CARBINE DIGITAL

The Carbine Digital Locksets are a next generation product. Heres why: Incorporating a full lever handle on the inside rather than just a small knob, it is user-friendly. It is also the first digital lockset to come with its own stainless steel fitting plate. In this way you can easily retrofit a standard lockset. The existing hole in the door will be covered without the installer having to custom-make a fitting plate. In addition, this lock is fire-rated! Carbine Digital locks have been improved on the standard market offerings and are tried and tested to offer you and edge in mechanical digital lock fitting.

MECHANICAL DIGITAL LOCK

The Carbine CDL7 digital improves even further on mechanical digital locking. The Carbine design team have taken all the good features of the NK2000 series and added even more innovation.

The CDL7 series features a new easy code change system on the rear of the pad, by simply flicking switches instead of changing discs. This has also allowed an improved internal locking mechanism to prevent costly breakdowns. The addition of ball bearing style push buttons has also increased the resistance to code manipulation. The CDL7 also features a BCA compliant lever handle and a clutching large turnknob on the outside

The CDL7 series is available in various models to suit lockset, deadlatch, mortice lock and dual pad applications

Features include:
• Should only be used in light to medium traffic areas. Not for use in high volume commercial areas
• Ideal for storerooms and similar areas
• BCA compliant lever handle
• Clutching external large turn
• 2 hour fire rating for CDL7100SC model with use of the supplied latchset
• Backset is 60mm standard, 70mm and 127mm backsets available as an option
• Supplied with a reversible internal lever handle that allows fitting to left or right handed opening doors
• Easy to change user codes via removal of the back cover
• Easy grip outer knob that is larger than many other similar digital products
• Larger body footprint allows retrofit to cover lockset holes
• Suits new and retrofit applications with everything provided in the package. Retrofits for various models including Carbine NK2000 & Lockwood 530 digital
• Includes all components and instructions for fitting and combination changing
• Cycle tested and exceeds 25,000 openings.
• Available in the finish of satin chrome
• CDL7100SC suits door thicknesses 32mm to 54mm
• Display blocks & display packaged models available

MODEL DETAILS

Product Code	Model	Finish	Packaging	Pack	Outer
CDL7100SC	Lockset 60mm	Satin chrome	Trade pack	1	6
CDL7100SCDP	Lockset 60mm	Satin chrome	Display pack	1	6
CDL7100-2SC	Suit 002 & mortice locks	Satin chrome	Trade pack	1	16
CDL7100-KDSC	Lockset 60mm dual pad	Satin chrome	Trade pack	1	12
CDL71-002SC	Kit to suit 002 incl deadlatch	Satin chrome	Trade pack	1	1
CDL7-DBKIT	Lockset 60mm display block	Satin chrome	Mounted block	1	1
CDL7100-2SC-A	Suit 002 & mortice locks	Satin chrome	Trade pack	4	16

SPARE PARTS

LK Code	Product Code	Description
111721	E312P-T1-A	Tailpiece adaptor for mortice locks
13979	NKL-1	Latch 60mm spare SC
443587	CDL71-T1	Tailpiece for CDL71 lever model
86812	NKW-1	Washer top fix for CDL71
443586	CDL70-KLSC	CDL71 spare plain internal lever SC
443584	CDL71-PP2	Parts pack for CDL71 002 model
443590	CDL71-ISP	Spring for internal lever handle
443585	CDL71MAP	Fixing plate for CDL7100-2 mortice
29676	NKL-3	Latch 127mm spare SC
32137	NK2-BLOCK	Mounted display block only
414858	CDL71-KLSC	CDL71 Spare internal lever holdback SC
13981	NKL-2	Latch 70mm spare SC
443583	CDL71-PP1	Parts pack for CDL71 lever model
17006	CDL71-TR1	CDL71 digital lock trim plate 1.0mm thick SS
