

Sister Jeanne Ubinger

Sister Jeanne (Gertrude) Ubinger's parents sowed the seed to begin her spiritual life. Her aunt, Sister Rebecca Fromme, RSM, sparked her desire as a small child to become a religious sister and her blood sister, Sister Therese Clare Ubinger's entrance lit the spark. Sister Jeanne entered Community from St Joseph Parish in Manchester. She made first vows in 1953 and states that she had no idea where God would lead her, but is so happy she followed the Leader!

From 1978-1988, Sister Jeanne has happy memories of her time ministering at St. Anthony School in Oakmont, PA. She loved her special-needs students who had such diverse personalities and behaviors. She considered them gifts from God.

From 1990-2002, Sister Jeanne ministered as the secretary of the Benedictine Sisters of Pittsburgh. During this time, she attended to the needs of the Community and served as Oblate Director.

She considers her jubilee as a celebration of a life of love! Some of the experiences of this love she found over the years in the support of the Sisters through good times and bad. And in these many ways, God has shown her that religious life is truly a life of love.

Being a very prayerful, happy, and compassionate person contributes to her present retirement by the many consoling phone calls she makes and visits to funeral homes to minister to others.
