**Located in the Garden Room**

A thrilling and monumental new history of the CIA that reveals how women have always played crucial, often unacknowledged roles in American spycraft, a hidden "sisterhood" of spies, analysts, operatives, and manhunters.

With the same meticulous reporting and storytelling verve that she brought to her New York Times bestseller *Code Girls*, Liza Mundy has written an indispensable and sweeping history that reveals how women at the CIA ushered in the modern intelligence age.

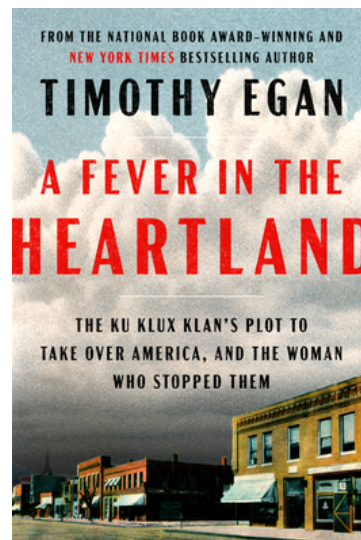

*Ghosts of Honolulu: A Japanese Spy, a Japanese American Spy Hunter, and the Untold Story of Pearl Harbor*

Dueling stories anchor *Ghosts of Honolulu's* gripping depiction of the world-changing cat and mouse games played between Japanese and US military intelligence agents (and a mercenary Nazi) in Hawaii before the outbreak of WWII.

*A Fever in the Heartland: The Ku Klux Klan's Plot to Take Over America, and the Woman Who Stopped Them*

### APRIL DISCUSSION

**Thursday, April 3rd at 7:00pm**

A historical thriller by the Pulitzer and National Book Award-winning author that tells the riveting story of the Klan's rise to power in the 1920s, the cunning con man who drove that rise, and the woman who stopped them.

**Located in the Garden Room**

Holly Gibney, one of Stephen King's most compelling and ingeniously resourceful characters, returns in this thrilling novel to solve the gruesome truth behind multiple disappearances in a midwestern town.

Stephen King's *Holly* marks the triumphant return of beloved King character Holly Gibney. When Penny Dahl calls the Finders Keepers detective agency hoping for help locating her missing daughter, Holly is reluctant to accept the case. In King's new novel, Holly is on her own, and up against a pair of unimaginably depraved and brilliantly disguised adversaries.
