## O U R H I S T O R Y

### *A Legacy You Can Feel*

Conestoga Country Club began in 1933 when 30 members of Overlook Public Golf Course formed a non-profit to create their own country club. These founding members, the “Rock Pickers”, didn’t just dream of a club -they built it with their own hands. With limited funds and an abundance of determination they purchased a 118-acre farm for their golf course. Members raised money through contributions and notes, sold crops and buildings, and personally cleared the land, while renowned golf architect William Gordon designed the course at a reduced fee. The 18-hole golf course opened in 1948, and winds through hills and meanders along the Little Conestoga Creek creating a challenging and scenic day on the course. Since our humble beginnings the club continued to improve its facilities, adding a new clubhouse, pool complex and expanded pro shop. In 2020 a course revitalized program began and a planned irrigation system upgrade will position the club and course for decades to come. The original members vision, resilience and perseverance laid the foundation for the Conestoga Country Club we cherish today.
