

*A finish for any & every application .....*

*Easy Shelving Assembly*

*Snap Plastic Sleeve around Post*

*Slide Shelf over sleeve for secure locking*

*Mobilize your wire shelving unit with Casters....*

Chrome - is a plating process which deposits hard chrome over a copper, nickel surface. This process is very durable and allows product to be used in any application in a dry storage environment. 1 year limited warranty to not rust or corrode when used in dry and non-humid environments.

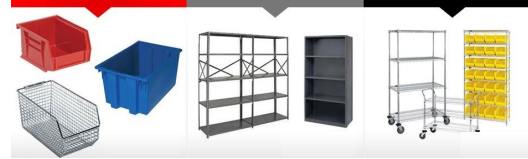

Stainless Steel - 304 Stainless with an electropolish finish represents the highest industry standard in the prevention of corrosion. This finish is highly effective for corrosive, high humidity or clean room environments. Lifetime warranty for 304 stainless steel electropolish finish.

Proform Green, Gray and Black Epoxy – are an ideal solution for high humidity, wet, or walk-in-cooler applications. The carbon steel is treated with an iron phosphate and the powder coated epoxy is electrostatically applied, baked and cured to a hard surface. All three colors are antimicrobial. 15 year limited warranty for antimicrobial finish to not rust or corrode.

### HIGH DENSITY SLIDING FLOOR TRACK SYSTEM

#### Performance features and benefits:

- Unlimited # of shelving units in a row
- Uses industrial bearings / Easy to roll
- Complies with ADA regulations
- 1,500 lb. load capacity per unit
- NSF approved

**IN STOCK**  
Ready to Ship.

NON-TRIPPING HAZARD 7/16" MAX HEIGHT

V-GROOVE TRACK

Aluminum design with 304 stainless steel inserts with a gradual taper

*Systems Slide Back and Forth with Ease*

### HIGH DENSITY SLIDING OVERHEAD TRACK SYSTEM

#### Performance features and benefits:

- Uses industrial bearings
- Easy to roll construction Track roller
- 1,200 lb. load capacity per unit
- NSF approved

TRACK ROLLER

*Systems Slide Back and Forth with Ease*

**IN STOCK**  
Ready to Ship.

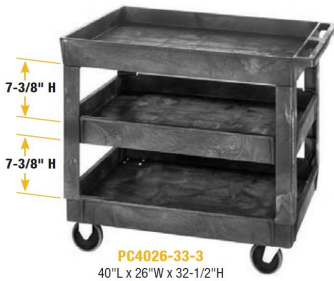

### MORE FROM QUANTUM

*The most efficient, permanent, and economical solution to solve your exact storage needs!*

## POLYMER UTILITY CARTS & TOOL RACK

**CARTS OFFER**  
**550 lb.**  
**LOAD CAPACITY**

Industrial strength cart is ideal for many industrial and commercial material handling applications. Set of 2 swivel and 2 rigid 5" x 1-1/4" heavy-duty casters allow for 550 lb. load capacity. Available in two sizes with a 2 or 3 shelf combination.

## MAGNUM BIN TRANSPORT TRUCKS

**CART OFFERS**  
**1,200 lb.**  
**LOAD CAPACITY**

All welded construction with 1-1/2" x 3/16" thick angle frame construction. Twin 1-1/4" tubular handles with smooth radius bend. Bolt on polyurethane casters, 2 swivel and 2 rigid, for easy push and pull and superior tracking.

## COLLAPSIBLE BULK BOX

Your one-stop transportation container. Manufactured from high-density materials, this bulk box protects all goods packed within during transit or in storage. When not in use, the container can be collapsed to a fraction of its size providing more space and compact transportation.

### PERFORMANCE FEATURES:

- Plastic, ergonomic latches for opening and collapsing
- Superior strength with low tare weight
- High return ratio: return 3 collapsed boxes for each bulk box distributed
- 1,800 lb. load capacity for standard usage
- Large, flat labeling area on all four sides

### MORE FROM QUANTUM

*The most efficient, permanent, and economical solution to solve your exact storage needs!*

## HIGH DENSITY SLIDING OVERHEAD TRACK SYSTEM

### PERFORMANCE FEATURES AND BENEFITS

- NSF approved
- Fast installation
- Uses industrial bearings
- Utilizes the structure of existing shelving
- Corrosion free construction
- 1,200 lb. load capacity per unit
- Easy to roll construction
- Can increase storage areas up to 150%

