in all drawers

The entire tray is easily removable ensuring quick cleaning for optimal hygiene at all times

Customised to
your requirements:
**We manufacture
your MedTrays
according to your
exact specifications
for a perfect fit**

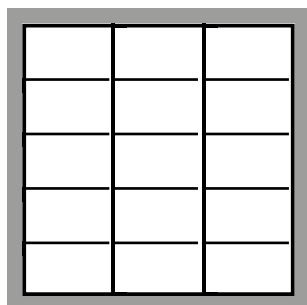

- | For all drawers
- | Possible with any dividing system
- | Available in grey, white antibacterial or transparent plastic
- | Other colours on request

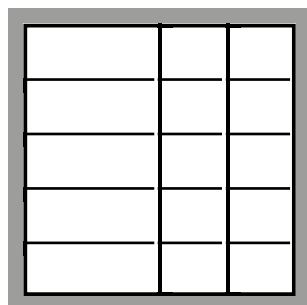

For system heights:

35 mm
55 mm
100 mm
125 mm
150 mm

H+H MedTray system height 35

- Flexible dividers
- Any size and configuration possible
- Corner clips available in white, blue, green and red

Art. No.	Size (W x D x H)
601320-AAA4	392 x 411 x 41 mm

3 lanes, 6 sliding dividers

H+H MedTray system height 55

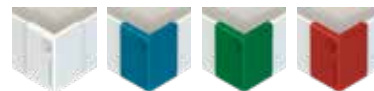

- Flexible dividers
- Any size and configuration possible
- Corner clips available in white, blue, green and red

Art. No.	Size (W x D x H)
601320-AAA3	392 x 411 x 61 mm

3 lanes, 6 sliding dividers

Corner clip colour options

Trays for drawers in all widths and depths:

**Made of
antibacterial plastic,
easy to clean and
with flexible
dividers**

H+H MedTray system height 100

- Flexible dividers
- Any size and configuration possible
- Corner clips available in white, blue, green and red

Art. No.	Size (W x D x H)
601320-AAE7	549 x 392 x 105 mm

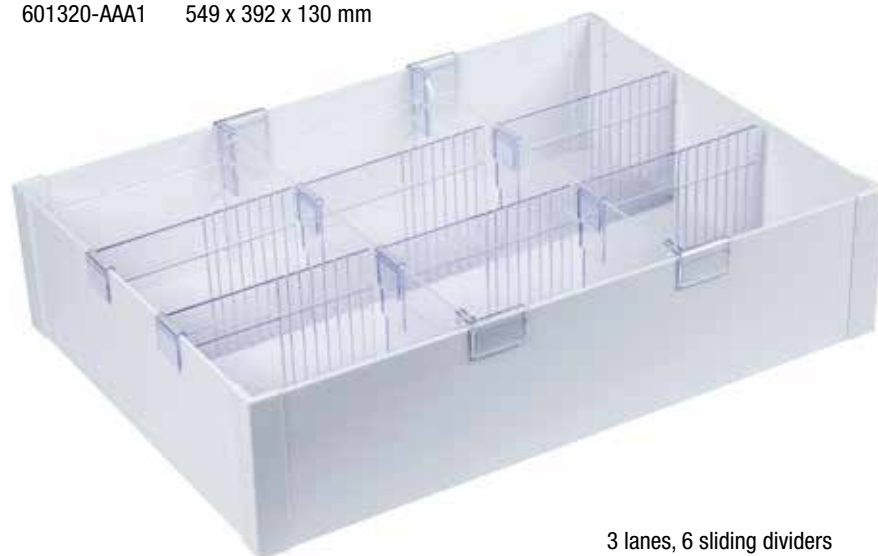

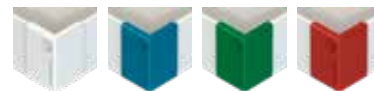

3 lanes, 6 sliding dividers

H+H MedTray system height 125/150

- Flexible dividers
- Any size and configuration possible
- Corner clips available in white, blue, green and red

Art. No.	Size (W x D x H)
601320-AAA1	549 x 392 x 130 mm

Corner clip colour options

3 lanes, 6 sliding dividers

Design your personal
H+H MedTray with us:
**All MedTrays for
your drawers,
carts and
applications are
designed to your
exact specifications**

- Optimal overview for immediate detection of empty stock items thanks to H+H organisation systems

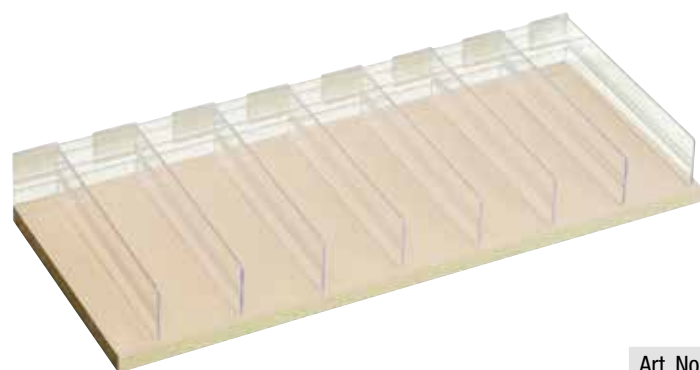

Indispensable for your shelves - offering a whole host of subdivision options

Dividers with closed front

- Rails and dividers cut to length
- Designed to prevent products from falling off shelves – perfect for gravity-fed shelving

Art. No.	Description
210106	L-profile 35/3 adhesive, system height 35 mm
240154	Sliding divider 105 G/600 mm
100046	Label holder 35/9 mm to clip on divider front
210102	L-profile 55/3 adhesive, system height 55 mm
240139	Sliding divider 104 B/600 mm
240866	Shelf divider 125/55/3, L=600 mm
100048	Label holder 25/51, 55/9 mm to clip on divider front

