Our Commitment

At Longview Funeral Home & Cemetery, we are driven to be the indisputable choice for funeral and cemetery services in each of our communities. This can only occur if there is a strong culture at the business where each employee is personally committed to serving our families. A strong culture like this is anchored in our values: Respect for the Family, Respect for the Individual, and Respect for the Profession.

As part of our commitment we endeavor to educate our community on the value and significance of funeral and cemetery service. We believe in its significant impact on the way families begin the healing process of grief. We have the expertise and courage to advise families and to allow for the healing to begin here.

All funeral and cemetery providers are not the same. Although some have tried, there is no true way to do a comparison of any two businesses by just reviewing their price lists. A reputable firm will engage you in a conversation about your loved one and how they can help you honor their life. Your final determination when selecting a provider should be made only after knowing confidently who will care for your loved one and family in the most meaningful way possible.

Our services and merchandise are priced in such a way that families select only what they need and want. This also makes it possible for families of any budget to select arrangements that are meaningful to them without sacrificing care and quality.

Thank you for the honor of allowing us to serve you at this time and allowing us to show you how we are different.

Sincerely,

Longview Funeral Home & Cemetery

The goods and services shown below are those we can provide to our customers. We are Proud to be members of the Green Burial Council. The **Garden of Renewal** is an area dedicated within Longview Cemetery that provides natural options. The land is maintained but not manicured, and only flat granite memorials are permitted.
