REFER CANCER OR BLOOD DISORDER PATIENTS TO LACN

Refer any patients with:

- New or suspected cancer diagnosis
- Abnormal labs or unexplained blood counts
- Pelvic masses, biopsy findings, or oncologic symptoms
- Known or high-risk family history of cancer
- Need for a second opinion or surgical oncology consult

Why Refer to LACN:

- Fast access (most patients seen within 7-10 days)
- Top oncologists and surgical specialists
- Clinical trials and advanced treatments
- Compassionate, community-based care

If you're unsure, send the referral — we'll take it from there.
