MOBILE REFUSE EQUIPMENT ASSESSMENT

Complaint

Determine required repairs.

Cause

Blown up pump cartridge and weak bypass valve

Correction

Tech got on site and assisted with bringing up the bed of the truck with a forklift. Tech removed lines to bypass block from the pump and removed bypass block. Removed bypass valve from block and seems weak. Recommend bypass valve. Also removed front pump cartridge and found the the pan head bolts holding together the cartridge were both broken. Pulled out the cartridge one piece at a time. Recommend new pump cartridge for the body functions.

7/1/2026. AK. Travel to customer site. Clean and inspect parts and prep for installation of new pump cartridge. Clean pump valve block and install new cartridge valve. Clean pump case and pump end cover and inspect. Inspect pump case where pump cartridge is inserted for proper clocking and fit for cartridge. During inspection the pump case that the pump cartridge goes into was found to have damage to the case bore and the dowel pin hole that retains the pump cartridge into position. The original cartridge appears to have spun slightly in the bore and wore into the pump case. Advised customer that pump cartridge would not retain position in bore, and would likely spin or cause further damage if installed. Contact SWS parts for replacement options and advise customer that we will quote parts for replacement

Terms

PRICING VALID FOR 30 DAYS.

This is an ESTIMATE ONLY. Additional repairs or charges not exceeding 15% of the estimated price will be added to the final invoice WITHOUT an amended estimate. Required repairs exceeding 15% will be re-estimated accordingly.

Estimate pricing does NOT include applicable taxes or freight unless otherwise notated - AMOUNT BASED ON FINAL INVOICE DATE.

If special-order parts are required for this repair and the order is canceled after being placed, the customer will be responsible for all related costs, including inbound shipping, return shipping, and any applicable return or restocking fees.

Any implied warranty as per the manufacturer's standard written warranty.

Payment due upon completion of work or as specified above.

LIMITED WARRANTY

[COMPANY].

WHO IS COVERED: The company offers this limited warranty to only you, the customer listed on this repair order/invoice. It cannot be transferred to any other person.

WHAT IS COVERED: The Company warrants the workmanship of our labor performed in conjunction with repairs for 90 days (the 'Warranty Period'). Said Warranty Period commencing on the date ('Invoice Date') that the repairs are completed. The following items will void this Limited Warranty; if the failure was caused by misuse, abuse, lack of or improper maintenance, accident, alterations, overheating, and/or lack of lubrication or coolant. For any failure caused by the company's workmanship (labor) covered by this Limited Warranty, the company will either repair or replace such failure, at its option, in a company facility.

YOUR RESPONSIBILITIES: For vehicles; all items must be returned to our shop with transportation charges prepaid for our inspection and determination within 60 days from the date of the sales invoice covering said items. The customer is required to return the vehicle to the company or authorized repair facility at the customer's expense. For stationary equipment; all items must be made available for inspection by our technicians at the customer's site, or transported to our shop with transportation charges prepaid, within 60 days from the date of the sales invoice covering said items. The customer is responsible for all costs related to removal, preparation, and access to parts or components requiring inspection. Any on-site labor or travel charges incurred for inspection are the responsibility of the customer. You must retain copies of your Repair Orders/Invoices, and, upon request, be able to present them to us when requesting coverage under this Limited Warranty. Upon return of the equipment to you, you must pay for any parts, labor, products, expenses, freight, and taxes that the company is not obligated to provide or pay for under this Limited Warranty.

WHAT IS NOT COVERED: Repairs that are still covered by a manufacturer's warranty or recall or other third-party warranty/service contract. The company's Limited Warranty shall be secondary to any such warranty or service contract that provides coverage for repair claims covered hereunder. Damage caused by you for failure to use manufacturer approved fluids, or the lack thereof, including but not limited to hydraulic fluid, oil, antifreeze, and DEF. Any failure or damage resulting from your failure to perform maintenance in accordance with the manufacturer's recommendations; your failure to maintain appropriate fluid levels (e.g. oil, water, DEF, transmission fluid); your continued operation of the equipment after warning light notification; modification or operation of the equipment in a manner that is not in conformance with the manufacturer's specifications or intended use; an accident or collision; your use of improper or contaminated fluids including fuel, and/or misuse, abuse, tampering, negligence, theft, vandalism, or acts of nature or God. Parts installed and/or repairs performed on vehicles used primarily for off road competition or engaging in a contest of speed or endurance of any type.

INSPECTION RIGHTS: The company reserves the right to inspect the vehicle and any parts removed from or installed in the vehicle both prior to and after a repair is performed pursuant to a claim made under this Limited Warranty.

EXCLUSIVE REMEDY: The performance of labor to effect repairs is the exclusive remedy available under this written Limited Warranty.

IMPLIED WARRANTY DISCLAIMER: The only warranty on parts and products sold in conjunction with repairs performed by the manufacturer or supplier of said parts or products. Except for the limited warranty on the workmanship of our labor, the company expressly disclaims all implied warranties including any implied warranties of the merchantability and fitness for a particular purpose for any period beyond the warranty period.

NO ASSUMPTION OF LIABILITY: The company does not authorize any other person to assume for it any liability in connection with the sales of any parts or products of this repair.

THE FOLLOWING APPLIES TO ALL OF OUR CUSTOMERS

STORAGE CHARGES: I understand and agree that a daily storage charge may be assessed if I fail to pick up the vehicle after being notified that the repairs have been completed. Vehicle storage charges will accrue at the rate of \$45.00 per day beginning 15 days after the repair has been completed. Stationary waste equipment (e.g. compactors, balers, etc.) storage fees will accrue at the rate of \$200 per month beginning the day the repair has been completed. Storage fees will also accrue at the same charge if I fail to authorize repairs to be performed within three days after the date of communication from the company.

DISASSEMBLY/REASSEMBLY CHARGES: If you authorize disassembly of the equipment or a equipment component to provide an estimate or commencement of repairs and do not authorize completion of a repair or service, a charge will be imposed for disassembly, reassembly or partially completed work and you agree to pay the same. Such charges will be directly related to the actual amount of labor and parts involved in the inspection, repair, or service. I have been advised that disassembly of the equipment may prevent the restoration of the equipment to its prior condition.

DELAYS AND LEGAL LIABILITY: I understand and agree that the company is not responsible for any delays caused by the unavailability of parts or shipping by the supplier or transporter or any losses or downtime relating to such delays, nor is it responsible for loss or damage to the equipment or articles left in the equipment in the event of fire, theft, or any other cause beyond its control. The company will not be responsible for personal property. You and your representative agree to hold the company harmless and not liable for any missing or damaged property.
