Transamerica Retirement App

This app is **designed** to help you manage your retirement plan account when, where and how you want it.

Most of your retirement income will come from you. In 2021, the average retiree received \$1,595 per month from Social Security¹. That means the majority of your retirement income will likely come from either your own investments in The Catalyst 401(k) PEP and similar plans, or from part-time employment after retirement. If your goal is to live comfortably and work less in retirement, consider your role in investing for your future today.

¹"Fact Sheet: Social Security," Social Security Administration, 2021

20 years

Based on today's average life expectancy, you may need retirement income for two or more decades.

HOW MUCH IS ENOUGH?

Everyone's situation is different. You'll need to replace a significant portion of your final working salary to maintain your lifestyle in retirement. Once you're enrolled and create an online account, you can log in to access tools and calculators to help estimate what kind of retirement income you may need. Think about contributing at least enough to take advantage of your employer's full matching contribution. Matching contributions may be subject to plan vesting requirements.

Tip:

Have you thought about how your overall financial strategy will address healthcare costs in retirement?

The early bird gets the worm

Retirement income can vary depending on whether a person starts contributing to a retirement plan at age 25 or age 35.

Example assumes starting salaries of \$30,000 (Maria) and \$40,000 (Alex), respectively, 3% annual pretax salary deferral with 2% annual pay increases, a 6% return on investment, and a 25% federal income tax bracket. Illustration is hypothetical and not meant to reflect the return of any specific investment.

SMALL STEPS CAN ADD UP OVER TIME

Contributing a little more to your retirement account each year can help you keep pace with inflation.

Even a bump of 1% or 2% on your birthday or after a pay increase can really add up over time.

You can increase contributions automatically using our auto-increase services.

Please keep in mind your ability to continue the auto-increase service even in the event of a prolonged market decline, unexpected expenses, or an unforeseeable emergency.

STAYING THE COURSE

When investing for retirement, you're likely to hear the term "market volatility." This simply refers to the inevitable up-and-down movement of investments. Sometimes the ride is smooth. At other times, it can be a little bumpy. Before you react to market volatility, consider these investment basics to help manage the turbulence.

LONG-TERM PERSPECTIVE

Avoid jumping in and out of the market. Purchasing funds after they have risen significantly may mean "buying high." Transferring out of lower-performing funds may mean "locking in your losses," making it more likely you will miss any upswing that may follow a downturn.

STAY THE COURSE

Investors come to understand markets are sure to fluctuate from

day-to-day and year-to-year. While these short-term fluctuations can be unsettling, the U.S. stock market has proven to be resilient over time.

Thanks to compounding — the earnings on your earnings — even small, regular increases can make a big difference over time.

PLAYING CATCH UP CAN BE A GOOD THING

If you'll be at least 50 years old this year, you may be able to make extra "catch-up" contributions above the regular IRS voluntary deferral limit, \$8,000 in 2026.

If you are age 60 to 63 during the calendar year (not age 64 before the end of the calendar year), the catch-up contribution amount you may elect to defer is further increased as allowable by law and to the extent permitted by your plan. Please contact your Plan Administrator or Transamerica if you have any questions.

READY, SET, ENROLL!

You can join your retirement plan today! Here's how:

- Go to your plan website, **transamerica.com/portal**, and click the red Log In button. Follow the instructions to create a new account. The online enrollment form in the back of this book can help!

AN IMPORTANT STEP: BENEFICIARIES

Look for **Beneficiaries** in the account overview section of your plan website.

To Do:

Choose your beneficiaries.
Update as needed.

YOUR ACCOUNT

If you haven't already, go to **transamerica.com/portal** and click Log In to register a new account. Follow the instructions to choose contributions, investments, and more.

The *OnTrack*® tool, which produces *Your Retirement Outlook*, can help you personalize your retirement income goal and decide how much to invest.

Complete your retirement profile in the *OnTrack* tool for a comprehensive view of *Your Retirement Outlook*. To get started, log in to your account and click **Update** on your **Account Overview** page or **OnTrack** in the **Resource Center** menu.

