About us

J.A.B.S Event Hire is a premier supplier of Wedding, Corporate and Private Party DJ's, Photo Booths, 360 video booths, Fun Casino Tables and much more. Offering the best wedding DJ's and entertainment that the UK has to offer.

Our Guarantee

J.A.B.S Event Hire are very different from your standard events company. We guarantee you a DJ/events co-ordinator (dependant on booking) on the night of your event as we strongly believe that every event is important. We have never let anyone down and we never would-after all...THE SHOW MUST GO ON! We are able to guarantee this service because, for example, of the 32 DJ's we have working for us we will only ever book out 27 at one time. This leaves 5 DJ's free in case of illness or unforeseen circumstances, ensuring that we will always have a DJ available to step in if needed. This also allows us to take on last minute bookings in the event of other DJ companies (not J.A.B.S Event Hire) letting customers down. Once we receive our daily feedback from our DJ's that they are fit to work their designated events we release our other DJ's to these last minute events if needed.

We offer a no obligation consultation meeting. In the meeting we tailor a quote to your event needs, and give you information of all of the required legal documentation a DJ needs.

We like to think that we are able to take the stress out of booking a DJ and like to think that we will give you full satisfaction and peace of mind when booking with us.
