Evaluation of Direct Enhancement Services

COMPREHENSIVE CONSUMER EDUCATION

Describe how the Coalition coordinated resource and referral programs specifically related to the provision of comprehensive consumer education to parents and the public regarding participation in the school readiness program and parental choice.

The Coalition provides a multi-pronged approach to delivering Child Care Resource and Referral (CCR&R) services. Families can connect by phone to our dedicated call center, in-person appointment, virtual appointment, walk-in at any of our three locations, email, and live webchat. Additionally, our website offers a wealth of child care resource and referral information that parents can access at their convenience.

The Coalition provides child care resource and referral information using technology, connecting via webinars and on social media platforms such as YouTube to support parents as teachers, leaders, and advocates. Social media on Facebook, Instagram, Twitter, Pinterest, and LinkedIn has expanded in the last year, giving families options to connect virtually via their preferred platforms. Social media networks are a powerful medium to keep families and the community informed of timely news about early education and child care in the county.

The Coalition's Community Engagement team provides education to our community partners on our services and collaborates with partner agencies to increase family access. The Community Engagement team also participates in community outreach events. Many of these events were virtual in the last year. Our network of referral agencies across Palm Beach County assures a "no wrong door" approach to accessing services. Additionally, our community offices are in hard-to-reach areas in Palm Beach County. We offer ADA accommodations to ensure access for all. Our approach over 2020/21 was effective as we continued open enrollment, often maintaining our waitlist at zero.

We strive to make CCR&R services accessible regardless of access to technology or transportation in the following ways:

- Available computer kiosks at each office location with support from Coalition staff
- Office locations near lines of public transportation
- Customer referrals to local resources that provide bus passes or car services
- Appointment availability before and/or after normal business hours
- Community partner locations and facilities (i.e., CareerSource, libraries, community resource center)
- Partnerships with child care providers to assist families

The Coalition emphasizes family engagement in quality child care and supporting opportunities that include parents, partners, and providers. We offer a range of topics including child development, screening, Kindergarten transition via monthly parent cafes, weekly parent chats and Facebook live options. Our annual conference was designed to be inclusive of families as well as providers. We also offer advocacy opportunities that include families in the decision-making process and open

dialogue. We also partnered with the Children’s Services Council of Palm Beach County on our VPK campaign and radio opportunities to share information about our services.

PROVIDER FINANCIAL SUPPORTS

Provide a list of grants, awards, or bonuses offered to school readiness program providers to assist them in meeting applicable state requirements for child care performance standards, implementing developmentally appropriate curricula and related classroom resources that support curricula, providing literacy supports, and providing professional development. Include the qualifying criteria to receive financial supports and related monitoring activities to verify appropriate use of support.

Provider supports are identified using Palm Beach County provider data to include CLASS program assessments, low-scoring CLASS dimensions, GOLD child assessment data, readiness rates, provider mapping and community indicators. In 2020/2021, we offered the following financial supports:

- CLASS assessment differential as outlined in 6M.4.500
- Child Assessment differential as outlined in 6M.4.500
- Provider reimbursement based on enrollment instead of attendance through December 2020
- CARES and CRRSA funding to support ongoing provider operations
- ELC Local Grants funding, as approved by DEL to support provider operations
- Collaborative provider supports in the form of teacher stipends to attend training and elementary Pre-K to K alignment meetings (current Collaboratives in Riviera Beach, Lake Worth, Delray Beach, and the Glades communities)
- Teacher stipends for their participation and completion in training series including challenging behaviors, child assessment, language, and literacy
- Provider pandemic supports in the form of Health and Safety, Infrastructure and Professional Development mini grants
- ARPA funding to support provider operation and re-opening. These supports have continued into program year 2021.22
- CRRSA workforce payments were issued to early care and education teachers for their commitment to the early learning community
- Purchased three thousand subscriptions for providers participating in the STAR Early Literacy project.
- Purchased GOLD subscriptions for providers interested in participating in the School Readiness child assessment contract requirement.
- ASPIRE program supporting providers in hiring and retaining new staff

TRAINING AND TECHNICAL ASSISTANCE

Provide a list and description of trainings and/or technical assistance activities the coalition offered to school readiness program providers, staff, and parents in each of the following areas.

