

Stronger Together

Waterford Community Coalition

[Verse 1]

In the heart of Waterford, we stand as one,
Building a future, where hope is never done.
Together we rise, like the morning sun,
Empowering our youth, every daughter, every son.
We're the puzzle pieces that fit just right,
Crafting a vision, battling the night.
Stronger families, the mission is clear,
With every step forward, we conquer our fear.

[Chorus]

Waterford Community Coalition, hear our call,
Together for a future where we stand strong, one and all.
Building up our town, brick by brick,
Fighting for our youth, it's time to make it stick.
Let's paint a brighter picture, make our vision bloom,
In a world where substance misuse has no room.

[Verse 2]

Empower the youth, give them the tools,
Teaching them strength, we break all the rules.
Educating allies, our message is loud,
In the ring for their wellness, we're forever proud.
Through evidence-based strategies, we strive to improve,
Reducing the risks, let's all make a move.
Strength in our numbers, together we shine,
Working for change, making futures align.

[Bridge]

We envision a place, where kids can play,
Free of the shadows that lead them astray.
A community thriving, inclusive and bright,
Where everyone's welcome, and love is the light.
Join us in the journey, be part of the change,
With hearts wide open, let's re-arrange.
Stand with your neighbors, hand in hand we'll rise,
WCC is the dream, let's reach for the skies.

[Outro]

So let's join together, come play your part,
Waterford Community Coalition, let's heal every heart.
With courage and unity, we'll make a stand,
Creating a brighter future, for this cherished land.
In the spirit of love, we'll dance through the night,
For Waterford's youth, we'll be their guiding light.
