# WELCOME TO THIRD STREET!

## Thank You for Joining Us!

As the nation's longest-running community music school, Third Street is dedicated to expanding access to arts education for 6,000+ NYC students annually.

Through music and dance instruction at our headquarters, partnership programs in 30+ NYC public schools and public housing centers, an arts-infused preschool, and our series of 250+ public performances, Third Street leverages the power of arts education to empower youth to reach their fullest potential and bring together the diverse communities of NYC.

At a time when public and private funding for arts education nonprofits has been drastically reduced, Third Street needs your help to keep our programs strong.

### Please make a gift today!

Your support will ensure that Third Street remains a place where cost is never a barrier to learning and students of all backgrounds can pursue music and dance education without limits.