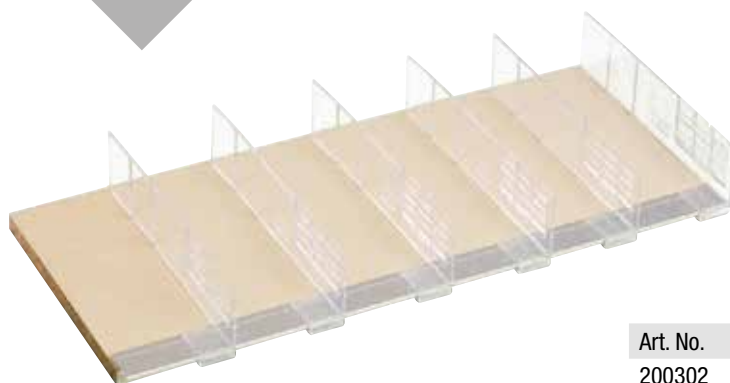

Practical aluminium rail to protect edges for longevity

Dividers with closed back

- Rails and dividers cut to length
- Easy access to the products

Art. No.	Description
210106	L-profile 35/3 adhesive, system height 35 mm
240154	Sliding divider 105 G/600 mm
210102	L-profile 55/3 adhesive, system height 55 mm
240139	Sliding divider 104 B/600 mm

Dividers with aluminium front rail

- Rails and dividers cut to length
- Free access to the products, easy use
- With adhesive tape

Art. No.	Description
200302	Shelf rail Alu 40/4 adhesive
200303	Shelf rail Alu 40/4 to screw on
240302	Shelf divider 65/3, L=330 mm
100038	Label holder 25/51, CKS to clip on shelf divider

Height of dividers: 67 mm. The rails can be stuck or screwed to the front of the shelf and protrude 25 mm outwards. (For consideration when planning cabinet doors and sliding doors.)

Modular tray system in ISO

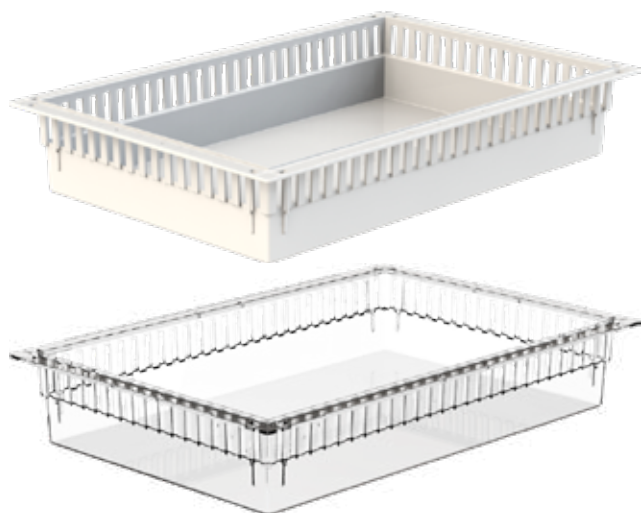

- | Standardised ISO system (600 x 400 mm)
- | Patented flexible divider system
- | Perfect overview
- | Transparent and grey modular trays
- | Different heights
- | Save up to 30% space

The H+H SYSTEM
modular tray system –
a flexible innovation on the
ISO modular tray market

H+H FLEXMODUL®

- Tray and basket in one - the perfect fusion to gain the advantages of both
- Unique solution for the storage of medicines and consumer goods

Dividers for ISO modular trays

- ISO dividers: adjustable every 1 or 2 cm, strong hold thanks to the ClipOn effect (fixed connection of modular tray / basket / tray and dividers)
- All space is utilised effectively
- Integrated label holders for space saving labelling
- Sliding dividers - continuously adjustable, so the divider can be pushed directly up to the product

Space savings of up to 30% thanks to the dividers of H+H SYSTEM

With ISO dividers

With H+H sliding dividers

Label holder 60/40 PC with clip

- Vertical and horizontal clip function
- Optional transparent cover for label
- For label 60 x 40 mm

Art. No.	Description
100059	Label holder 60/40 PC with clip
100073	Cover for label holder

Label holder 40/60 PC with clip

- Vertical and horizontal clip function
- For modular trays, dividers, etc.
- Optional transparent cover for label

Art. No.	Description
100060	Label holder 40/60 PC with clip
100063	Cover for label holder

Label holder 40/54 PC with clip

- Suitable for label 100188, optional cover for label
- Vertical and horizontal clip function
- For modular trays, dividers, etc.
- For very small space between modular trays

Art. No.	Description
100067	Label holder 40/54 PC with clip
100063	Cover for label holder

Label holder 85/54 PP with clip

- Suitable for label K100187 and 100076
- Vertical and horizontal clip function
- Available in transparent and various colours

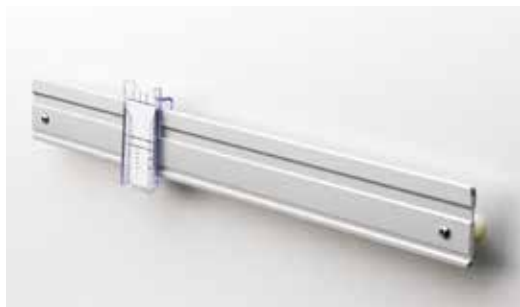

Art. No.	Description
100072	transparent
100072-bl	blue
100072-gr	green
100072-or	orange
100072-rt	red

