The Recycling Loop

Packaging and paper materials, Once recycled, can be turned into new products!

6. Return to the shelf

1. Purchase

2. Use and then recycle

3. Collect

4. Sort

5. Bale

Starting January 1, 2026, Circular Materials will launch Ontario's unified recycling list, expanding accepted items province-wide—including coffee cups—to simplify recycling, boost recovery rates, and support a circular economy, all part of the Full Producer Responsibility Program.

IMPORTANT CHANGES

Now Available for Recycling:
Toothpaste Tubes, Deodorant, Foam Packaging, Meat Trays, Takeout Containers, Aluminum Foil, Aluminum Trays, and Aerosol Cans.

See list of Flexible Plastics- now goes with your fibre recycling

Alcohol Containers of any sort do NOT go in your recycling. These containers must be brought to your local return.

We know change can be hard — especially when it comes to sorting recycling in new ways. But don't worry, you've got this! The list beside shows what's new and what stays the same. If you still have questions, visit circularmaterials.ca/ON for more information and helpful tips.

GARBAGE

2026

REMINDERS

- Collection Day: Thursday each week
- Recycling: Rotates bi-weekly (see attached schedule)
- Place garbage at the curb before 8:00 a.m.
- All bags must have a tag — untagged bags will not be collected.
- Bags must be clear and no larger than 30" x 36".
- Maximum weight is 50 lbs per bag.
- Garbage placed in bins must still be bagged and meet the same weight limit.
- Bags containing noticeable amounts of recycling will not be picked up.
- Any uncollected bags will be tagged by the Emterra driver explaining why.
- For collection issues or disputes, contact Emterra's call service at 1-888-597-1541.

GARBAGE TAGS

- Residential: 50 tags
- Commercial: 90 tags
- Small Retail/Office: 50 tags

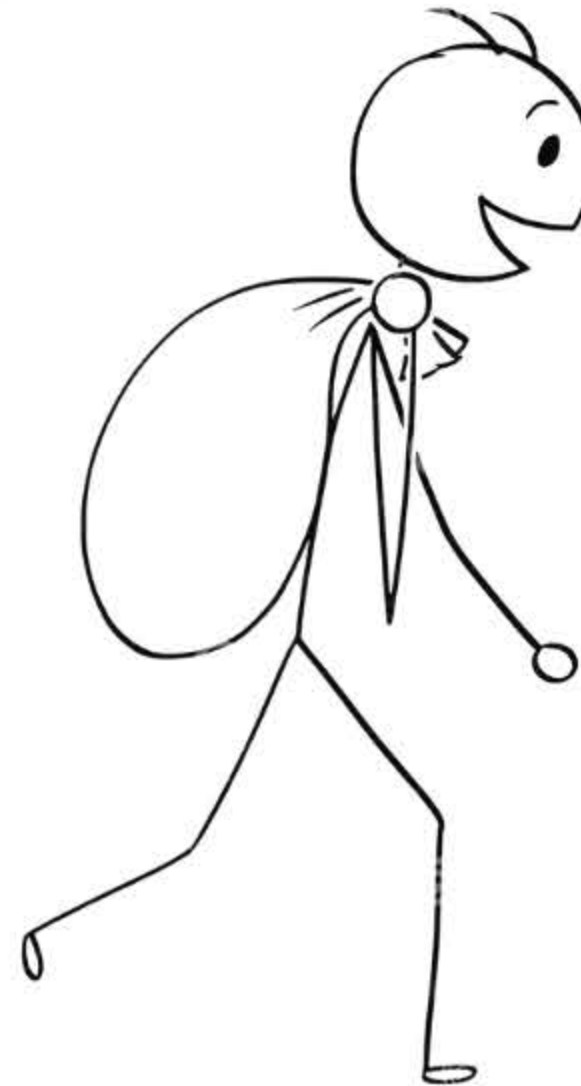

Please note:

- Tags cannot be used at the landfill.
- If you run out of tags during the year, additional tags are available at the Village Office for \$3.00 each.
- Recycling bags do not require tags.

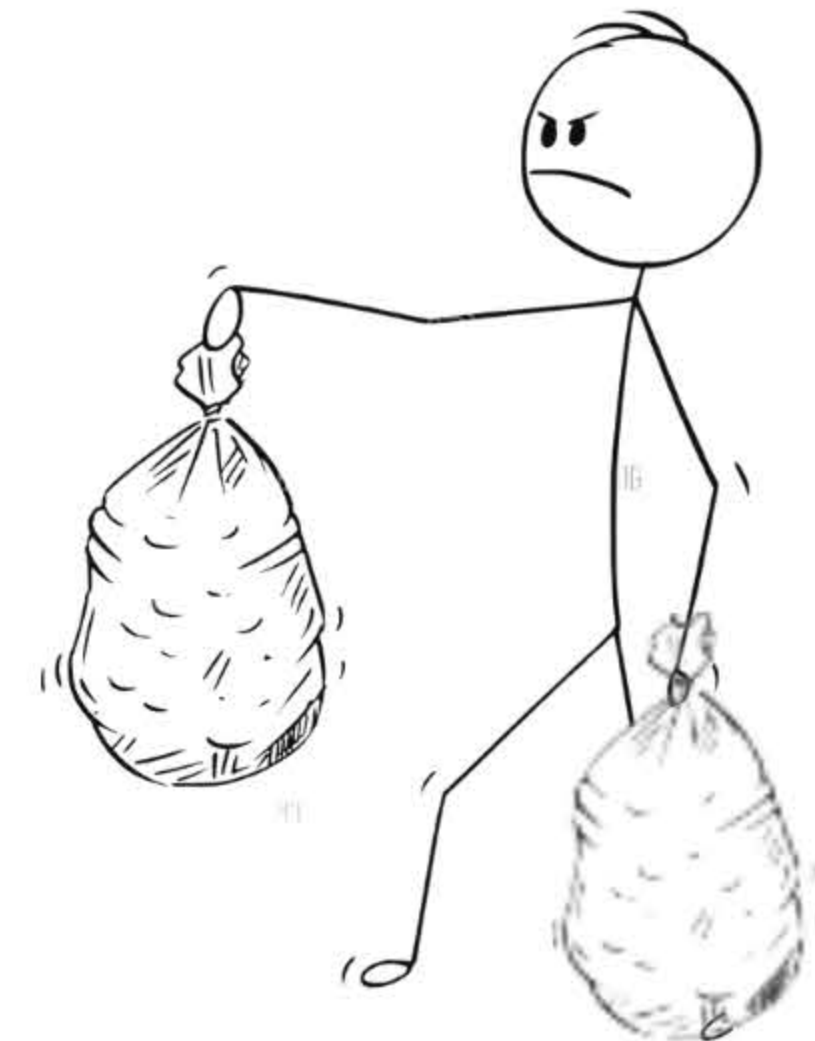

DID YOU KNOW?

When household garbage from a residence is taken directly to the landfill, the Village is charged an additional fee. This fee represents a percentage of the landfill's overall operating costs, based on how much ratepayers use the site.

That means when a bag is disposed of at the landfill, the household is essentially paying twice — once with the \$3.00 disposal fee and again through property taxes, which cover the Village's share of landfill costs.

This is Hank. Hank has one bag of garbage. His garbage is in a clear bag. Hank made sure there was no recycling included in his garbage. Hank will only need to use one bag tag. Be like Hank!

Hank's friend Carl did not recycle as much as he could have. Carl had to use multiple garbage tags this week. Carl is not happy. Don't be like Carl.
