

## SEABAS Expert workshop

### SEA consultation best practices for MSP

**Date:** Wednesday 27<sup>th</sup> of May 2026

**Time:** 10.00 - 15.00 CEST / 11.00 - 16.00 EEST

*The objective of the Expert Workshop is to collect and validate SEA consultation best practices for MSP within activity 1.5 of the SEABAS project.*

The session will:

1. Outline current project results on best practices and identified challenges and solutions,
2. Facilitate the further collection of best practices and evaluation of their applicability considering, for example, implementation limitations, and
3. Discuss relevant questions for improvement of SEA consultation processes in MSP processes.