Important: The projections or other information generated by the engine (which produces *Your Retirement Outlook*®) regarding the likelihood of various investment outcomes are hypothetical, do not reflect actual investment results, and are not guarantees of future

results. Results derived from the tool may vary with each use and over time. Please visit your plan website for more information regarding the criteria and methodology used, the engine's limitations and key assumptions, and other important information.

ELECTRONIC DELIVERY OF DOCUMENTS

Sign up for e-documents and you'll receive an email when plan-related documents and notices are ready for online viewing. Log into transamerica.com/portal, click **VIEW DETAILS**, hover over **Documents and Forms** in the top navigation bar, and click **E-documents**. In addition to e-delivery, you have the right to request and obtain paper versions of your plan-related document(s) free of charge by calling **800-401-8726** or with an online request by logging into transamerica.com/portal, click **CONTACT US** and completing the applicable fields.

You have the option to receive e-documents. These automatic email alerts can help you save time, reduce clutter, and go green. You'll receive an email when your account-related materials are available online. Sign up by logging in to your account at **transamerica.com/portal**.

Consider consolidation

If you have money in a former employer's retirement plan, there are several options available that may simplify your financial life. These include cashing out, keeping the money where it is, or rolling the funds into an IRA or your employer plan with Transamerica. For more information about your options, call **800-275-8714** or email **consolidate@transamerica.com**.

When considering your options, be sure to review the fees and expenses associated with each option. Also, be sure to consider whether there are certain services, features, or benefits available through certain accounts that may be important to you.

DISCOVER WHAT RETIREMENT MEANS TO YOU

Whether you're just starting out, need a few reminders on how to stay on course, or could use some advanced tips on how to make your retirement investments work for you, this is a great place to start.

YOUR CONTRIBUTIONS

Eligibility

You must complete 60 days of service.

Entry Date(s)

Your entry date is the first day of any month.

Contribution Limits

Your traditional contributions are deducted from your paycheck before taxes each pay period.

Your plan allows you to invest up to the maximum allowed by the Internal Revenue Code limits.

You may invest for retirement with traditional before tax dollars, after-tax Roth dollars, or a combination, up to the overall limits noted in the following section. In general, choosing which one depends on whether you think your income will be subject to a higher or lower effective tax rate when you withdraw your money in retirement.

Non-Roth after-tax contributions do not count toward the IRS limit. However, they are counted when determining the limit of total plan contributions made by you and your employer.

IRS Contribution Limits

The IRS limits how much you can contribute each year; the current total combined before- and after-tax IRS annual limit is \$24,500 in 2026.

Updating Your Contribution Rate

You may increase or decrease your contribution to the plan on any business day. Changes will take effect as soon as administratively feasible.

You may also stop making contributions at any time.

Rollovers

You may roll over your plan account balance from a prior qualified retirement plan at any time.

Review the fees and expenses you pay, including any charges associated with transferring your account, to see if consolidating your accounts could help reduce your costs. Be sure to consider whether such a transfer changes any features or benefits that

may be important to you.

Vesting

Vesting refers to your "ownership" of your plan account — the portion to which you are entitled even if you leave the plan. You are always 100% vested in your own contributions, including any rollover or transfer contributions you have made, plus any earnings on them.

LEARN ABOUT YOUR PLAN'S ROTH ACCOUNT OPTION

The Roth option allows you to contribute after-tax dollars to your plan in a separate account that in most cases will not be subject to future federal income taxes on qualified distributions, regardless of your income level (provided that you hold the account for at least 5 years and do not withdraw assets until at least age 59½). So let's compare some basic features of the traditional account and the Roth:

