

Important Information for drivers arriving at Peace Valley Nature Center

Arrival and Parking at Nature Center location

- The entrance to the nature center can only be accessed from North Chapman Road via New Galena Road.
- When you get to the bottom of the hill of North Chapman Road, there will be a stop sign. Turn left into the parking lot and immediately right into the parking lot. Drive about 20 feet and turn left into the bus parking lot in the back.
- Buses/Vans may wait there during the program. Students will be dropped off and picked up here (make sure you have contact information for the bus drivers and tell them what time to be back for pickup if they might leave and come back).
- Chaperones driving their own cars can pull to the end of the parking lot, there is a white sign that says Program Parking Only and leads to an overflow lot with reinforced turf.

Programs are held entirely outdoors. There is no indoor facility. If you have questions, please do not hesitate to call (215) 348-6270.
