

Nominee: Steve Yarrington

Position: The Club at Sonterra's Board of Advisors

San Antonio native—grew up in Encino Park—and now a husband and father of twin 10-year olds, living here in the Midlands of Sonterra since 2021. Graduated from Texas A&M University, and work in Corporate Finance for Marathon Petroleum. I've got into tennis the past year, continue to be mediocre on the golf course, and enjoy spending time at the club with the family and friends.

As a Sonterra resident/member, I'm passionate about (and invested in) the club continuing to grow as a great place to participate in the hobbies we love, 'escape' from the outside stresses of life, build friendships in a close community, and serve as a great environment to raise families.

Serve as a positive liaison between members, the staff, and the ownership, proactively seeking and sharing feedback between parties

Provide ideas on optimizing certain areas & space around the club, and help ensure we're investing in and prioritizing projects with the best 'return' for our members

Bring a positive attitude, set ambitious goals, and provide support needed to achieve those goals

As an active participant in most club activities—golf, tennis, swimming, club events & family activities—I've built good relationships with a wide-ranging network of members, and have a feel for various opportunities across the club

Have a career in Finance, so can offer insights on budgeting, project economics, and/or general financial decisions the club has