FEATURE	TRADITIONAL	ROTH
Contributions IN	Before-tax	After-tax
Distributions PAID	Taxed as ordinary income (plus 10% early withdrawal penalty if younger than 59 1/2)	Free from federal tax if distributions occur five taxable years after first Roth Contribution AND after participant either: - Attains age 59½ - Dies - Becomes disabled
Required Minimum Distributions (RMDs) at age 73 (Some plans provide for RMDs to begin at the later of age 73 or separation from service, provided participant is not a 5% owner.)	Required	Required, but prior to RMD may be rolled over to a Roth IRA, which has no RMD requirement.
Contribution Limit	Total limit in 2026 is \$24,500 (\$32,500 if age 50 or older in 2026)	
Income Restriction	None	
When rolling over or transferring from an employer plan, be sure to consider whether the asset transfer changes any of the features and benefits that may be important to you including: the range of investment options available; investment-related fees or plan expenses that may be incurred; service levels available; availability and circumstances of penalty-free withdrawals; timing of required minimum distributions; federal protection of assets from creditors and judgments; and tax consequences of rolling employer stock into a new plan.		

COMPANY CONTRIBUTIONS

SAFE HARBOR CONTRIBUTIONS

The company will match 100% of your contributions, dollar for dollar, up to 3% of eligible pay, plus 50% of each additional dollar greater than 3% and no more than 5% of eligible pay.

Eligibility

You must complete 60 days of service.

Entry Date(s)

Your entry date is the first day of any month.

Log in at
transamerica.com/portal
or call 800-401-8726.

Vesting

You are immediately 100% vested in the company's non-discretionary contributions to the plan.

PREDECESSOR EMPLOYER

Your years of service with a predecessor of the company will not count toward your eligibility.

INVESTMENT CHOICES

You decide how your account will be invested among the available choices.

The way contributions are invested in your account is referred to as your "investment allocation." You may change your allocation any business day of the Plan Year.

If you elect to join the plan and fail to make an investment election, or your elections do not equal 100%, your contribution will be invested in the Target Date Series that most closely matches a projected retirement age at 65.

Target Date: These options generally invest in a mix of stocks, bonds, cash equivalents, and potentially other asset classes, either directly or via underlying investments, and may be subject to all of the risks of these asset classes. The investment choices' allocations become more conservative over time: The percentage of assets allocated to stocks will decrease while the percentage allocated to bonds will increase as the target date approaches. The higher the allocation is to stocks, the greater the risk. The principal value of the investment option is never guaranteed, including at and after the target date.

Some of the investment choices offered by the plan contain trading restrictions. Prior to finalizing your investment choices under the plan, please refer to your "Investment Choices" for more information on these restrictions.

To obtain a complete set of Investment Fact Sheets containing detailed, up-to-date information on each of the investment choices, contact your plan administrator or log on to **transamerica.com/portal**. In the Fund and Fee Information section, select "Small organization" and click Learn More to enter your contract ID and SUB ID.

To access your Fund Performance Overview and Investment Fact Sheets, follow the simple steps outlined below:

Step 1: Go to **transamerica.com/portal**.

Step 2: In the Fund and Fee Information section, select "Small organization" and click Learn More to enter your contract ID.

Step 3: Enter your Contract ID and SUB ID and click "Submit".

LOANS + DISTRIBUTIONS

Your plan offers a loan feature, so you may borrow from your account based on certain provisions. However, as a general rule, loans should be taken from retirement investments only as a last resort. Please check with your plan administrator and refer to your Summary Plan Description for details.

Consider when you take money out of your retirement plan account, it's no longer earning money for you on a tax-deferred basis, and you may lose potential growth to help fund your retirement. If you decide to suspend

contributions to your retirement plan account while making your loan repayments, you further reduce your retirement savings.

While you are actively employed you may be able to take withdrawals from the vested portion of your account, under some circumstances and subject to the plan's rules. For more information, log on to your plan's website or call your plan's toll-free number. Withdrawals of before-tax contributions, and of earnings on any contributions, will be subject to income tax, and withdrawals made before age 59½ may be subject to an additional 10% penalty. Please check with your plan administrator and/or refer to your Summary Plan Description for details.

IN SERVICE WITHDRAWALS

EARLY WITHDRAWALS

You may make a withdrawal upon reaching certain requirements. See your Summary Plan Description for details.

HARDSHIP

If you meet the definition of hardship, you may be eligible to make a withdrawal from the plan. For more information about the strict rules governing hardship withdrawals, refer to your Summary Plan Description.

