## A SAFE START TO THE NEW YEAR

As we begin a new year, many of us are looking for a fresh start—and in Wisconsin, that also means preparing for some of the most challenging driving conditions of the season. January brings colder temperatures, snow, ice, and added stress on our vehicles, making safety and reliability more important than ever. At Auto Select, we believe peace of mind starts with knowing your vehicle is ready for winter.

Starting the year with a focus on safety and reliability can help prevent unexpected breakdowns and costly repairs.

### Why Winter Vehicle Care Matters

Cold weather can affect many critical systems, including:

- ✓ **Batteries** - Cold temperatures reduce battery power and are the leading cause of no-start situations
- ✓ **Tires** - Tire pressure drops in colder weather, reducing traction and control
- ✓ **Brakes** - Snow, ice, and road salt increase wear and reduce stopping performance
- ✓ **Heating Systems** - A properly working heater and defroster are essential for visibility and comfort
- ✓ **Fluids** - Oil, coolant, and other fluids thicken in cold temperatures and must be at proper levels
- ✓ **Exhaust Leaks** - Can allow harmful gases into the vehicle, reduce fuel efficiency, and increase engine noise

### How Preventative Care Helps

Taking care of small concerns early can:

- ✓ Help prevent winter breakdowns
- ✓ Improve vehicle reliability in cold conditions
- ✓ Extend the life of key components
- ✓ Provide peace of mind during daily driving

### Our Commitment to You

At Auto Select, auto repair is about more than fixing what's broken. It's about helping our customers feel confident and informed. Our teams take the time to:

- ✓ Perform thorough winter inspections
- ✓ Identify potential issues before they become problems
- ✓ Explain findings clearly and honestly
- ✓ Help you make informed decisions without pressure

As we begin the new year, our promise remains the same—to deliver expert automotive care with a focus on safety, trust, and reliability.

Thank you

for choosing Auto Select  
to help keep you and  
your family safe on the  
road this winter.

JANUARY HOLIDAYS

January 1  
New Year's Day

January 19  
Martin Luther King Jr. Day

January 31  
National Hot Chocolate Day

Happy New Year

My Kid asked me "do trees poop?"  
And I said, "Where do you think number 2 pencils come from?"

When people talk about "30 years ago", I immediately think of the 70's, but they mean 1996, and now I need to go lay down!

Not to brag, but I just got hired as a fitness model....  
They used me for the "before" picture.

RECIPE OF THE MONTH... Submitted by Kary Kramer from Shawano

Cucumber Shrimp Salad

INGREDIENTS:

- 2lb. shrimp, peeled & deveined  
1 small cucumber, diced  
3 green onions, sliced  
1/3 C. mayo  
1/3 C. sour cream  
1 large lime (zested & juiced)  
2 T. fresh dill, chopped

- 1 T. dijon mustard  
1 clove garlic, minced  
1 T. cajun seasoning (I use Tony Chachere Creole Seasoning)  
1/4 t. salt  
1/8 t. pepper

DIRECTIONS:

Make the creamy lime dressing: stir together the mayo, sour cream, lime zest and lime juice, dill, mustard, garlic, salt & pepper. Refrigerate.

Bring a pot of water to boil. Add the Cajun seasoning. Add the shrimp and cook for 2-3 minutes until cooked through & pink.

3While the shrimp are cooking, prepare a bowl of ice water for the shrimp. Once the shrimp are done boiling, remove them to the ice bath to cool. Let sit for 3-5 minutes.

Drain the shrimp and chop them into bite sized pieces.

In a mixing bowl, combine the chopped shrimp, green onion, diced cucumber and dressing until creamy. Top with dill. Serve with crackers.