Label holder rail

- 350 x 35 mm
- Aluminium
- For ISO cabinet door, incl. spacer
- For any label holder

Art. No.
7970501

Labelling rail adhesive

- Transparent
- With adhesive tape

Art. No.	Size (W x H)
7972350	350 x 25 mm
7972400	400 x 25 mm

Labelling rail

- For ISO and DIN modular trays

K100186	60 x 40 mm – 0,3 mm
K100185	60 x 40 mm – 0,5 mm

Label 85 x 54 mm

- | Suitable for label holder 100072 with clip or 100077 with adhesive tape
- | White, blank
- | Thickness 0,5 mm

Art. No.	Description
100076	cardboard, A4 sheet

Art. No.	Description
K100187	plastic

The modular tray system
**Indispensable
 for hospitals**

Full extension runners for ISO modular trays and equipment

- | Load capacity up to 70 kg
- | Adjustable in height every 14 mm
- | For all H+H ISO modular trays
- | Easy exchange of modular trays
- | Fits in pilaster without tools
- | Available with SoftClose

Perfect sliding thanks
to full extension - ideal
for medium and lower
heights

ISO full extension runner

- | With standard or silent full extension runner
- | Galvanised steel
- | Load capacity up to 70 kg
- | Easily moved to new height requirements
- | Pairs with all H+H ISO modular trays
- | Silent full extension runners with SoftClose

Art. No.	Length	Description
7930101	600 mm	Full extension runner
7930102	400 mm	Full extension runner
7930103	600 mm	Full extension runner silent
7930104	400 mm	Full extension runner silent

ISO full extension runner pass-through

- | For pass-through cabinets
- | Galvanised steel
- | Load capacity up to 50 kg

Art. No.	Length
7930155	600 mm (extension 460 mm)

ISO pilaster

- | For cabinets
- | Stainless steel
- | For full extension runners

Art. No.	Length
7930907	1890 mm
7930906	952 mm
7930905	630 mm

ISO full extension runner inclined

- | For high cabinets
- | Manual locking
- | Galvanised steel

Art. No.	Length
7930151	600 mm
7930152	400 mm

ISO frame for hanging files

- | To hook into full extension runners
- | Depth 400 or 600 mm
- | Suitable for ISO lengthwise and crosswise

Art. No.	Description
7930201	for depth 400, 600

ISO frame for catheter basket

- | To hook into full extension runners
- | Depth 400 or 600 mm
- | Suitable for ISO lengthwise and crosswise

Art. No.	Description
7930202	for depth 400, 600

Versatile use
**The full extension runner
 offers many options for
 organisation**

High quality materials
**Stable and reliable
 products designed
 for demanding use**

ISO tube holder

- | To hook into full extension runners
- | Depth 400 or 600 mm

Art. No.	Description	Hooks
7930232	for depth 400	22
7930231	for depth 600	28

ISO catheter holder

- | To hook into full extension runners
- | Depth 400 with 8 pairs of hooks
- | Depth 600 with 6 pairs of hooks

Art. No.	Description	Hooks
7930234	for depth 400	16
7930233	for depth 600	12

ISO shelf wood

- | Melamine-coated, edges glued
- | To hook into full extension runner
- | Depth 400 or 600 mm

Art. No.	Description
7960111	for depth 400
7960110	for depth 600

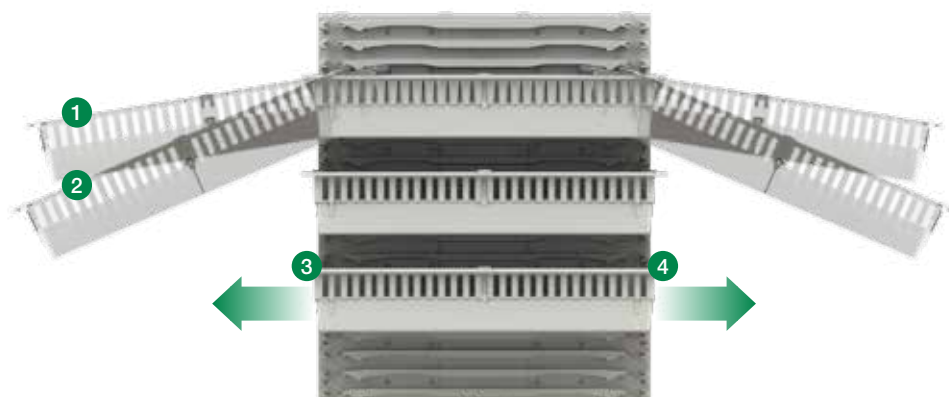

Side panels for ISO modular trays and equipment

- | Cost-effective solution
- | Easy exchange of modular trays
- | For all H+H ISO modular trays
- | Stop function prevents the modular trays from falling out

Optimal overview in the cabinet, easy to exchange and light weight

- 1 Straight stopping function
- 2 30° hinged stopping function
- 3 Pass-through feature
- 4 Optional roller wheels

Modular trays slide easily on our roller wheels

ISO side panel 4in1, 400 mm and 600 mm

- Plastic ABS
- Usable from both sides
- Usable as left or right panel

Art. No.	Description	Size (W x H)
7900032	Side panel 400 mm	330 x 640 mm
7900033	Side panel 600 mm	530 x 640 mm

ISO side panel 3in1, 300 mm, left and right

- Plastic ABS grey

Art. No.	Side	Size (W x H)
7900030	left	263 x 640 mm
7900031	right	263 x 640 mm

ISO side panel inclined

- Plastic white
- For depth 400 and 600 mm
- For easy access to products

Art. No.	Side	Size (W x H)
W7900014	left	365 x 380 mm
W7900015	right	365 x 380 mm