Plan loans and in-service withdrawals are subject to plan restrictions. You may have to provide documentation in order to qualify for certain plan loans and in-service withdrawals.

ARE YOU READY?

IT'S TIME TO CREATE YOUR INVESTMENT STRATEGY!

**Want to learn more about healthy, wealthy habits you can start today?
Visit transamerica.com/portal.**

You are the only one who can plan for your financial future. You can take out a loan or get financing for a home, a car, or to pay for college — just about anything. Except retirement. The money you set aside today is how you'll be able to provide for yourself tomorrow. And you'd be surprised by how starting small — any percent of your paycheck — is still significantly better than nothing.

To make a different choice, read on!

STRENGTHEN YOUR INVESTMENT KNOWLEDGE

Here are some helpful concepts to consider as you examine your investment strategy.

Example is hypothetical and does not represent any particular investment or constitute an investment recommendation.

ASSET ALLOCATION AND DIVERSIFICATION

Spreading your risk among different types of investments is important to building a strategy to pursue your goals throughout retirement. This way, temporary downturns in one type of investment may not affect your whole portfolio. To do so, you should familiarize yourself with two key concepts:

- **Asset allocation**, an overall strategy for dividing your investments across the major asset classes (stocks/equities, bonds/fixed income, and cash equivalents); and
- **Diversification**, or dividing your investments within those classes (for example, among domestic and foreign stocks, shares of large and small companies, bonds of different qualities and terms, etc.).

Asset allocation and diversification do not assure or guarantee better performance, cannot eliminate the risk of investment losses, and do not protect against an overall declining market.

YOUR STRATEGY DEPENDS ON TWO FACTORS:

- Your time horizon (how long you have until you'll need the money); and
- Your risk tolerance (how well you tend to handle the market's ups and downs).

UNDERSTANDING ASSET CLASSES

The investment choices available through your retirement plan fall into a combination of three broad asset classes. Asset classes are categories of investments that exhibit similar characteristics and may behave similarly in the marketplace.

Equities

Stocks are also known as equities. They allow you to buy shares of an individual company. In essence, you become an owner of that company, albeit a very small owner. These are generally the riskiest of the three asset classes, since their value tends to fluctuate more from day to day — but they also have the potential for the highest returns.

Fixed-income investments

Next, we have bonds, or fixed-income investments. With bonds, you essentially loan money to companies or governments. In exchange for your investment, the entity pays you interest for a pre-determined number of years. At the end of the term, the bond will mature and (provided the entity

can cover its debts), you'll receive your initial money back, plus interest. While bonds are generally considered more conservative than stocks, they can be impacted by inflation and interest rate changes, as well as the issuing entity's creditworthiness.

Cash equivalents

The third kind of security is cash or cash equivalents.

All three types of securities can be included in mutual funds. Instead of worrying about which individual stocks to own, or what bonds to purchase, you can invest in multiple companies and bond types through mutual funds.

Fund managers create different funds for different tastes. One fund could focus on big, established companies, while another one focuses on low-risk bonds. Whatever the choice, the fund manager determines the investment strategy and decides what goes into the fund. You then purchase shares of the overall fund, giving you access to many different stocks, bonds, and/or cash equivalents.

TARGET DATE SERIES

How Target Date Funds Work

A glide path charts the course for your investment mix over time.*

*The glide path illustrated in this graph does not represent a specific asset allocation at any given time.

TARGET DATE FUNDS

Each fund targets its investment mix to a specific year. The fund manager chooses and rebalances its holdings based on your time horizon: The farther away from the target date, the higher the allocation to stock; as the target date approaches, the funds gradually shifts their focus toward more conservative bond investments on a schedule called a “**glide path**.” Each fund is designed as a total investment solution, meant to allocate 100% of your account.

These options generally invest in a mix of stocks, bonds, cash equivalents, and potentially other asset classes, either directly or via underlying investments, and may be subject to all of the risks of these asset classes. The allocations become more conservative over time: The percentage of assets allocated to stocks will decrease while the percentage allocated to bonds will increase as the target date approaches. The higher the allocation is to stocks, the greater the risk. The principal value of the investment option is never guaranteed, including at and after the target date.