The Coalition continues to offer a variety of training opportunities for providers, staff, and parents in English, Spanish, and Creole. As listed below, these offerings addressed educational, developmental and safety needs of infants, toddlers, and preschool children. Trainings are offered face-to-face and virtually to fit a variety of schedules and needs, ranging from one to three hours in duration and facilitators focus on transfer of learning. Trainings were offered in individual session and series formats. For FY 2021/22, the Coalition offered a total of 254 training sessions, totaling 2,789 participants in attendance.

Technical assistance and coaching were offered in the same manner as trainings to ensure accessibility. For FY 21-22, the Coalition offered 2,517 coaching hours to 1722 classrooms (duplicated count)

The Coalition facilitated the following trainings offered multiple times in English and Spanish:

1. Early Learning Standards

- Social-Emotional Development in Preschool Children
- Using the Standards to Build Dynamic Lesson Plans
- Emergent Literacy
- Phonological Awareness
- Active Parenting Curriculum Supporting Phonological Awareness

2. Child Screenings and Assessments

- A Teacher's Guide to My Teaching Strategies/GOLD
- Best Practice for Child Observation and Assessment – English and Spanish
- How to Complete GOLD/My Teaching Strategies Checkpoint
- My Teaching Strategies/GOLD (Using the Online Tool to Inform Planning)
- Best Practice for Child Observation and Assessment
- How to Complete GOLD/My Teaching Strategies Checkpoint
- ASQ-3 and ASQ-SE Developmental Screening
- STAR Early Literacy

3. Developmentally Appropriate Curricula and Character Development

- A Closer Look at Effective Teaching Strategies and the Pre-K Class
- Frog Street- Implementing the PreK 2020 Curriculum

- Frog Street- Implementing the Threes Curriculum
- PreK Excel Curriculum Strategies using Frog Street
- Infant Curriculum Strategies Using Frog Street
- Toddler Curriculum Strategies Using Frog Street
- Preschool Curriculum Strategies Using Frog Street
- Creative Curriculum for Teachers and Staff
- Anytime is 3T's Time for programs

4. Teacher/Caregiver-Child Interaction

- CLASS Group Coaching Infant/Toddler
- CLASS Group Coaching Preschool
- Let's Talk Infant CLASS Series Table Talk Series
- Let's Talk Toddler CLASS Series Table Talk Series
- Let's Talk PreK CLASS Series Table Talk Series
- Intentional Instruction: Meeting the Needs of All Children
- Instructional Support- The Power of Using Open Ended Questions
- CLASS Introduction for Preschool
- 3T's Training for parents and providers
- Parent Cafés and Parent Chats
- Conscious Discipline Coaching Sessions

5. Age-Appropriate Discipline Practices

- Mastering Challenging Behaviors Series
- Behavior Guidance in the Toddler Classroom
- Behavior Guidance in the Preschool Classroom
- Conscious Discipline
- Self-Regulation

6. Health and Safety

- Keeping Children Safe in Early Child Care Environments
- Creating a Safe Indoor Learning Environment

EVALUATION OF DIRECT ENHANCEMENT SERVICES

Nutrition – Providers who partner with the Child Care Food Program are monitored by local licensing for health and safety. Additional training is offered for Early Head Start-Child Care Partnership providers. We also participated in a community partnership to support more providers in joining the Child Care Food program.

First Aid – Providers are monitored by local licensing for compliance with regulations for Early Head Start providers under the Coalition Early Head Start-Child Care Partnership Grant.

Recognition of Communicable Diseases – The Coalition hosted webinars in collaboration with local Health Department child care licensing to inform parents and the providers of COVID-19 and other communicable disease guidance and reporting.

Child Abuse Detection and Prevention – Training offered to providers through the Coalition and community partners.

QUALITY ACTIVITIES FOR INFANT AND TODDLER CARE

Provide a description of the quality activities and services the coalition provided to enhance infant and toddler care.

Coalition staff provided coaching and technical assistance to enhance infant and toddler care. With an emphasis on CLASS dimensions, Florida Standards, social emotional needs and developmentally appropriate environments, Coalition staff engaged providers and families in meaningful dialogue around the best practice infants and toddlers.