ISO stopper

- Prevents the modular trays from falling out

Art. No.	Description
7910201N	ISO stopper 3 short

ISO roller wheel

- For perfect sliding in the side panel

Art. No.	Description
7900040	Plastic green

ISO pull-out workplate

- | On full extension runner
- | ISO 400 for side panel 7900026
- | ISO 600 for side panel 7900028

Art. No.	Description
7960302	for depth 400
7960301	for depth 600

Catheter runner with shelf

- | ISO 600 for side panel 7900033
- | With 4 or 5 pairs of hooks
- | Load capacity max. 8 kg

Art. No.	Description
7930237	4 pairs of hooks
7930239	5 pairs of hooks

Simple and straightforward
The ISO modular trays
 are simply put into
 the side panels

ISO tray ABS grey

- | To put into side panels 400 or 600
- | Suitable for ISO lengthwise and crosswise

Art. No.	Size (W x D x H)
K561039T	600 x 400 x 15 mm

ISO shelf stainless steel

- | To put into side panels
- | Suitable for ISO lengthwise and crosswise

Art. No.	Size (W x D x H)
7960201	600 x 400 x 8 mm

ISO shelf wood

- | To put into side panels
- | Melamine-coated, edges glued
- | Suitable for ISO lengthwise and crosswise

Art. No.	Size (W x D x H)
7960102	300 x 400 x 8 mm
7960101	600 x 400 x 8 mm
7960103	600 x 400 x 12 mm
7960104	600 x 400 x 12 mm

ISO shelf aluminium composite

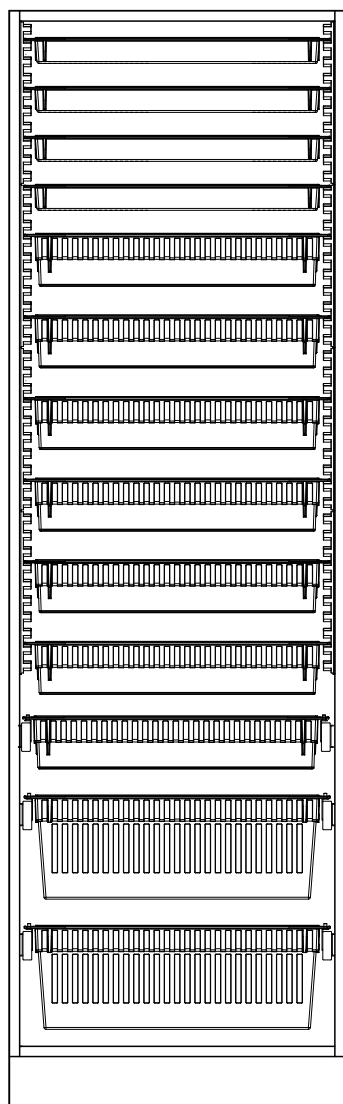

- | To put into side panels
- | Suitable for ISO lengthwise and crosswise

Art. No.	Description	Size (W x D x H)
7960402	white	300 x 600 x 6 mm
7960403	white	400 x 600 x 6 mm
7960404	white	600 x 600 x 6 mm

Modular tray system in ISO and DIN

Your cabinet could look like this!
**Tell us your cabinet fit-out
requirements and we'll create
you the perfect solution**

Modular tray system in DIN

- | Standardised DIN system (538 x 500 mm)
- | Perfect overview
- | Transparent or grey modular trays
- | Different heights
- | Leakproof
- | Scratch and impact proof

The economic storage
solution for the standard
cabinet 600 x 600 mm

DIN modular tray 538 x 500 x 50 mm

Art. No.	Size (W x D x H)	Description
K560044	538 x 500 x 50 mm	ABS grey

DIN modular tray 538 x 500 x 100 mm

Art. No.	Size (W x D x H)	Description
K560031	538 x 500 x 100 mm	ABS grey

DIN modular tray 538 x 500 x 180 mm

Art. No.	Size (W x D x H)	Description
K560030	538 x 500 x 180 mm	ABS grey

Various heights
For optimal use of space

Flexible dividers
For efficient storage

DIN modular tray 538 x 250 x 100 mm

Art. No.	Size (W x D x H)	Description
K560038	538 x 250 x 100 mm	ABS grey

DIN modular tray 268 x 500 x 50 mm

Art. No.	Size (W x D x H)	Description
K560035	268 x 500 x 50 mm	ABS grey

DIN modular tray 268 x 500 x 100 mm

Art. No.	Size (W x D x H)	Description
K560034	268 x 500 x 100 mm	ABS grey

Standardised
but flexible
**For optimal
interior fit-out**

Pilaster for full extension runner

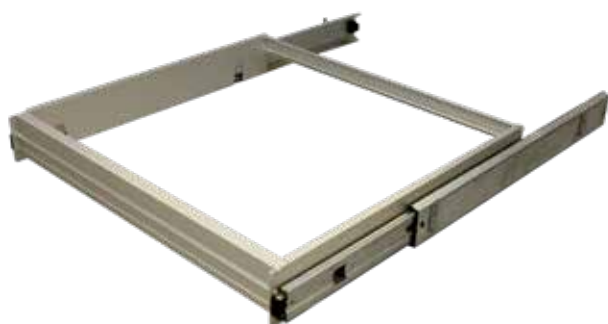

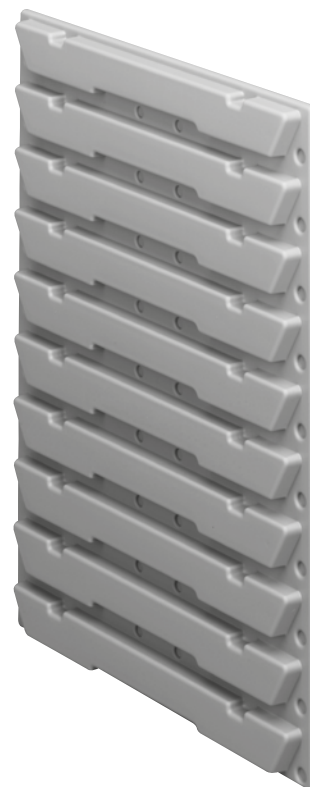

Art. No.	Height	Description
7930907	1890 mm	Stainless steel
7930906	952 mm	Stainless steel
7930905	630 mm	Stainless steel