You can also consider speaking to a financial professional about your specific situation.

Pick your own investments

Build your own portfolio with your choice of funds.

YOU CAN ALSO BUILD YOUR OWN PORTFOLIO

You can build your own portfolio by choosing among the “core” funds in your plan. Your plan offers a range of choices that enable you to diversify among various asset classes and investment styles. Prospectuses and fund information are available on your plan website.

Once you determine the investment mix that is right for you, your plan’s **auto-rebalance** service can help you maintain your mix automatically (sign up on your plan website). To create your portfolio, go to the Manage menu in your online account to update Future Allocations (where to invest new contributions) as well as Current Allocations (transfer/exchange existing balances).

All investments involve risk, including loss of principal, and there is no guarantee of profits. Investors should carefully consider their objectives, risk tolerance, and time horizon before investing. There is no assurance that any investment will meet its stated objective.

Your plan’s funds, performance overview and summaries are also located in the back of this book.

DISCLOSURES

The performance data given represents past performance and should not be considered indicative of future results. An investment in these funds, other than the Transamerica Stable Value investment choice(s), is subject to market risk. Principal value and investment return will fluctuate, so that an investor's shares, when redeemed, may be worth more or less than the original investment. Current performance may be lower or higher than the performance quoted herein. Fund portfolio statistics change over time. The fund is not FDIC insured, may lose value and is not guaranteed by a bank or other financial institution. For performance data current to most recent month-end go to transamerica.com/portal.

PERFORMANCE

Performance shown reflects average annual total investment choice returns (except last quarter and year-to-date) for the period indicated. Other than for the Stable Value investment choice(s) (which are not mutual funds), total return shown reflects performance adjusted to reflect all actual ongoing investment choice expenses and assumes reinvestment of dividends and capital gains, but is not adjusted for sales charges or the effects of taxation. The expense ratios quoted show the maximum total operating expenses (gross expense ratio) of the investment choice's corresponding mutual fund as well as the net expense ratio. The Total Net Expense Ratio is the Gross Expense Ratio less any interest expense and waivers. If applicable, interest expense results from a fund's use of certain investments such as reverse repurchase agreements. Such expense is required to be treated as a fund expense for accounting purposes and is not payable to the fund. Any interest expense amount will vary based on the fund's

DISCLOSURES (CONTINUED)

use of those investments as an investment strategy best suited to seek the objective of the fund. Waivers represent the elimination of all or part of a fund's expenses and fees by voluntary or contractual agreement of the advisor. Expense waivers are classified based on the type of fee being waived. The type of waiver, if any, waiver amount and expiration date are provided in the investment choices summary section or investment fact sheets. The performance shown takes into account expense waivers in effect, if any, without which, performance would have been lower. Please see the fee table in the fund's prospectus for more information. Performance does not take into account any plan fees, asset based charges, service charges or, if applicable, surrender or discontinuance charges. If adjusted for these charges, performance would be lower.

Load-Adjusted Total Return is total return adjusted for sales charges. The sales charge adjusted for may not necessarily be consistent with the prospectus.

Deposits made by plan participants are not subject to any front-end loads/sales fees of the mutual fund.

Performance shown since inception is from the performance inception date shown next to the fund on the Investment Choices Performance Overview.

Performance and investment related information shown herein is provided by Morningstar and/or its content providers. Transamerica Retirement Solutions (Transamerica) cannot and does not warrant that this information is accurate, complete, or timely.

ASSET CLASSES

The investment choices have been assigned to various asset classes by Transamerica Retirement Solutions. They may not be representative of that particular asset class in the future.

