The "Nierusz Natura" Foundation was registered on March 6, 2024.

The Foundation was established by members of "Nierusz", which operated in the Republic of Belarus from 1997 to 2022. Currently, the activities of the "Nierusz Natura" Foundation rely on the equipment, experience, and knowledge gained during the operation of the Belarusian organization.

The organization is a member of ***Coalition Clean Baltic***, the ***Belarusian National Platform of the Eastern Partnership Civil Society Forum***, and ***Climate Action Network*** Eastern Europe, Caucasus and Central Asia (CAN EECCA).

The organization participates in the implementation of local, national, and international projects.

1

information and methodological activities

In collaboration with the Belarusian Service of Polish Radio — production of the "***Science Close to You: Listen and Act***" podcast series (audio broadcasts on Thursdays, radio website, YouTube channel)

Overview of citizen science applications in the Baltic Sea Region and publication of the manual (in the final editing stage)

2 Piloting of tools and user training

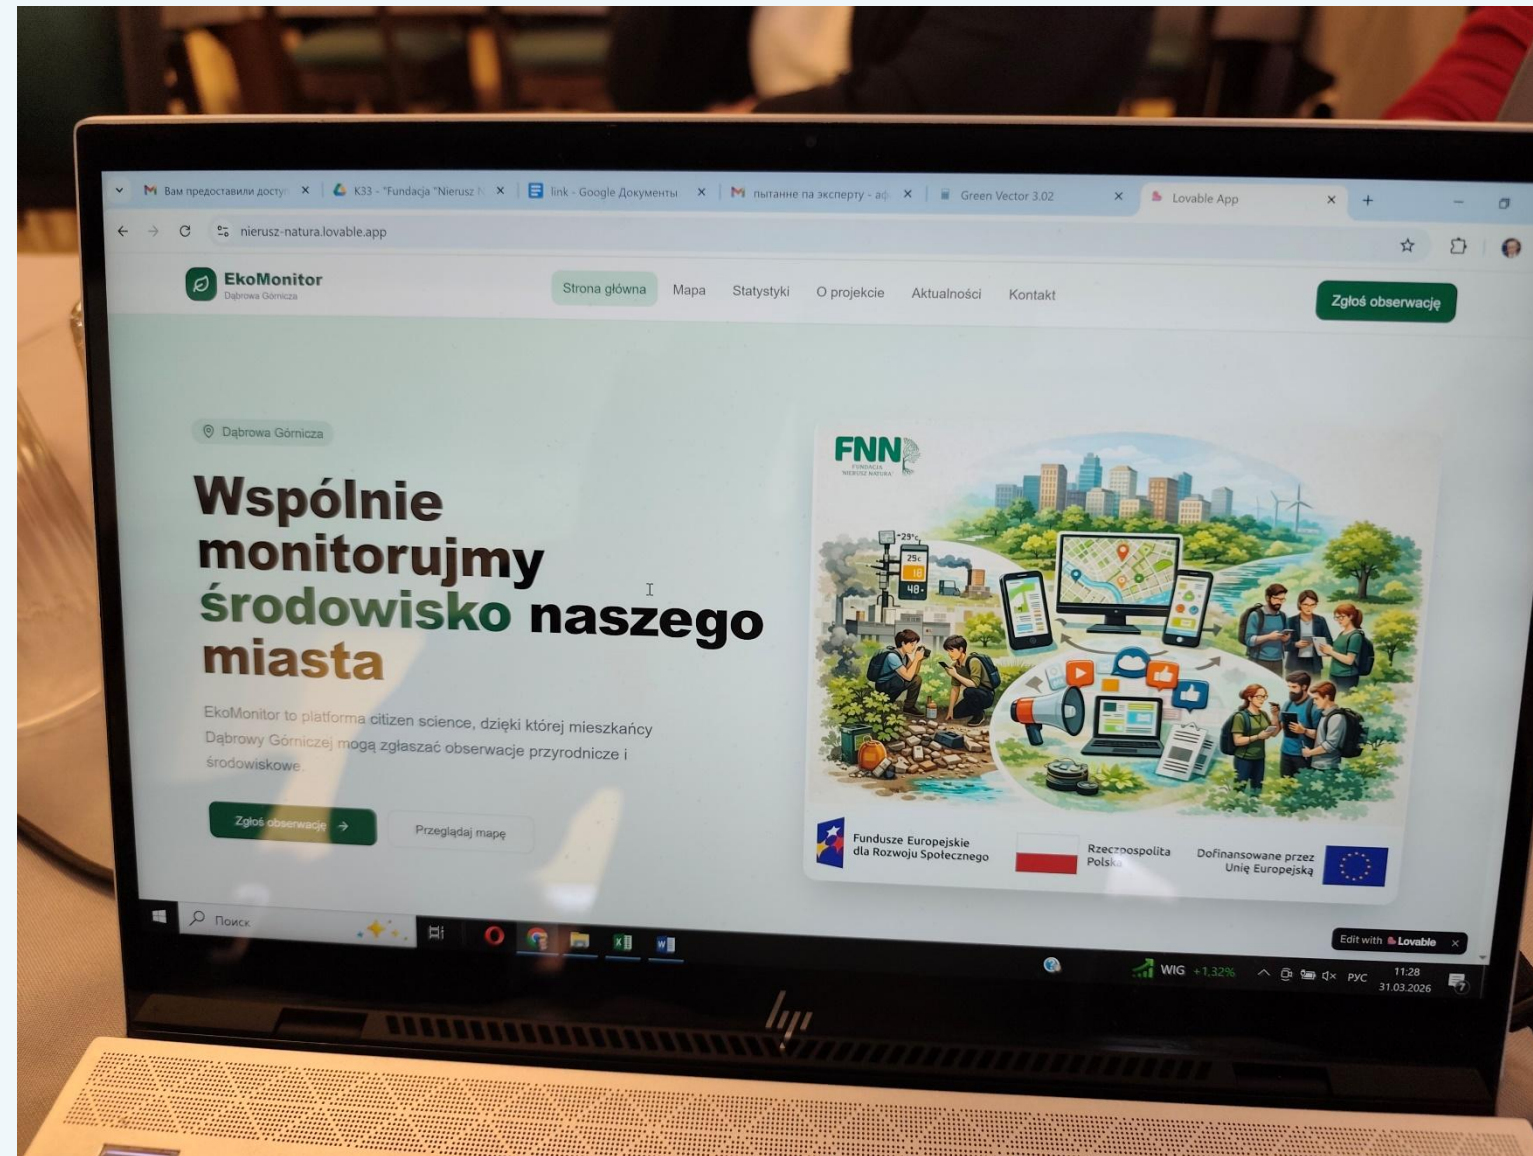

