

AI as Accelerant

a one-day workshop intensive + cohort

One day to build your first AI agent. **Twelve months** of cohort support to build & train your agentic team. MIT-informed curriculum.

Walk in with organizational bottlenecks.

Walk out with

1. your AI agent chief-of-staff
2. the right organizational model & deployment strategy
3. a year-long cohort of colleagues navigating AI together

Don't wait for your competitor to attract both your work & your talent. AI pioneers are running more efficient businesses with better products & services, delivering faster with unprecedented accuracy & creativity.