EXPLANATION OF INVESTMENT STYLES AND RISKS

Stable Value: *An investment that seeks to preserve principal, and provide consistent returns and liquidity. Stable value investment choices seek capital preservation, but they do carry potential risks. Stable value investment choices may be comprised of or may invest in annuity or investment contracts issued by life insurance companies, banks, and other financial institutions. Stable value investment choices are subject to the risk that the insurance company or other financial institution will fail to meet its commitments, and are also subject to general bond market risks, including interest rate risk and credit risk.*

Intermediate-Term Bonds: *Debt securities issued by governments, corporations, and others, typically with durations of 3.5 to 6 years. The value of bonds changes in response to changes in economic conditions, interest rates, and the creditworthiness of individual issuers. Bonds can lose value as interest rates rise, and an investor can lose principal.*

Large-Cap Value Stocks: *An investment category that mostly comprises stocks of large companies that are believed to be priced below what they are really worth. Stocks have historically offered the potential for greater long-term returns, but also entail greater short-term risks than other investments. Value stocks may be subject to special risks that have caused the stocks to be out of favor and undervalued in the opinion of the portfolio managers who invest in them.*

Large-Cap Blend Stocks: *An investment category that mostly comprises both value and growth stocks of large companies. Stocks have historically offered the potential for greater long-term returns, but also entail greater short-term risks than other investments. Blend strategies are subject to both growth and value risks.*

Large-Cap Growth Stocks: *An investment category that mostly comprises stocks of large companies whose earnings are expected to grow more quickly than the market average. Stocks have historically offered the potential for greater long-term returns, but also entail greater short-term risks than other investments. Most growth investments offer higher potential capital appreciation but usually at above-average risk. Growth stocks can perform differently than other types of stocks and the market as a whole and can be more volatile than other types of stocks.*

Mid-Cap Blend Stocks: *An investment category that mostly comprises a blend of value and growth stocks of mid-size companies. Stocks have historically offered the potential for greater long-term returns, but also entail greater short-term risks than other investment choices. Mid-cap shares may be more vulnerable to market downturns, and their prices could be more volatile, than those of larger companies. Blend strategies are subject to both growth and value risks.*

Small-Cap Blend Stocks: *An investment category that mostly comprises a blend of both value and growth stocks of small companies. Stocks of small companies involve additional risks, including a higher risk of failure, and are not as well established as large, blue-chip companies. Historically, small-company stocks have experienced greater price volatility than the overall market. Blend strategies are subject to both growth and value risks.*

Real Estate: *This investment category focuses primarily on stocks offered by public real estate companies, for example, real estate investment trusts (REITs). Real estate securities are subject to the risks of owning real estate, including changes in real*

DISCLOSURES (CONTINUED)

estate values and property taxes, interest rates, and cash flow of the underlying real estate assets. Investments that concentrate in particular real estate sectors, such as a region or industry, may be subject to greater volatility.

World/Foreign Stocks: This investment category focuses on stocks of companies primarily (world, a.k.a. global) or exclusively (foreign, a.k.a. international) outside the United States and involves special additional risks. The risks of world /foreign stocks include, but are not limited to, currency risk, political risk, and risk associated with varying accounting standards. Investing in emerging, or developing, markets may accentuate these risks.

Target Date Investment Choices: Target date options generally invest in a mix of stocks, bonds, cash equivalents, and potentially other asset classes, either directly or via underlying investments, and may be subject to all of the risks of these asset classes. The investment choices' allocations become more conservative over time: The percentage of assets allocated to stocks will decrease while the percentage allocated to bonds will increase as the target date approaches. The higher the allocation is to stocks, the greater the risk. The principal value of the investment option is never guaranteed, including at and after the target date.

Transamerica's Advice Services includes Managed Advice® and Advisor Managed AdviceSM. The Managed Advice® service is available within employer-sponsored plans or an IRA and is offered through Transamerica Retirement Advisors, LLC ("TRA"), an SEC registered investment advisor. In a retirement plan, the investment options used in Managed Advice® are selected by your plan sponsor/plan fiduciary. In an IRA, the investment options used in Managed Advice® have been selected by an independent, third-party registered investment advisor, who acts as a fiduciary for lineup selection. The Advisor Managed Advice Service is offered through your retirement plan's third-party registered investment advisor and TRA, and investment options are selected by your plan sponsor/plan fiduciary. TRA does not select or endorse any of the investment options available in a plan or in an IRA. Investment options may include Transamerica proprietary investment funds or stable value products offered by Transamerica affiliates.