DIN side panels

- | ABS grey
- | Seamless molded extension stops
- | Pass-through function
- | Simple installation
- | With 9 or 12 mm wall distance

Art. No.	Distance	Size (W x D x H)	Description
K560052	9 mm	504 x 215 x 28 mm	7 inserts, for wall cabinets
K56005212	12 mm	504 x 215 x 28 mm	7 inserts, for wall cabinets
K561051	9 mm	630 x 350 x 28 mm	10 inserts, for sub and tall cabinets
K56105112	12 mm	630 x 350 x 28 mm	10 inserts, for sub and tall cabinets
K560051	9 mm	630 x 455 x 28 mm	10 inserts, for sub and tall cabinets
K56005112	12 mm	630 x 455 x 28 mm	10 inserts, for sub and tall cabinets
K560053	9 mm	1.890 x 440 x 28 mm	30 inserts, for tall cabinets
K56005312	12 mm	1.890 x 440 x 28 mm	30 inserts, for tall cabinets

DIN full extension runner with frame

- | Full extension runner made of stainless steel
- | Frame made of aluminium

Art. No.	Size (W x D)
K100238A	538 x 500 mm

DIN full extension runner inclined with frame

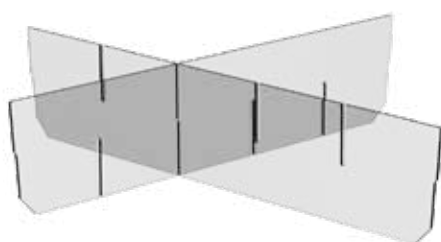

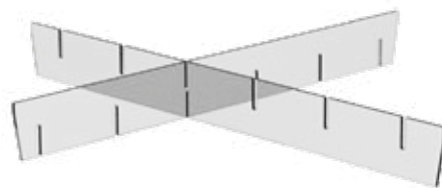

- | Full extension runner made of stainless steel, frame made of aluminium
- | To hook inclined into the pilaster

Art. No.	Size (W x D)
K100242N	538 x 500 mm

DIN divider height 50 mm

Art. No.	Size (W x H)	For DIN modular tray
K560112	268 x 50 mm	K560023
K560103	500 x 50 mm	K560025, K560026, K560044
K560113	500 x 50 mm	K560023
K560102	538 x 50 mm	K560025, K560026, K560044

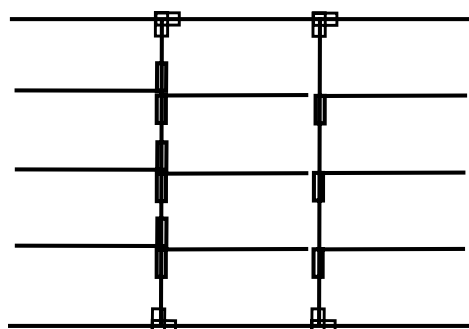

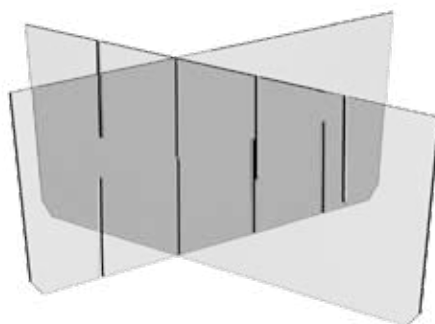

DIN divider height 100 mm

Art. No.	Size (W x H)	For DIN modular tray
K560192	250 x 100 mm	K560038
K560123	268 x 100 mm	K560034
K560105	500 x 100 mm	K560031
K560124	500 x 100 mm	K560034
K560104	538 x 100 mm	K560031
K560191	538 x 100 mm	K560038

DIN divider height 180 mm

Art. No.	Size (W x H)	For DIN modular tray
K560196	500 x 180 mm	K560030
K560195	538 x 180 mm	K560030

DIN medication insert

Art. No.	Size (W x D x H)	Description
500578	538 x 250 x 50 mm	for DIN half size tray 50, 3 lanes
500579	538 x 500 x 50 mm	for DIN modular tray 50, 3 lanes
500577	538 x 500 x 100 mm	for DIN modular tray 100, 3 lanes

Aluminium rail height 35 mm

For any flexible sliding divider

Art. No.	Size (W x H)	For DIN modular tray
K560200	500 x 35 mm	K560025, K560026, K560044

Aluminium rail height 100 mm

For any flexible sliding divider

Art. No.	Size (W x H)	For DIN modular tray
K560201	500 x 100 mm	K560025, K560026, K560044

Flexible sliding divider

240161

240821

- Transparent dividers for space savings of 30%
- The flexible solution in combination with aluminium rails
- Dividers are easily adjustable to the size of the product
- With integrated label holder
- Dividers can be snapped off at predetermined breaking points

