Dueling stories anchor *Ghosts of Honolulu*'s gripping depiction of the world-changing cat and mouse games played between Japanese and US military intelligence agents (and a mercenary Nazi) in Hawaii before the outbreak of WWII.

Scrutinizing long-buried historical documents, NCIS star Mark Harmon and co-author Leon Carroll, a former NCIS Special Agent, have brought forth a true-life NCIS story of deception, discovery, and danger. *Ghosts of Honolulu* depicts the incredible high stakes game of naval intelligence and the need to define what is real and what only appears to be real.

*A Fever in the Heartland: The Ku Klux Klan's Plot to Take Over America, and the Woman Who Stopped Them*

## APRIL DISCUSSION

**Thursday, April 3rd at 7:00pm**

A historical thriller by the Pulitzer and National Book Award-winning author that tells the riveting story of the Klan's rise to power in the 1920s, the cunning con man who drove that rise, and the woman who stopped them.

"THIS BOOK IS A WINNER." —KIRKUS (starred review)

The City of Light comes alive in this lush, evocative tale that explores the ties that bind us together, the truths we hold that make us who we are, and the true meaning of what makes someone family.

London, 2017. Lucille is on a train to Paris, tasked with retrieving a priceless Dior dress. But not everything is as it seems, and what Lucille finds in a small Parisian apartment will have her scouring the city for answers to a question that could change her entire life.

Told in a dual timeline set in London in 2017 and Paris in 1952.

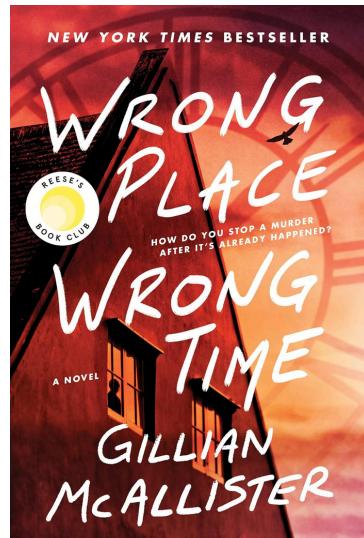

*The God of the Woods*
