FLEET ACCOUNT OF THE MONTH

Seal Appeal LLC, Appleton North

654 NEW CLIENTS THIS MONTH

CLIENT SATISFACTION

4.9 OUT OF 5 STARS!

Appleton East - I'm very pleased about the service I received from Auto Select. I'll be returning. Maria T

Appleton North - Every interaction I've had with them has been nothing but professional, friendly, and helpful. Even when they can't personally help with what I need, they always take the time to point me in the right direction and connect me with someone who can. That kind of customer service really stands out. A special thank you to the store manager Cornelius for all that he's done and for being so supportive and helpful. I truly appreciate it and look forward to continuing to build a great relationship with him and the team for years to come. Great people, great customer service, and a business I'm happy to recommend! Peter T.

Green Bay West - Another terrific experience! Montana is outstanding and extremely knowledgeable. Tony and his crew completed the work on a new transmission, keeping me informed throughout the process. Their dedication to quality service is fantastic. Received my vehicle sooner than expected and reasonably priced. Great service all the way around! Jim F.

Stevens Point East - I am usually a customer at Auto Select, but I ended up taking my vehicle to the VW dealership in town for a possible warranty issue. [VW] had me pay \$200 just for them to look at it, then tried to pressure me into a \$3,000 head gasket replacement over the phone. I took it to Auto Select for a second opinion the same day. They told me there was nothing wrong with my car, that they'd be comfortable driving it across the country, and sent me on my way for no charge. Shannon S.

Shawano - The best auto service. Great service and price. I wouldn't take my car anywhere else. Ruth D.

Weston - Auto Select in Weston, WI is amazing. Great group of knowledge staff. They take the time to explain the concerns. I never feel pressured and they always get the job done right and on time. Thank you Auto Select! Betsy H.

FALL TIRE TIPS: GET YOUR VEHICLE READY FOR CHANGING ROAD CONDITIONS

As temperatures begin to drop and fall weather settles in, it's a good time to take a close look at your tires. Cooler temperatures, wet roads, fallen leaves, and the approach of winter can all make tire condition especially important.

Your tires are the only part of your vehicle that actually touches the road, so having the right tires with adequate tread and proper inflation can make a significant difference in traction, handling, and stopping performance.

1. Check Your Tread Depth

Tire tread helps move water away from the contact patch between your tire and the road. As tread wears down, your tires can lose their ability to maintain traction, especially on wet roads.

If your tires are getting close to the end of their usable tread, fall is a good time to replace them before winter conditions arrive.

2. Check Tire Pressure

As temperatures drop, tire pressure can decrease. A tire that was properly inflated during the summer may be underinflated in colder fall temperatures.

Don't rely solely on the Tire Pressure Monitoring System (TPMS). The system is designed to alert you when pressure is significantly low, not necessarily when your tires are at their ideal pressure.

3. Look for Uneven Wear

Take a few minutes to inspect your tires for uneven wear across the tread. Wear on the inside or outside edges can be a sign of alignment, suspension, or inflation problems.

Catching these issues early can help protect your tires and improve the way your vehicle handles.

4. Inspect for Cracks, Bulges, & Damage

Fall is a good time to look closely at the sidewalls and tread for cuts, cracks, punctures, or bulges. Damage doesn't always mean a tire will fail immediately, but it can indicate a potential safety concern.

If you see anything unusual, have the tire inspected by a professional at Auto Select

5. Consider Your Winter Tire Needs

If you drive in areas where snow, ice, and consistently cold temperatures are common, fall is the time to start thinking about winter tires.

Winter tires are designed specifically for cold-weather conditions and use rubber compounds that remain more flexible in lower temperatures. If you already have a set of winter tires, don't wait until the first major snowfall to have them installed.

6. Don't Forget the Spare

When checking your tires, remember to check the spare tire too. Make sure it is properly inflated and that you have the necessary equipment to change a tire if needed.

A flat tire is frustrating enough. Discovering that your spare is also unusable makes the situation even worse.

7. Have Your Tires Professionally Inspected

If you're unsure about the condition of your tires, bring your vehicle to Auto Select. Our technicians can inspect your tires for tread depth, wear patterns, condition, and proper inflation and help you determine whether they're ready for the months ahead.

Get Ready Before the Weather Changes

Fall is the perfect time to prepare your vehicle for colder temperatures and changing road conditions. A few minutes spent checking your tires now can help you avoid unexpected problems later.

OCTOBER HOLIDAYS

Monday, October 5: "World Teachers' Day"

Monday, October 12: Columbus Day / Indigenous Peoples' Day (U.S. Federal Holiday)

Saturday, October 31: Halloween

Happy Halloween

How do you fix a broken jack-o'-lantern? Use a pumpkin patch

Marriage Tip: If your wife ever does something wrong, just remind her of how your mom used to do it... She'll love the feedback and thank you for being such a thoughtful husband.

A scammer called and said they have all my passwords... I quickly grabbed a pen and paper and said, "great, what are they?!"

RECIPE OF THE MONTH...

BOO! Chocolate Peanut Butter Bars

INGREDIENTS:

- 3/4 cup honey
- 1/4 cup maple syrup
- 1 1/4 cups creamy peanut butter
- 3 cups corn flakes cereal
- 2 cups brown rice krispies
- 8-12 ounces semi-sweet or dark chocolate, melted
- 6 ounces white chocolate, melted
- Candy eyes and black sprinkles, for decorating

DIRECTIONS:

- Line a 9x13 inch baking dish with parchment paper.
- In a large bowl, combine the corn flakes, brown rice krispies, and 1 cup peanut butter.
- In a pot, combine the honey and maple syrup. Bring to a boil over medium heat. Cook 2 minutes, then remove from the heat and pour the mix into the corn flake/peanut butter bowl and stir well. Spread the mixture out into the prepared pan, packing it in tightly. Place in the fridge for 15 minutes.
- Meanwhile, melt together the chocolate and 1/4 cup peanut butter in the microwave. Spread the mix over the corn flake mix.
- Melt the white chocolate, then spoon a small dollop (1 teaspoon for small ghosts and 1 tablespoon for large ghosts) of white chocolate onto the chocolate, making sure each ghost is 1 inch apart from the other. Using a wooden skewer or the end of a skinny spoon, gently drag the white chocolate into a ghost shape, don't worry about making these perfect, the more imperfect they look, the better.
- Insert 2 mini candy eyes. Return to the fridge to set, about 15 minutes, cut around the ghost, creating irregular shapes. Keep in the fridge until ready to serve.
