

Willow Fork Members,

It's time for another update on projects around the club! Please see below for project details, and remember to stay connected through club emails, social media, and the Willow Fork App for the latest updates.

### **Clubhouse Locker Rooms & Restroom Wet Areas:**

- **Underway as of TODAY - Monday, March 16th!**
  - **Due to construction the SIDE ENTRANCE NEAR THE GOLF SHOP WILL BE CLOSED until the project is completed. Please enter the clubhouse from the back patio or front entrance.**
  - **Access to the DOWNSTAIRS Men's Locker Room showers/restroom AND access to the Women's Locker Room will be unavailable until demo and work is completed.**
  - **The two smaller downstairs restrooms near the stairs will remain available throughout construction as well as the upstairs Men's Locker Room and Men's/Women's restrooms.**
  - We anticipate this closure to last for 4 - 5 weeks and apologize for the inconvenience during this ongoing project. (We anticipate a shorter timeframe for the Women's Locker Room closure as only the shower area is being updated).
  - Once DOWNSTAIRS work is completed the crew will move to the UPSTAIRS Men's Locker Room and Men's/Women's Restrooms.
  - Rudel Construction, our partner who completed the upstairs balcony and Pool Oasis Snack Shop, will be handling this project.

### **Front Entrance Signage along Westheimer Pkwy**

- **Installation scheduled to take place on TUESDAY, MARCH 17TH**
- New signage will be installed at each entrance along Westheimer with a completely updated look (and the WF logo on BOTH sides). See below for initial renderings of this new signage.

### **Pickleball Courts**

- **Opening Day - Thursday, March 19th!**
- See club email from Saturday afternoon with all the Pickleball details and make your plans to stop by for one of our "Open House" times with Director of Athletics - Chris Bell. (flyer and details below)
- Work to be completed around the detention pond required by Fort Bend County with sod and additional drainage coming soon.

Stay tuned for more information on these and future projects. We will keep you updated on timeline and progress for the Locker Room/Restroom project over the next few weeks via club emails and WF App notifications. As always, thank you for your continued membership and support!

Best Regards,

Ann Lund  
General Manager  
Willow Fork Country Club