Transamerica Retirement Solutions and TRA are affiliated companies. Morningstar Investment Management, LLC®, a wholly owned subsidiary of Morningstar Inc. is an SEC registered investment advisor that serves as an independent financial expert and provides the underlying investment advice and portfolio management methodology for Advice Services. Neither Morningstar nor your plan's third-party registered investment adviser (as applicable) is affiliated with any Transamerica companies.

Please see the Advice Services agreement as applicable for more information on the terms and conditions that apply as well as the information provided to you in Form ADV Part 2A. Investment return and principal value will fluctuate with market conditions, and you may lose money.

Securities offered through Transamerica Investors Securities Corporation (TISC), member FINRA, 440 Mamaroneck Avenue, Harrison, NY 10528.

Currently the annual fee for Managed Advice® is 0.45% of your account balance, which is deducted from your account monthly (approximately \$0.38 per month for every \$1,000 in your balance).

ASSET-BASED CHARGES

Depending upon the investments selected and the specific characteristic of your group, including, among other things, the size of the group, the level of existing and projected plan assets, and any optional features selected for the plan, some or all investment choices may be subject to certain asset based charges (or credits). We refer to the charge as a "variable asset charge/credit" (VAC) or a "plan service fee/credit" (PSF). The charge may be assessed: 1) across all investment choices based on required revenue; 2) across all investment choices for a limited period; or 3) on specific investment choices. For more information about fees, charges, and credits, please see your plan administrator.

TRADING RESTRICTIONS

The ability to exchange shares of the mutual fund may be restricted in the event that a sponsor or participant engages in trading patterns which are detrimental to the mutual fund.

Mutual funds with trading restrictions may be subject to certain transfer restrictions. Participant-directed transfers into this mutual fund may be limited. Additionally, plan-level restrictions may apply. Automatic scheduled transactions such as payroll contributions, loan repayment, etc. may not be subject to these restrictions. However, you may transfer funds out of this mutual fund at any time. These restrictions may be changed at any time to comply with any restrictions on trading imposed by the mutual fund.

Type B: Participants who exchange shares out of a fund family will not be permitted to exchange shares into the same fund for 60 calendar days. The policy will not prevent regular employer or participant contributions into a fund, nor will it prevent a participant

DISCLOSURES (CONTINUED)

from exchanging out of a fund at any time. Reallocation and rebalancing transactions completed systematically or directly by participants will not be exempt from the frequent-trading policy.

Type C: Transfers into the investment choice are restricted for a rolling 30-day period once a transfer out has been made.

ADDITIONAL NOTES

- The information contained in the investment choice performance overview and the attached investment profiles is date-sensitive and only valid for the current quarter. This information is generally updated quarterly. You should obtain updated information from your plan administrator to ensure you have the most current information.
- This material was prepared for general distribution. It is being provided for informational purposes only and should not be viewed as an investment recommendation. If you need advice regarding your particular investment needs, contact your financial professional.

Enroll in your plan online or over the phone to set up or make changes to your contribution rate, investment choices, and future contribution elections.

ENROLL ONLINE

Have your Social Security number and a personal email address ready. Providing a personal email address is important so we can keep in touch about your account.

1. Visit **transamerica.com/portal**.
2. Click the red log in button.
3. Click "Create an account".
4. Follow the secure steps to create your account.
5. Sign in to your account to see the "My Profile" menu on the top of the screen.
6. Click on **"My Profile"**, and then select **"Personal Information"**.
7. From this page, you can verify your personal information, address, and enter phone numbers for activity alerts.

Tip: Consider signing up for alerts to receive email, phone, or text notifications when changes are made to your account.

ENROLL OVER THE PHONE

Call us to enroll in your plan and register with *Transamerica Voice Pass*. This will allow you to set up a voice biometric password for your account so you won't have to remember codes or PINs with our interactive voice response system.

