

Corporate Volunteer & Sponsorship Program Overview

At Peace Valley Nature Center, we offer meaningful opportunities for corporate groups to engage in hands-on environmental stewardship while supporting our mission through project funding. This unique program allows businesses to make a lasting impact on the community, foster team-building, and demonstrate their commitment to sustainability — all while directly supporting vital projects at our nature center.

How it Works

- **Sponsor a Project:** Your company selects and funds a project that aligns with your values and our conservation priorities. Examples include:
 - Tree planting and habitat restoration (covering the cost of native trees, shrubs, seeds, and planting materials)
 - Curated garden installation (funding plants, mulch, and signage)
 - Trail maintenance or creation (covering materials such as gravel, lumber, or tools)
 - Invasive species removal and native plant replanting (supporting removal costs and plant replacements)
- **Volunteer as a Team:** Your group will join us on-site to bring the project to life. Our staff will provide guidance, tools, and training to ensure a safe, fun, and productive experience for all participants.
- **Recognition:** We proudly acknowledge corporate partners through our website, social media, on-site signage (where applicable), and in our annual report.

Benefits for Your Team

- ✓ Strengthen teamwork and morale through a shared purpose
- ✓ Contribute directly to local conservation and community health
- ✓ Fulfill corporate social responsibility and sustainability goals
- ✓ Learn about the environment and local ecosystems from our knowledgeable staff

Cost & Commitment

Each project requires a financial contribution to cover materials, plants, and supplies. Sponsorship amounts vary depending on the scope of the project. We will work with your group to design a project that fits your budget and interests.

A typical project ranges from \$1,000 to \$10,000 depending on size and complexity. We ask that groups bring at least 10 volunteers (or more depending on the project scale).