Quality activities also included social media outreach, education, and webinars. Coalition staff facilitated communities of practice with providers around creating inclusive environments for young children in addition to encouraging the use of child assessment tools to support meaningful parent-teacher engagement. The Coalition responded to family and provider requests and inquiries in a timely manner, identifying additional resources that meet developmentally appropriate care and educational practices for this age group.

Our Coalition partnered with families and providers to increase awareness of the importance of meaningful conversations for brain and language development. This increased understanding helps to ensure that every child in Palm Beach County is ready to succeed in school and life. The 3 T's Initiatives and its evidence-based approach to Tune In, Talk More and Take Turns can work for all families with children of any age.

- 3-T's Community Awareness Campaign – using our Child Care Resource and Referral network, Partner network and established communication channels to increase awareness.
- Parent Workshops/Activities – Parents will participate in a series of eight weekly sessions to gain or expand knowledge about early brain development, early language, and words used every day, everywhere.
- Family Coaching – Families will have the opportunity to participate in a series of eight weekly coaching sessions with our Infant Toddler Specialist. The coaching sessions focus on

DEL 202.80 – ELC ANNUAL REPORT

understanding brain development, building communication skills and implementing the “Any Time is 3Ts Time” strategies.

- Provider training – Providers participated in a training series supporting the 3Ts model. The series included self-paced training as well as community of practice meeting to encourage dialogue and community learning. Providers received a kit of infant and toddler materials to implement in their program.

MONITORING

Describe the process for monitoring of compliance with, and enforcement of, applicable state and local requirements.

The Coalition continues to follow the established process for provider monitoring. During the 2021/22 contract year, the Coalition’s criteria for randomly selected providers was as follows:

- Providers with less than 85% compliance with onsite monitoring for previous contract year
- Providers with substantiated parental complaints in the prior contract year
- Providers with attendance-monitoring results exceeding a discrepancy rate of 15%
- Providers with Class 1 or excessive Class 2 violations as reported by local licensing
- Providers with a Corrective Action Plan or Probation status from a previous year

In addition to newly contracted providers, providers who had not received monitoring from the previous contract year were added by the Coalition to meet the targeted number of providers to be monitored for the year. Coalition staff worked to ensure the sample size was representative of all provider types. The DEL SR 20M monitoring tool was used to complete the monitoring of SR providers and the State approved VPK on-site monitoring tool for VPK providers.

In the 2021-22 fiscal year, the Coalition staff reviewed and collected supporting documentation, as required, for 122 School Readiness providers and 110 VPK providers. The Coalition exceeded the DEL required sample size by 10 percent. Once completed, Coalition staff reviewed the report with the director or provider representative highlighting the outcome of the monitoring. Where necessary, recommendations of areas for improvement were made and technical assistance was provided during the time of the monitoring. For the non-compliant providers, Coalition staff wrote a detailed description of the non-compliance items on the monitoring tool, assigned a due date for completion, and followed up on those items with the provider. In cases where the provider did not complete the follow up task by the assigned due date, the Coalition staff issued a formal corrective action notice and tracked the providers progress regularly while delivering technical assistance during the follow-up. All monitoring interactions were documented on the monitoring tool and were tracked in the Coalitions record management system.

In addition to conducting routine monitoring, Coalition staff also followed up on parent complaints and provider self-reports via telephone/desk reviews or in-person. In some instances, these monitorings resulted in placing a provider on probation or issuing a corrective action. There was a total of twenty-six providers on corrective action/probation status which resulted in seventy-four additional onsite visits. The providers identified in this status include those that started their action plans in the previous year and concluded in 21-22. For fiscal year 2021-22 there were a total of 317

parent complaints and provider self-reported incidents monitored, of which, 141 reported by parents and 176 reported by providers. The total number of provider self-reports logged for the 21-22 fiscal year was 777, a substantial increase from previous years, which included reporting on communicable disease reporting and emergency closures.

INCLUSION

Describe the activities the coalition has implemented to promote inclusive child care including responding to Warm-Line requests by providers and parents and providing developmental and health screenings to school readiness program children.

