Presents

# Grace Sheene

**FRIDAY 24TH JULY**

On Friday 24th July, step into an evening of timeless elegance and world-class jazz as Jack Calloway returns to the stage at 1904 Arts. Renowned for his charismatic stage presence, musical flair and unmistakable blend of sophistication and mischief, Calloway curates an atmosphere that is as captivating as it is unpredictable - where no two nights are ever quite the same.

For this **ONE NIGHT ONLY** performance, he is joined by one of London's most exciting rising voices - Grace Sheene.

With a voice that is at once velvety, powerful and deeply rooted in the Great American Songbook, Grace brings a rare authenticity to the stage - breathing new life into classic repertoire with warmth, soul and effortless style. Already an established performer at leading jazz venues in London, and with her debut album on the horizon, this is a chance to experience her artistry up close in an intimate setting before the next chapter of her career unfolds.

Backed by the might and top tier quality of Jack's own, specially selected band, the evening promises a seamless blend of timeless standards and moments of pure musical spontaneity - all guided by Calloway's signature hosting and musical direction.

Seating is limited and previous shows at 1904 Arts have sold out quickly. Early booking is strongly advised.
