03

Have your Interview

Arrange your Appointment and impress our Senior Football Recruitment Consultants in a 1-to-1 meeting via phone call.

Good Luck!

Career Progression

Building Your Football Future Step by Step

At EFT, we are fully committed to the long-term success of every player we work with. Our Career Progression pathway is designed to help you steadily climb the football ladder, giving you the best possible opportunities to showcase your talent and achieve your ambitions.

How Our Career Progression Works:

Once you are established and consistently performing at your current level, we actively begin working to secure you trial opportunities with clubs in the league directly above. This isn't a one-time push – it's a carefully planned, repeatable process. As you progress and make your mark at each new level, we continue to open doors to higher-level clubs, always aiming to get you competing at the highest level your talent deserves.

We take pride in offering a clear, step-by-step strategy that focuses on steady, sustainable growth, rather than short-term fixes. This method not only maximizes your exposure but also ensures you develop the right way – physically, technically and mentally – at each stage of your career.

Included as Standard in All Packages:

Unlike some agencies that offer career progression as a premium add-on, at EFT, career progression support is included as standard across all of our packages and memberships. Whether you are just starting out or already established, our commitment to your development remains the same. We believe that every player deserves the chance to grow, move forward, and succeed at the highest level possible.

Membership Options

Supporting You Every Step of the Way

At EFT, we understand that every player's journey is unique. That's why we offer flexible membership packages designed to suit different levels of ambition, commitment, and career goals. Whether you're looking for a focused opportunity or long-term career support, we have a pathway that works for you.

➤ STANDARD MEMBERSHIP

Our Standard Membership is perfect for players who want direct access to professional opportunities and the chance to take the next step in their career. With this package, players will receive three trial opportunities arranged directly with Professional and/or Semi-Professional Football Clubs. These trials are carefully selected based on your current playing level, ability, and readiness to ensure you have the best possible chance to impress. This membership is ideal for players who are looking to secure their next contract or break into a higher level of football in the short to medium term.

➤ LIFE TIME MEMBERSHIP

For players who are serious about long-term career development, our Lifetime Membership is the ultimate package. Unlike the Standard Membership, the Lifetime option offers ongoing support throughout your entire playing career. As part of this exclusive membership, you will receive up to three new trial opportunities every single season, refreshed and reset every pre-season.

This means that as you grow, develop, and evolve as a player, we will continue to secure fresh opportunities for you year after year. Whether you're just starting out or playing at a higher level, the Lifetime Membership is designed to support continuous career progression, giving you the flexibility to keep moving forward at every stage.

Membership Options

Which Membership Is Right for You?

Both our Standard and Lifetime Memberships provide direct access to trials and professional opportunities, with our career progression support included as standard across all packages. The key difference lies in how far you want to take your career with us. The Standard Membership offers three carefully selected trials — a great starting point for immediate opportunities.

The Lifetime Membership, on the other hand, offers long-term, season-by-season support, giving you multiple chances to progress every year, no matter where you are in your playing career. It's an investment in your future, offering consistency, flexibility and a clear pathway towards the highest possible level.

Whichever option you choose, you'll have the full backing of our experienced team, dedicated to helping you achieve your footballing goals.

Our Packages

Our Bespoke Package is available for leagues higher than Step 1, including Premier League, Championship, League One and League Two. This also includes placing players into Professional Academies - We provide our players trials with a minimum of 3 teams.