[Please see the Annual Inclusion Activity Log attachment below.](#)

Describe any achievements/accomplishments/success stories this quarter in the technical assistance/training you have provided.

The Coalition continued and expanded activities to promote inclusive care and early intervention services for children during the 2021-2022 fiscal year. These activities included technical assistance and training offered virtually, and assistance in the process of managing the screenings.

Child care providers and parents contacted the Coalition regarding the developmental screening process, managing challenging behaviors, and inclusion services for children with special needs. Between July 2021 and June 2022, the Coalition received 1,218 calls to our Inclusion Warm Line.

Expanded Services

In collaboration with the Center for Child Counseling, the Coalition offered "A Way of Being with Children" training and resources as a supportive strategy when working with children. "A Way of Being with Children" is a trauma-informed approach to building resilience in children. The strategies are effective for all children and support inclusive settings.

The Second virtual Inclusion Super Saturday was offered with the collaboration of Partnerships such as Center for Children Counseling and Home Safe. Ninety-five early childhood educators registered to participate in the event.

With the implementation of the screening in the Portal, in addition to the individualized supports offered, the Early Intervention team established once monthly small group online technical assistance for Providers.

The Coalition went to places in our community where families gather to play and learn to raise awareness of the importance of ASQ screenings. Two outdoor play-based events were held in convenient areas of Palm Beach County with the participation of one-hundred sixty-four families. Families played in hand-on stations and learned about their child's development at the same time.

Ongoing Support Services

Coalition staff continue to implement our proven training model of conducting informal virtual observations based on the individual request. Inclusion staff then follow up with educator and parent support on best practices, development of an action plan, and ongoing support to monitor implementation of action plans. When applicable, connections are made to other services.

Developmental Screening

During program year 2021-2022, the Coalition completed 25,219 developmental screenings, of which 1,805 were submitted for further assessment to our local partner agency, Home Safe. In seeking to help parents whose children scored ASQ 3 / ASQ-SE2 for concern, the team developed a virtual family counseling approach to ensure families have the support and resources they need.

More than a year has passed since the launch of ASQ-Online through the Portal. The Coalition has seen a significant increase in the number of screenings completed since April 1st, 2021. The Coalition continues to collaborate closely with parents and providers to ensure timely screening. Ongoing outreach and support efforts are showing results with an increase in providers seeking technical assistance and a positive trend in screening participation with minimal reminders. The Coalition will continue the current effort and work closely with parents and providers to ensure timely screening.

Summarize any barriers encountered during the past fiscal year

- Providers have expressed that the number of screenings to complete has doubled. We continue to educate providers on the recommended ASQ screening schedules.
- The Portal was under maintenance from 4/25/2022 through 4/31/2022 impacting electronic screening collection in April.
- The API connection between Brookes and EFS Mod was down impacting all screenings completed from 5/24/2022 through 6/01/2022. We were able to course correct with our screening data.
- Providers have expressed difficulty finding and retaining qualified staff to manage children's behavior in the classroom. We created and sustained our ASPIRE program to support hiring and retention of early learning staff which includes a robust training, technical assistance, and Community of Practice plan to share information including classroom management strategies.

Did you collaborate with new agencies? If so, who?

The Inclusion Program participated in several community initiatives in Palm Beach County, including Birth to 22, Palm Beach County's Interagency Meeting, and the Palm Beach County Special Needs Advisory Coalition (SNAC). Staff also collaborated with existing and new partners from community agencies including: Homesafe, Center for Children Counseling, Center for Autism and Related Disabilities from Florida Atlantic University (CARD – FAU), Technical Assistance and Training System (TATS), Child Net, Palm Beach County Legal Aid Society, Early Head Start, Exceptional Student Education within the Palm Beach School District, First Steps and Early Steps of Palm Beach.

Do you have any training or technical assistance needs currently? If so, please describe.

We currently focus on Certified Coaching, Best Practices in Inclusive Early Childhood Education (BPIECE) training, Pyramid Model implementation, Community of Practice certification and ASQ training for new staff and available refreshers. We always welcome training on current trends in the field that will support our providers and families.