The “***Green Discoveries of Warsaw***” - a series of 8 nature excursions in Belarusian for Belarusians in Warsaw—studying plants and animals, learning their names in Polish, and learning to use citizen science tools

The "Green Discoveries of Warsaw" project is being implemented under the "Environmental Education Fund"—a joint initiative of the Air Protection and Climate Policy Department and the Old Town Cultural Centre. The project advances the educational goals of Warsaw’s Green Vision and the recommendations set out in the "Cultural Education in Warsaw" document, and is funded by the Capital City of Warsaw.

Testing of tools by environmental activists in Warsaw, Katowice, Żyrardów, Dąbrowa Górnicza, Bielsko-Biala...

3 Data collection

A platform has been created to collect data on the state of the environment in the city of Dąbrowa Górnicza (Silesian Voivodeship, Poland)

4 Nature conservation and environmental projects

Dune3. Collaborative planning and pilot actions for Grey dunes restoration in the South-East Baltic

- Masz „prawo do wiedzy” – dostawca musi odpowiedzieć w 45 dni, jeśli wyrob zawiera SVHC >0,1% masy.
- Budownictwo = niski poziom przejrzystości – dlatego Twój sygnał ma znaczenie.
- Kampania „What’s in Your Walls?” – łączymy obywateli, by egzekwować przejrzystość chemiczną w sektorze budowlanym.
