Happy Spring

How many false alarms did we have before it felt like Spring? It has been a busy few weeks and I am sorry the newsletter is arriving late. Yet as Spring is upon us, we see the farmers in the field. Some of you are in the process of planting or are already finished. Lake homes are getting opened or have already been opened for the summer and our summer months are ready to be enjoyed. The buds are on my apple trees. The world around here is greening up, leaves are beginning to come out on some of the trees, and we welcome this time of year. New life, new beginnings, a time of optimism. Schools are finishing, some of our kids are graduating from High School and transitioning to their next phase of life. I had the opportunity to speak to the graduating class at Kindred. I asked for the opportunity because I was celebrating the 50th anniversary of my high school graduation. I talked about the 3Rs – Reading, Riting and Rithmatic that they had learned in school and I wanted to teach them 3 more. I asked them to be Responsible, Resilient and Reverent. Something that all of us; even people who have been out of high school longer than I. They have and will continue to take us through life. To give us a verse and the one I used for the students, Proverbs 3:5-6. ***“Trust in the Lord with all your heart and lean not on your own understanding. In all your ways acknowledge Him and He will direct your paths”.***

Serving Him and Serving you,
