SUSTAINABILITY INITIATIVES

FARMSOURCE With assistance from organizations like the Pennsylvania Association for Sustainable Agriculture and the Chatham Food Studies Program, we are able to enhance the freshness and quality of our product offerings without compromising our commitment to food safety—while supporting and strengthening the local agricultural community.

STEPS TO SUSTAINABILITY

We're committed to becoming more sustainable every day. Here are just some of the things Parkhurst Dining is doing at Chatham University:

Compostable containers are used in our *On the Go!* program and for disposable catering.

We have a reusable to-go container program in Anderson Dining Hall.

Spent fryer oil is converted to biodiesel fuel (Parkhurst only uses trans fat-free canola oil, a healthier alternative).

We compost all of our pre- and post-consumer food waste in Anderson Dining Hall.

We offer fairly traded coffees at Café Rachel and EBC Dining Commons.