Art. No.	Size (W x H)	For DIN modular tray
240161	170 x 35 mm	all modular trays at height 50 mm
240821	170 x 100 mm	all modular trays at height 100 mm

online 3D Planner

Storage shelves

- | Optimal storage and flexible expansion
- | Clear and space saving storage
- | With ISO modular trays for medicines, vials, and small parts
- | With pull-out shelves and drawers
- | With shelves for bulk goods

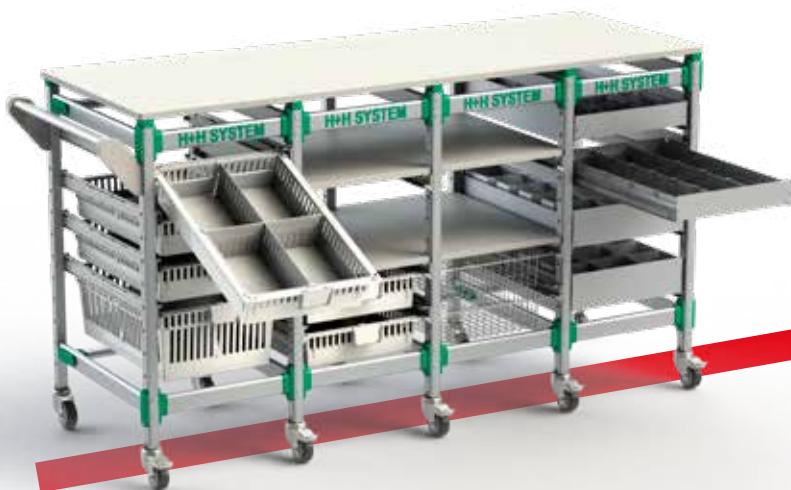

Workstations

- | Storage and preparation
- | Optimal use of space and time
- | Adaptable to any environment
- | Preparation of medicines
- | Scanning of products
- | Documentation

Mobile units

- | Transport of ISO modular trays and H+H exchange trays
- | Sturdy swivel castors
- | Comfortable handle
- | Robust and jointless worktops
- | Combinations of trays, shelves, and drawers

