PRINTSCAPE PONY LEAGUE WORLD SERIES AUGUST 7-12, 2026

OUR STORY

► PONY Baseball and Softball was founded in Washington, Pa., in 1951 with six original teams of 13- and 14-year-old boys. The first World Series was played in 1952, and the rest is history. Today, PONY comprises over 500,000 players ages 3-23 in over 50 countries.

At Historic Lew Hays PONY Field, we've seen teams from six countries and 13 different states take home a world championship, along with dozens of future stars, including MLB phenoms Christian Yelich and Spencer Steer, and even former NHL player Joe Corvo.

2026 will be the 74th PONY League World Series, and the 42nd straight in Washington, Pa. There is nothing we do in Washington County that shines as bright in the spotlight as this great event. For one week every year, the world comes here, to our home, for an event that takes literally hundreds of volunteers to make happen. As a community, we never look better than we do when we're all together at Historic Lew Hays PONY Field - the world's first PONY field.
