

**Nominee: Kevin Gallivan**

**Position: The Club at Sonterra's Board of Advisors**

My name is Kevin Gallivan, and I would like to be considered to serve on the Club of Sonterra Board of Advisors. For more than forty years, I have built my career around leadership, service, and community engagement. I began in construction sales with a Fortune 150 company, spending ten years learning the importance of customer relationships, communication, and consistent performance. For the past twenty-plus years, I have owned and managed three companies in flooring, custom t-shirt production, and swimming programs all focused on customer service and community needs. These diverse experiences have given me a solid foundation in operations, strategic planning, and delivering a specialized skill set.

My objective in running for the Board is to use the hope to bring my experience and perspective to the Board to help drive thoughtful progress, support ongoing improvements, and contribute to the Club's continued momentum and success. I have always believed that being active in the community contributes not only to personal growth but also to the strength of the organizations we care about. Since the Club's acquisition, I have been an outspoken advocate for the direction we are heading, and I am excited about the growth that lies ahead.

If I am nominated to have the privilege to serve, I hope to be a positive role model, lead by example, and help implement thoughtful policies that enhance member experience and support future development. I bring effective communication skills, leadership experience, and a service-driven mindset, qualities that I am eager to contribute to the Board and to the members we serve.