H+H FLEX SHELF®

Stability and flexibility,
made of high quality
aluminium

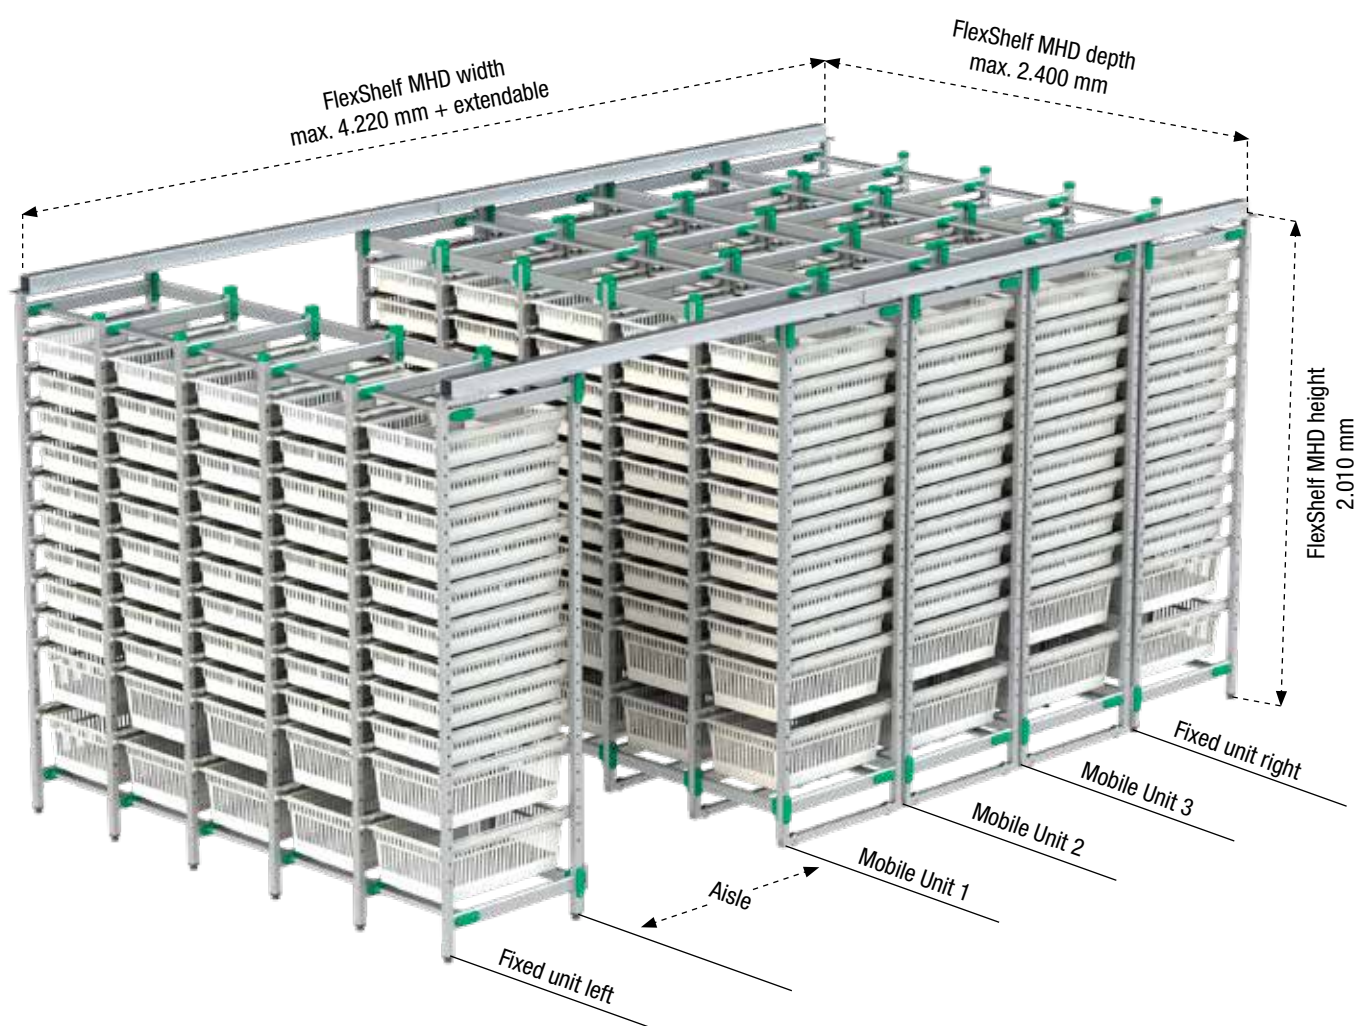

FlexShelf MHD

The mobile shelving system by H+H SYSTEM

- | Lightweight construction – stable aluminium
- | Pass-through feature – workflow from both sides
- | Add on to existing FlexShelf or individual solution
- | Only 1 aisle necessary for 5 shelves
- | All mechanical – no need for electricity
- | No need for floor fixation

Maximum flexibility and great space savings – fully accessible without floor rail

Free choice of accessories
**Equip your FlexShelf MHD
 with the ISO modular
 tray system**

Endless possibilities
**We plan your customised
 shelf according
 to your wishes**

Labelling and logistics

- | High visibility
- | Optimised supply chain management
- | Suitable for label sizes
 - Labels 51 x 25 mm
 - Labels 60 x 40 mm und 40 x 60 mm
 - Labels 85 x 54 mm
- | Double card system

Organise your products easily with labels, label holders and labelling rails

Label sleeve 25/51 adhesive

- | Suitable for labels 25 x 51 mm
- | With adhesive tape

Art. No.
100043

Label holder 25/51 adhesive

- | Suitable for labels 25 x 51 mm
- | With adhesive tape

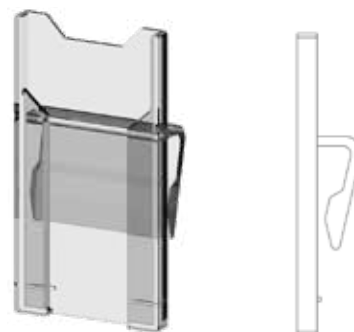

Art. No.
100044

Label holder 25/51, 35/3 with clip

- | Suitable for labels 25 x 51 mm
- | Clip thickness 3-5 mm, for any H+H system height
- | To clip on any H+H divider or rail
- | Labels exceed products for perfect overview

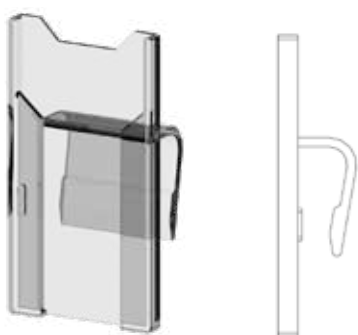

Art. No.
100045

Label holder 25/51, 35/9 with clip

- | Suitable for labels 25 x 51 mm
- | Clip thickness 9 mm, for any H+H system height
- | To clip on any H+H divider
- | Labelling „moves” with product

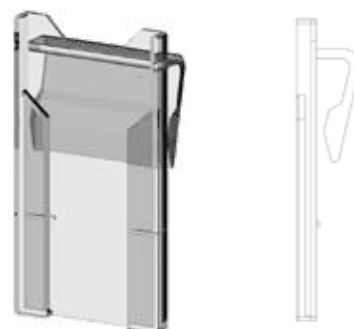

Art. No.
100046

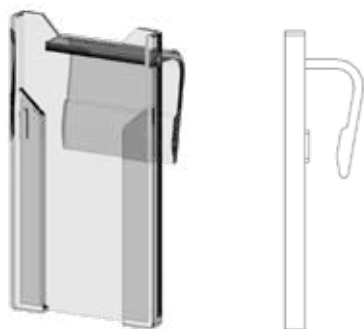

Label holder 25/51, 55/3 with clip

- | Suitable for labels 25 x 51 mm
- | Clip thickness 3-5 mm, for any H+H system height 55 mm and higher
- | To clip on any H+H divider or rail

Art. No.
100047

Label holder 25/51, 55/9 with clip

- | Suitable for labels 25 x 51 mm
- | Clip thickness 9 mm, for any H+H system height 55 mm and higher
- | To clip on any H+H divider clip
- | Labelling „moves” with product

Art. No.

100048

Label holder 40/54 PC with clip

- | Suitable for label 100188, optional cover for label
- | Vertical and horizontal clip function
- | For modular trays, dividers, etc.

Art. No.	Description
100067	Label holder 40/54 PC with clip

Art. No.	Description
100063	Cover for label holder

Label holder 40/60 PC adhesive

- | Suitable for label 40 x 60 mm
- | With adhesive tape
- | Optional transparent cover for label

Art. No.	Description
100062	Label holder 40/60 PC adhesive

Art. No.	Description
100063	Cover for label holder

Label holder 40/60 PC with clip

- | Suitable for label 40 x 60 mm
- | Vertical and horizontal clip function, optional cover for label
- | Suitable for any H+H system height 45 mm and higher

Art. No.	Description
100060	Label holder 40/60 PC with clip

Art. No.	Description
100063	Cover for label holder

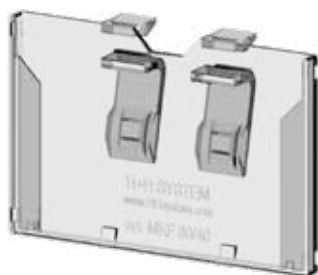

Label holder 60/40 PC adhesive

- | Suitable for label 60 x 40 mm
- | With adhesive tape
- | Optional transparent cover for label

