Support, advice & guidance is delivered - all while experiencing the amazing culture the UK has to offer!

ACCOMMODATION

We have an extensive list of pre-vetted landlords that we use for our Player's accommodation. We will secure the rental agreement in the name of our company then we list our Player on the agreement as the tenant.

You will be housed
in only the most secure regions - ensuring
your safety is our top priority.

All accommodations provided will be situated within
close proximity of the clubs you will be going on trial
and inevitably signing with. This ensures it will be
nice and easy for you to get to the clubs for your
training sessions and matches.

Gym membership

We provide all of our Players with a Gym Membership at an Elite Health Club. Every Player will also receive a customised Training Plan which was designed by and specifically used for Professional Footballers. Completing extra Strength and Conditioning workouts along with regular aerobic fitness sessions is necessary to ensure Players are at their peak levels of fitness.

Our Success Rate

We are able to keep our Success Rate so incredibly high due to many factors. The first is that we Pre-Qualify all of our Players using their Football CV and any Highlight Videos. Those that are not at the right level at the moment will not qualify to use our services.

We only invite those Players that have a realistic chance of being able to sign with a Pro / Semi Pro UK Club.

We provide our Players with Multiple Trials with different Clubs. If a Player does not like a specific club or he does not fit the Managers style of play, there will be another club lined up ready to go.

We are able to secure our Players trials across many levels throughout the English Non-League all the way through to Professional Clubs. We can secure our Players trials in England, Wales, Scotland, Republic of Ireland and Northern Ireland

If it is your goal to sign within a Pro / Semi Pro team in the UK - apply today and our dedicated staff will assess whether you have the right experience to make it a reality!

Success stories

We have now helped over 400+ Players over the last 5+ years get trials directly with Professional and Semi Professional Clubs across the UK and abroad. Everyone involved with our Company has played either Professionally or Semi Professionally.

We understand it's great having a trial, however being Players, we want to receive something substantial off the back of a trial. We want to get offered to sign or be offered a contract. We put our Players into an environment not just where we can secure them a trial.

We put our Players into an environment where we believe they can sign with the club.
