**REPORT OF THE CLERK**

**1. TONTEG PLAY AREA**

- 1.1** This report outlines the need to consider the replacement of the fence surrounding the play area at Tonteg. The fence is a key element in maintaining safety for children, protecting equipment and ensuring the site is compliant with health and safety requirements.
- 1.2** The existing fence shows visible signs of deterioration including broken or rust damaged sections, gaps that may allow unsafe entry or exists. These have been repaired on a temporary basis. (Photographs of the area are attached at Appendix 1 of the report).
- 1.3** Replacing certain section of the fence will enable the Council's play area to be a secure environment for all. The play area boundary is a public asset, and its upkeep reflects on the wider community.
- 1.4** It is suggested that Members agree to obtain quotations from at least three reputable contractors for the full replacement of the existing worn fence panels with durable low maintenance options to be considered.
- 1.5** As the play area is currently leased by the Community Council from Rhondda Cynon Taf until 2034 then officer suggest that the Community Council liaise with the unitary authority to see if they could assist going forward.

**2. Recommendations**

- 2.1** To obtain and review quotes
- 2.2** Request the Local Authority meet Chair of Leisure to discuss a way forward

- 2.3 Report costs based on quotation to the next meeting of the Leisure and Amenities Committee and then to Finance and Policy Committee to ensure there is budget availability
