The goods and services offered here are those we can provide to our customers. Please note that all funeral arrangements include a non-optional basic charge for our services and overhead, in addition to any items you select. We are here to help you choose only the goods and services you want. If there are any items required by law or other regulations that you did not request, we will always explain these charges in writing.

*The basic service charge covers staff who respond to your initial request, meet with your family, prepare and file certificates and permits, shelter the remains, write and place obituary notices, plan funeral arrangements, and coordinate with cemeteries, crematories, vault companies, florists, clergy, and others as needed. Additionally covered in this charge are overhead expenses relative to our facility such as insurance, maintenance and utility expenses, secretarial and administrative costs, and equipment and inventory expenses. This fee is included in the total cost of all funeral arrangements, including direct cremations, immediate burials, and forwarding or receiving remains.*

These specific cases may include situations involving interstate transportation of remains or public health concerns; please ask our staff if you have questions about these exceptions. If you choose a funeral with a viewing, embalming may be needed. If you prefer not to have embalming, you can select options like direct cremation or immediate burial, which do not require it.*
