NOTE FROM THE DIRECTOR OF GOLF- ZACH RAMSEY

PRACTICE YOUR GREEN-READING

This is a skill that can be improved. When you practice putting, take some time to read the putt as you would on the course. You'll become better at picking up subtle breaks that you might have missed before.

GOLF CLINICS

Dust off your clubs and brush up on some basics of the sport we love. All skill levels are welcome to the clinics. Read the details and join the fun! Clinics are taught by our Golf Professionals, Josh Sellers, Louie Maldonado, Michael Cernosek, and Cody Christian.

Code Girls by Liza Mundy is a nonfiction book that tells the true story of the thousands of American women who were secretly recruited by the U.S. government during World War II to work as codebreakers. These women, many of whom were recent college graduates, played a critical role in cracking enemy codes and shortening the war. The book reveals their intelligence, dedication, and the challenges they faced, all while working in total secrecy. It's a compelling mix of history, espionage, and untold heroism.

In *Wrong Place Wrong Time*, Jen witnesses her teenage son, Todd, commit a shocking act of violence outside their home late one night. The next morning, she wakes up to find it's the previous day—and Todd hasn't done anything yet. Caught in a time loop, Jen begins to move backward day by day, searching for answers and clues that might prevent the crime from ever happening. As she unravels the truth, she discovers hidden secrets and connections that change everything she thought she knew about her family and the past.
