

### **Golf East Recurring Limb and Stick Collection Program**

In the interest of maintaining the appearance of the community, reducing the hazards of brush fires, and eliminating the requirements for major semiannual cleanups, Golf East will continue with a quarterly limb and stick collection program. Limbs, sticks, and branches will be removed from the curbside of residential lots 4 times per year. The schedule is listed below.

The following guidelines apply:

- Yard debris should be brought to the street no sooner than 1 week before the collection date. Until then, find a place to store limbs and branches out of sight of the street in order to maintain the appearance of the community. Homeowners will be individually contacted to correct deficiencies.
- Limbs placed out for collection should be no longer than 6 feet. Full trees and longer branches will not be picked up due to transportation limits.
- Residents are encouraged to take advantage of this community service which will be paid for by the Golf East POA.