Art. No.	Description
100058	Label holder 60/40 PC adhesive

Art. No.	Description
100073	Cover for label holder

Label holder 60/40 PC with clip

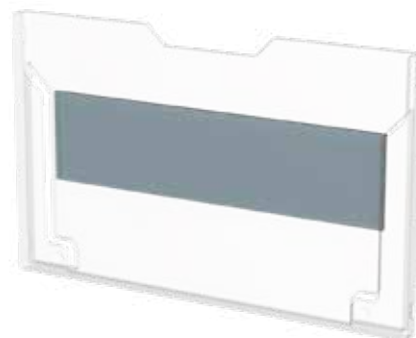

- | Suitable for label 60 x 40 mm
- | Vertical and horizontal clip function
- | Optional transparent cover for label K100185 and K 100186

Art. No.	Description
100059	Label holder 60/40 PC with clip
100073	Cover for label holder

Label holder 85/54 PP adhesive

- | Suitable for label K100187 and 100076
- | With adhesive tape

Art. No.
100077

Label holder 85/54 PP with clip

- | Suitable for label K100187 and 100076
- | Vertical and horizontal clip function
- | Available in transparent and various colours

Art. No.	Description
100072	transparent
100072-bl	blue
100072-gr	green
100072-or	orange
100072-rt	red

Labelling rail, adhesive

- | Labelling rail length up to 1000 mm

Art. No.	Height	For label strip
210500	24 mm	20 mm
210501	29 mm	26 mm
210504	31 mm	30 mm
210502	42 mm	40 mm
210503	57 mm	54 mm

Label holder rail

- 350 x 35 mm, aluminium
- For any label holder

7972350	350 x 25 mm
7972400	400 x 25 mm

Labelling rail

- For ISO and DIN modular trays

Art. No.	Size (W x H)
7971060	60 x 40 mm
7971100	100 x 40 mm

Labelling rail

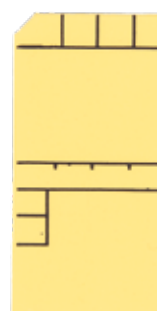

- For ISO and DIN modular trays

Art. No.	Size (W x H)
7971330	330 x 40 mm ISO
7971530	530 x 40 mm ISO
K100152	490 x 40 mm DIN
K100153	245 x 40 mm DIN

Labels 25 x 51 mm, printed and blank

Art. No.	Description
100012N	white with grid
100013N	yellow with grid
100014N	green with grid
100015N	blue with grid
100016N	orange with grid
Art. No.	Description
100112N	white, blank
100113N	yellow, blank

Grid

Blank

Label cardboard 25 x 51 mm

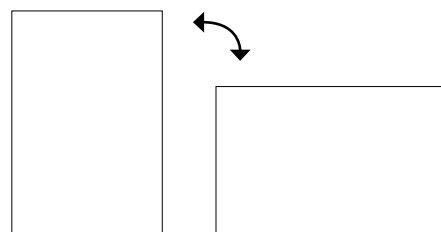

- White, A4 sheet
- 35 labels/sheet
- Blank, to print yourself

Art. No.	Size (W x H)
100122	25 x 51 mm

Label adhesive ISO 60 x 40 mm

- 25 labels/sheet

Art. No.	Description
K100191-ws	white
K100191-rt	red
K100191-gb	yellow

Label plastic 60 x 40 mm

- White, blank, for label holder 100059 and 100060
- Thickness 0,3 mm, 0,5 mm

Art. No.	Description
K100186	60 x 40 mm – 0,3 mm
K100185	60 x 40 mm – 0,5 mm

Label 85 x 54 mm

- White, blank
- Thickness 0,5 mm
- Suitable for label holder 85/54 PP (100072 and 100077)

Art. No.	Description
100076	cardboard, A4 sheet

Art. No.	Description
K100187	plastic

Sheet holder adhesive

- DIN A4 landscape or portrait
- For cabinet door

Art. No.	Size
44198	DIN A4 portrait
44197	DIN A4 landscape

Refrigerator organisation

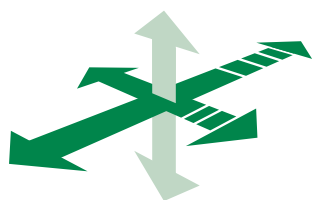

- | Efficient with our flexible divider system
- | Optimal use of space
- | Any width and depth of drawer possible
- | Material: aluminium or plastic
- | Suitable for any refrigerator

H+H SYSTEM produces
drawers for medicines
and blood, for any
refrigerator

AluCool® drawer

- | AluCool effect: high quality aluminium provides stable and consistent temperature
- | Durable and long lasting
- | Easy to pull out due to plastic rollers
- | Any refrigerator can be retrofitted with any number of drawers
- | Tool-free assembly
- | Any divider configuration
- | Subsequent adjustment of the organisation system using dividers and rails
- | Hygienic due to the aluminium surface

Any width
Any depth
Any height

Aluminium drawer lockable

- | Sensitive medication is stored safely with the lockable aluminium drawer

Plastic drawer

- | Assortment of specialised plastic types
- | Easy to pull out due to plastic rollers
- | Any width, depth and height of drawer possible
- | Any refrigerator can be retrofitted with any number of drawers
- | Tool-free assembly
- | Any divider configuration
- | Subsequent adjustment of the organisation system using dividers and longitudinal rails

Material variations for refrigerator drawers
