

RECAP: WHAT'S NEW IN ENCORE

cluen[®]

MAKE REPORTING A COMPETITIVE ADVANTAGE.

TOOLS THAT TURN DATA INTO CLIENT-READY PRESENTATIONS

PowerPoint Report Templates

Generate branded slides directly from Encore data—no exporting, formatting, or manual copy/paste. Even make Prospective Candidate decks for BD pitches. Perfect for building presentations aligned with your firm's visual identity and reporting standards.

Stacked Reports (Stacks™)

Build multi-section reports with saved filters and templates. Deliver repeatable, client-ready presentations that combine candidate insights, scorecards, and summaries into a single polished output.

AI-Generated Report Summaries

Draft-ready summaries are auto-generated directly within report templates. Encore's reporting AI handles the narrative, helping you tell a compelling story without hours of manual writing.

Built for Your Clients

With Encore's presentation tools, you'll deliver structured, visual, and consistently professional materials every time.

WANT TO SEE HOW THIS APPLIES TO **YOUR WORKFLOW?**

Encore is constantly evolving to make search easier and more effective. If you'd like to see how these updates could work for your team, we'd be happy to show you around.