DATA SUMMARY

Data Summary

The following information is based on data collected from July 1, 2021 - June 30, 2022.

CHILDREN SERVED IN SCHOOL READINESS

Number of children served in the school readiness program, by provider type, enumerated by age and eligibility priority category, reported as the number of children served during the month, the average participation throughout the month.

Please see Section D attachment below.

CHILD DISENROLLMENT

Total number of children disenrolled during the year and the reasons for disenrollment

Please see Section E attachment below.

PROVIDER TYPE

Total number of providers by provider type

Please see Section F attachment below.

SCHOOL READINESS PROVIDER REVOCATION

List of any school readiness program provider, by type, whose eligibility to deliver the school readiness program is revoked, including a brief description of the state or federal violation that resulted in the revocation

Due to multiple class one violations, including noncompliance with background screening and license capacity, Tomorrow's Future Family Child Care Home program was revoked on March 10, 2022 as a school readiness provider. After their appeal, this status was upheld on April 11, 2022. There are no other provider revocations in 2021-2022. [Please note that Section G below inaccurately reflects that no providers were provoked.](#)

VOLUNTARY PREKINDERGARTEN PROVIDER REVOCATION

List of any voluntary prekindergarten program provider, by type, whose eligibility to deliver the voluntary prekindergarten program is revoked, including a brief description of the state violation that resulted in the revocation

There were no VPK provider revocations in 2021-2022. [Please see Section H attachment below.](#)

CHILDREN SERVED BY PROVIDER

The total number of children served in each provider facility

Please see Section I attachment below.

FISCAL SUMMARY

During the 2021- 2022 fiscal year, the coalition's total operating budget was \$174,658,688.84

PROGRAM FUNDS (REVENUES)

Segregation of School Readiness Program funds, Voluntary Prekindergarten Education Program funds, Coronavirus Aid, Relief, and Economic Security Act funds, Coronavirus Response and Relief Supplemental Appropriations Act funds, Preschool Development Grant funds and other local revenues available to the coalition.

Section E - School Readiness Children Disenrolled
September 12, 2022**

Reason for Disenrollment	Number of Children Disenrolled
Child care provider dismisses child due to child's behavior	20
Child care provider does not meet parent's or guardian's expectations.	21
Child care provider has closed for economic or other business reasons.	38
Child care setting provided too much stimulation for the child.	3
Child deceased.	5
Child has a duplicate record.	15
Child has exceeded the age-limit for services.	72
Child is no longer residing with the guardian who completed the initial application. New paperwork must be completed by new guardian.	54
Child poses safety risk to other children at program.	9
Child was determined eligible for services but never enrolled with a child care provider.	21
Client deceased.	4
Client does not show up for redetermination.	282
Client failed to comply with program requirements.	18
Client failed to provide required documentation to maintain eligibility.	77
Client has obtained permanent housing and is no longer participating in the domestic violence or homeless program.	1
Client is eligible for services under a different funder (i.e., non funder 1).	3
Client is no longer eligible for services because the family income exceeds the allowable amount for eligibility.	36
Client moved out of the county in which funding is currently provided.	79
Client no longer has a valid purpose for care.	90
Custodian is involved in seasonal work (such as migrant or school district employees) and the child's enrollment is temporarily suspended while custodian is not working.	90
Parent declined Terms and Conditions	36
Parent or guardian lacks resources necessary to keep child in care.	7
Parent/guardian withdrew child from the program.	1,006
Physical limitations of child care provider	1
Provider dismissed child for noncompliance with the provider's attendance policy.	521
Provider dropped child from the provider's program.	15
Provider no longer receiving SR or VPK funds due to noncompliance or low performance	21
Provider remains open, but no longer provides VPK or SR services.	6
Referral from referring agency has expired.	55
Referring agency has terminated the referral.	9
Suspected Fraud Case.	8
The enrollment record was updated.	1,308
The next authorization period was approved.	1,571
The program where the child was receiving services changed ownership. The new owner has a new provider record.	11
Transfer from one SR funding source to another (i.e. BG3 to BG8).	3
Transfer to another provider record (even if the second record is owned by the same provider).	85
Total	5,601
