

The Prairie Star

News from Bethel and Goshen Moravian

July – August 2026

Notes from the Parsonage

I hope your summer is progressing nicely. By the time you read this you will be somewhere into your 4th of July celebrations. Your done or you haven't started. Whatever the case may be I wish you the best and thank God for 250 years as a nation. In the scheme of things this isn't long compared to other nations and civilization but it is ours and our heritage. When we take the short look we might ourselves happy, content excited about things or the opposite, angry, bitter and not excited. If we take the long look we see a different picture we can see the expanse of time that has transpired for us and see the good times, the troubling times and everything in between. Journeys of nations, peoples, denominations and even churches are seen and we can celebrate God's watch care over us. The Psalmist in Psalm 33:12-15 says it like this, Blessed is the nation whose God is the Lord, the people He chose for His inheritance. From heaven the Lord looks down and sees all mankind; from his dwelling place he watches all who live on earth. He who forms the hearts of all, who considers everything they do."

Serving Him and Serving you,

Pastor Joel
