### MISSION

The Rancho Cordova iFest International Festival celebrates the community's ethnic diversity and reaches out to newcomer groups by offering them an opportunity to showcase their cultural heritage. The event is a free, family-friendly evening in an outdoor setting. It celebrates the sounds, dance, and tastes from around the world... and around the corner.

During the Semiquincentennial year, this event will include an exhibit exploring the role of immigrants in our nation's history and the meaning behind the U.S. motto of "E Pluribus Unum" – from many, one.

### COLLABORATORS

This volunteer-driven event is organized by a Cordova Community Council planning group that includes community residents. The centerpiece of this event is the colorful and lively entertainment line-up on stage in the amphitheater. Admission to the event is free of charge. Food and beverages are available for purchase. "Wines of the World" is a unique wine-tasting experience for adults. A special ticket is required for this activity.

### ATTENDANCE

Participation is broadly diverse, with performing groups representing more than a dozen international cultures. Audience members are all ages, with families making up the biggest sector.

### PUBLICITY

Fest is marketed to the community through local media, social media, community signage, and flyers distributed through the schools. iFest has enjoyed generous coverage by local media.

The planning cycle begins in February, with the sponsor deadline on April 1 for collateral materials, including publicity flyers, programs, and volunteer gear. Event marking starts in mid-April.