When you speak with one of our representatives, ask them about restricting online access (if you do not want to enroll online) and adding a security question or phrase for all phone access to your account.

1. Call **800-401-8726**.
2. Follow the prompts to set up a voice password. This voice biometrics password can save time and provide an additional layer of security — you'll be asked for it every time you call us.
3. We recommend you choose a self-selected security question for all over-the-phone account access.

Please Note: You can enroll today or any day in the future. Generally, the contribution you elect will go into effect on the plan's next entry date; however, you will need to check with your employer to find out the exact date your payroll deductions will start. Refer to your enrollment workbook or Summary Plan Description for your plan's specific entry dates.

By completing the enrollment process online, you are authorizing payroll deduction of plan contributions. Authorization of plan contributions constitutes a "cash or deferred arrangement" under section 401(k) of the Internal Revenue Code and such contributions are subject to the withdrawal restrictions of the plan.

Contributions made to the plan are subject to certain limitations imposed by Federal law and these contributions may be refunded to comply with these laws. By submitting this authorization online, you understand that neither Crete PA Holdco LLC, the plan trustee, their affiliates nor their investment choices are liable for any loss when acting upon your instructions believed to be genuine.

This worksheet is designed to help you enter your investment selections during the enrollment process. Please don't submit this worksheet.

OPTION A: TARGET DATE SERIES

The Target Date Series investment choices are designed for you to allocate 100% of your contribution to the one investment choice that most closely matches your projected retirement date. These investment options are diversified and structured to grow more conservative as the investment option's target date approaches.

Select only one, otherwise, proceed to Option B.

Five Simple Steps

1. Contact your plan administrator or refer to your Summary Plan Description to make sure you're eligible to roll over your plan account balance from a prior qualified retirement plan.
2. Contact your prior company and request a rollover distribution. If you have an Individual Retirement Account (IRA), contact the investment manager [custodian] for your IRA and request a withdrawal. Be sure to have the distribution check made payable to Transamerica, FBO "Reference Your Name" (e.g., Transamerica, FBO Jane Doe) and have it sent directly to you.
3. Complete the Rollover Form below.
4. Submit the Rollover Form along with the distribution check to your plan administrator.
5. Your plan administrator will sign, date, and submit the form and check to Transamerica for processing.

You must first enroll into the plan and designate a beneficiary

6. Transamerica cannot accept after-tax amounts if the cost basis is not provided. If you are unsure of your after-tax cost basis, contact your previous plan administrator to obtain/confirm this information. If this information is not received, it will be assumed that the deposit represents pretax amounts only.
7. If you are already enrolled in the plan, your incoming rollover will be invested according to your existing investment allocation for payroll contributions.
8. If you are not enrolled in the plan, or your elections do not equal 100%, your incoming rollover will be invested in the Target Date Series that most closely matches a projected retirement age at 65. *You can subsequently reallocate your investment at any time, subject to plan provisions.*

IMPORTANT UPDATE**INDIRECT ROLLOVER PERIOD EXTENDED FOR CERTAIN LOAN****OFFSETS EFFECTIVE FOR PLAN YEARS BEGINNING AFTER DECEMBER 31, 2017**

If you received a distribution that included the taxable portion of your outstanding loan balance, prior law allowed you to avoid tax on your loan balance by using outside funds to roll over your loan balance to an IRA or eligible employer plan within 60 days of the distribution.

Effective for taxable years after December 31, 2017, the 2017 tax reform legislation (H.R. 1) extended the current 60 day period to your federal tax filing deadline, including extensions, for the year in which your distribution is made. This extended rollover period is only available if your loan balance was taxable due to your severance from employment or termination of the plan, and only to the extent of the taxable amount of your loan default.

This Important Update notifies you of the extended rollover period. If you are taking advantage of the new law and your rollover consists of the taxable balance of your loan, further documentation may be requested. This request would be in addition to the documentation provided to evidence that your rollover is from an eligible employer plan. Please contact your advisor or the institution from which you received your distribution to obtain the requested information.
