

# HEARTSTOPPERS HAUNTS

Support the community...  
If you dare!

Selected Dates in October

*The Mine Shaft*

2300 Mine Shaft Lane

Rancho Cordova

Get ready for the ultimate scare—and a great cause! The Cordova Community Council's Heartstoppers Haunted House returns this October to deliver thrills, chills, and plenty of screams in the name of community spirit.

Each year, the historic Mine Shaft property transforms into Rancho Cordova's most terrifying attraction. For 13 fright-filled nights, brave guests journey through haunted tunnels and eerie hallways where ghosts, ghouls, and zombies await around every corner. With more than 15,000 visitors each year, Heartstoppers is consistently rated the Best Haunted House in the Sacramento region. But behind every scream is something even more powerful—support for our community.

This volunteer-powered event is the Cordova Community Council's largest annual fundraiser, helping to make local festivals, parades, and celebrations possible all year long. It also supports those ghoulish creatures, otherwise known as Theater 4 Theater Nerds, our partner non-profit organization at Heartstoppers.

Be part of the scare that cares! Sponsorships:

- Put your business in front of thousands of guests while supporting a great local cause.
- Group Packages: Bring your team, friends, or clients for a spooky night out at a discounted rate.
- Tickets: Go ahead—see if you can make it through without screaming!

***Chilling. Thrilling. Unforgettable.***