## HIGH DENSITY SLIDING FLOOR TRACK SYSTEM

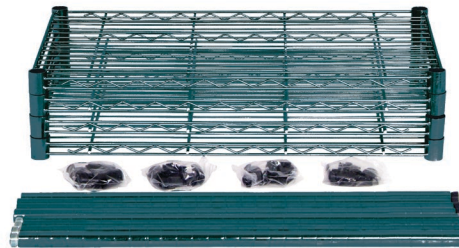

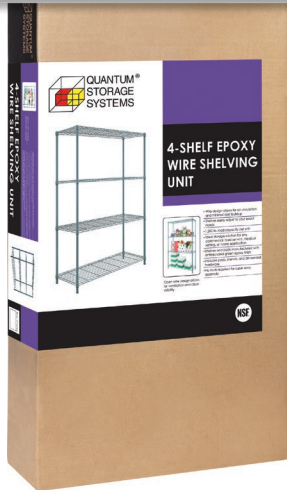

### PERFORMANCE FEATURES AND BENEFITS

- Low shipping cost
- NSF approved
- Fast installation
- Uses industrial bearings
- Utilizes the structure of existing shelving
- Corrosion free construction
- Complies with ADA regulations
- 1,200 lb. load capacity per unit
- Easy to roll construction
- Can increase storage areas up to 150%

*The most efficient, permanent, and economical solution to solve your exact storage needs!*

**1 Box Shelving Unit**

**NEW PRODUCT**

**4 shelf configuration. Super competitive cost. All packed in 1 box for super easy inventory control, shipping, and receiving.**

**Expanded 1 Box Wire Shelving Offering now also available in Green Epoxy**

**Clear Shelf Cover**

**NEW PRODUCT**

**Transform wire shelving units to solid shelf units with our new clear shelf cover.**

**Sturdy**

**Easy to Install**

**Clear**

# Material Handling & Storage

## Application Assessment to Logistics

Our seasoned team evaluate the workplace environment to make application—specific product recommendations with many products meeting or exceeding ANSI or CE standards. We manage the logistics for all domestic and foreign deliveries to ensure your peace of mind.

*Vertical Lift Drum Pourer*

## Saving Space and Expense

Instead of building an addition onto your existing building or warehouse, choose high density storage and optimize your investment.

## Custom CAD Drawing

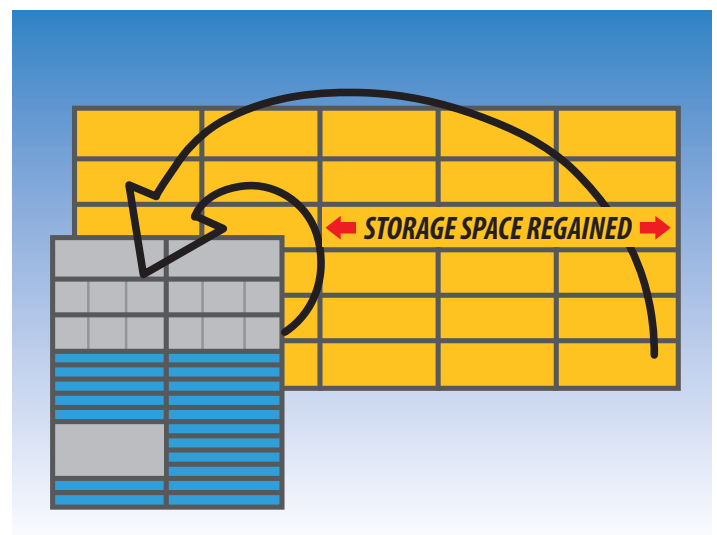

You receive customized CAD drawings to identify flow, plan and elevations that meet your unique specifications. We can perform site surveys of parts rooms, tool cribs, stockrooms and warehouse facilities. We look to provide the best possible workspace utilization solutions for our clients.

## Creating Lean Storage Space

A&M designs and installs safe, ergonomic storage systems to meet OSHA standards, improve loss prevention and increase operational efficiency. Our mission is to maximize your space, dramatically improve storeroom efficiency and provide a safe working environment.

A lean approach focuses on the elimination of wasted employee motion, excessive inventories, unnecessary transportation, material waste. Save space by converting 5 units into 2.
