

CAPABILITY STATEMENT

About Us

FGH Civil is your go-to for projects of any size across Southeast Queensland. Our GPS-controlled machinery is meticulously maintained, ensuring the highest quality of work on every job. At FGH, we pride ourselves on delivering high-quality service within client timeframes, budgets and safety standards as our priority.

We boast a large team of highly skilled machine operators, where superior quality of the foundation preparation is paramount to the success and cost effectiveness of the overall project. Our commitment and focus on quality and performance have proven we have the ability to handle projects of any scale.

We don't just aim to meet expectations- we strive to exceed them, delivering excellence in every project we undertake.

Our Services

At FGH Civil we can offer extensive range of plant for hire. Our highly skilled operators understand the importance of client satisfaction and superior level of service.

FGH Civil has a reputation for quality and reliability, whether its specific machinery or an entire crew for projects; we can provide all your requirements.
